Russia and the West in Iran George Lenczowski, 1949 *Russia and the West in Iran, 1918-1948* George Lenczowski, 1949 Russia and the West in Iran, 1918-1948. A Study in Big-power Rivalry. [With Plates, Including Portraits, and Maps.] (Supplement. - Chapter Twelve: The Anglo-Iranian Crisis.) George Lenczowski, 1949 **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **The U.S.-Soviet Confrontation in Iran, 1945-1962** Kristen Blake, 2009-05-15 This book is a study of the origins development and end of the U S Soviet Cold War rivalry in Iran from 1945 to 1962 and its influence on the political and economic development of the country It traces the roots of this rivalry to the Anglo Soviet occupation of Iran in 1941 during the Second World War that subsequently led to U S involvement in Iran in 1942 as part of the Allied war effort While analyzing the superpower rivalry the book also focuses on the development of U S Iranian relations and U S policy toward Iran whose primary goal was to keep Iran free from communism The book traces the development of U S Iranian relations and U S policy toward Iran through the Truman Eisenhower and Kennedy administrations and examines whether there were any elements of continuity among the three administrations in keeping Iran free from communism The book also provides an in depth analysis of the response of the Shah and the Iranian government to foreign power rivalry in Iran *Turkey - Anglo-American Security Interests, 1945-1952* Ekavi Athanassopoulou, 2013-02-01 This book aims to enhance our understanding of how American presence came to become consolidated through NATO in the eastern Mediterranean in the early cold war period by examining how American and British security considerations toward the region evolved between 1947 and 1952 and the impact Turkey s pressure had on American and British security thinking The Political Economy of Iran Under the Qajars Hooshang Amirahmadi, 2012-06-28 The political economy of Iran underwent the fundamental transition from feudalism to modernity from the early 19th to the 20th century a period which was a vital watershed in Iran s historical development This book provides a critical analysis of Iran s economic social and political development and shows how the path to modernity far from smooth was hindered by both internal and international factors These included a powerful monarchy with little interest in administrative and economic reform a large aristocracy frequently holding vital provincial governorships and frustrating

effective central government and a failure to create a modern civil service military banking finance or communications the essential infrastructure for economic development Reformers were marginalised and business suffered And the all powerful ulema were a further brake on modernisation On the international front the rivalry of Britain and Russia compounded the problems both acting to control Iran and to further their own interests Hooshang Amirahmadi explores the roots of present day challenges to modernisation and progress and using a wealth of primary sources and original research has produced a work which is invaluable for students of modern Iranian history politics and Iran s political economy **The Political**

System of the Islamic Republic of Iran M. Mahmood,2006 The book is an authentic and authoritative introduction to the contemporary political establishment in Iran The book analyses incisively the political system of the Islamic Republic of Iran Students research scholars of political science will find the study informative and unique in treatment on politics and prove beneficial for study **Revolution in Iran** Parviz Daneshvar,2016-07-27

The Last Shah Ray Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries An original interpretation that puts Iranian actors where they belong at center stage Michael Doran Wall Street Journal An extraordinary account Deeply nuanced and eloquent Benjamin Weinthal Jerusalem Post Offering a new view of one of America's most important infamously strained and widely misunderstood relationships of the postwar era this book tells the history of America and Iran from the time the last shah Mohammad Reza Pahlavi was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power This revolution was not as many believe the popular overthrow of a powerful and ruthless puppet of the United States rather it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini significantly revising our understanding of America and Iran's complex and difficult history

American Alliance Policy in the Middle East, 1945-1992 John P. Miglietta, 2002-01-01 American Alliance Policy in the Middle East provides a stimulating new look at a U S Cold War foreign policy gripped by anticommunist paranoia Through case studies of America's relationships with Iran Israel and Saudi Arabia John P Miglietta reveals how an overriding fear of global communism led to the overcommitment of U S security resources to the region The perceived need to preserve Middle East stability rendered U S policy ineffectual and unresponsive to changing local conditions drastically altering the patron client paradigm to the detriment of American strategic interests This superb analysis of American foreign policymaking illustrates how Cold War anticommunist ideology prevented the evolution of traditional military alliances into broader based relationships and perpetuated authoritarian regimes that mired the Middle East in a cycle of poverty and despotism

Empire and Nationhood Mary Ann Heiss, 1997 In 1951 prime minister Mohammed Mossadegh seized British oil holdings in Iran The move set in motion four years of bitter political and strategic battles between a United Kingdom desperate for an economic rebound and an increasingly anti Western regime in Teheran The Eisenhower administration tried to broker a settlement but Mossadegh was

overthrown by an Anglo American operation and replaced by the Shah In this book Mary Ann Heiss provides a detailed account of this turning point in cold war history Drawing on a range of British and American documents she provides an incisive political economic and cultural analysis of the first British and American effort to contain communism and radical Third World nationalism the first American effort to bolster a crumbling British Empire and the first effort by the CIA to overthrow a popular nationalist regime This book is the full story not only of the shift from British to American dominance in the oil economies of the Middle East but also of the rise of nationalism in the context of the cold war

The Soviet Union and the Arabian Peninsula (RLE Iran D) Aryeh Yodfat, 2012-04-27 In the first years of the Soviet regime there was little if any Soviet interest in Arabia and the Persian Gulf Over the last fifty years relations between Russia and this part of the world have become more complex this book traces their intricate history in a full analysis of Soviet policy towards the Arabian Peninsula It opens with a review of events from the beginning of the Soviet regime until 1975 The author goes on to consider the period between 1975 and 1978 concentrating especially on Soviet relations with Saudi Arabia Kuwait and South Yemen The impact of the rise of the Ayatollah Khomeini s Islamic Republic in 1979 is examined in detail with the emphasis on the situation in Iran Iraq Saudi Arabia and both North and South Yemen Finally the author examines the effect on Soviet policy of the Iran Iraq war and the subsequent insecurity in the Gulf region This study is based on mainly primary sources of Soviet Arab Iranian and Western origins

Fire Beneath the Ashes Dr. Hooshang Guilak, 2011-01-07 The author painstakingly analyses the relation of the two countries He illustrates the great achievement of those Americans who came to Iran without any government affiliation They accomplished their goal with self sacrifices and devotion Many of them gave their lives for what they believed thus creating tremendous respect for the Americans Vis vis to the individuals he points out the failure of the United States government almost in every respect He exemplifies the shortcomings of most of the American representatives in Iran He demonstrates that the majority of them were totally unaware of the culture and the way of life in Iran making them severely handicapped He points out to the utmost reliance placed by the American administration to the British opinions and guidance which they followed blindly causing irreparable damage to the integrity of the United States not only in Iran but in the whole Middle East
