Longevity Solution:

The Longevity Solution James DiNicolantonio, 2019-02-26 Getting older doesn't have to mean experiencing more pain and illness becoming less mobile or developing disease. Renowned cardiovascular research scientist and doctor of pharmacy Dr James DiNicolantonio partners with leading physician and bestselling author Dr Jason Fung to deliver *The Longevity Solution* a groundbreaking new book that unlocks the secrets of healthy aging. Using evidence drawn from their years of medical research and clinical practice, Dr DiNicolantonio and Dr Fung lay out five simple, easy-to-follow steps you can take now for a longer, fuller, healthier life. *The Longevity Solution* explains how to incorporate time-honored wellness traditions while doing away with fads, unnecessary supplements, and unsubstantiated wellness practices. It investigates the dietary habits and other practices of the healthiest, longest-lived humans on the planet who live in regions known as Blue Zones as a model for what and how we should eat. It teaches the benefits of intermittent fasting and calorie restriction, which have been shown to slow the aging process while consuming proper ratios of protein and healthy fats. It also looks at how red wine, tea, and coffee play key roles in optimizing health and why salt is an ally, not an enemy, in the longevity equation. In this comprehensive guide, Dr DiNicolantonio and Dr Fung unveil cutting-edge science in an approachable format that is easy to understand and can be put into practice immediately. Simple dietary changes can help you break the cycle of carbohydrate dependence, kick your metabolism into high gear, and jumpstart your longevity genes. *The Longevity Solution* puts healthy aging back in your control.

Summary & Analysis of *The Longevity Solution* ZIP Reads, PLEASE NOTE: This is a summary and analysis of the book and not the original book. If you'd like to purchase the original book, please paste this link in your browser: <https://amzn.to/2IaFk6c>. Researchers and scientists DiNicolantonio and Fung take us deep into the world of longevity as they explain the little-known details of what aging is, why it happens, and how you can slow it down. What does this ZIP Reads Summary include? Synopsis of the original book, Key takeaways from each chapter, The five pillars of longevity, How intermittent fasting can slow aging, Detailed diet and nutrition advice, Editorial Review, Background on the authors, About the Original Book, What is aging and why do we have to grow old and die. In this insightful and eye-opening book, DiNicolantonio and Fung offer a descriptive explanation of how aging works at a physical and physiological level. It all comes down to whether your diet promotes your growth or longevity. If you eat for one, you automatically forfeit the other. There is a fine balance to everything, and so it's imperative that you understand what and how much to eat. If you have ever wanted to learn how to slow down the aging process and increase your healthy life span, this is the book for you. **DISCLAIMER:** This book is intended as a companion to, not a replacement for, *The Longevity Solution*. in Hong Kong and Asia Vincent Tin Sing Law, Ben Yuk Fai Fong, 2022-09-12 This book advocates the application of holistic and humanistic approaches in elderly care and services to achieve the goal of ageing with dignity in Hong Kong and Asia. It responds to the needs of an increasing ageing population that has to deal with related health needs in long term care, community health and social services particularly for chronic conditions and psychosocial support. The book consists of three sections on policy and development of aged care, holistic and humanistic care for older adults and capacity building for ageing with dignity respectively. Topics include the latest initiatives in aged care, appropriate services and delivery models, lifestyle modification, psychosocial and environmental considerations, professional development, technologies and social capital. The chapters review and discuss these issues within a global context illustrated by examples from Asian countries underpinned by locally based empirical research. Contributors include academics and practitioners from diversified professional backgrounds that include medicine, nursing, pharmacy, traditional Chinese medicine, dietetics and allied health. The book traverses into territories in the social sciences, life sciences and sports sciences while also touching on areas of business and administration, hospitality, law, public policy and information technology in connection with public health. The contents serve as a topical reference for tertiary studies in ageing and related disciplines such as well-being and are also useful to policymakers, community and public health practitioners, health executives and interns working in areas of policy and practice pertinent to care development, health delivery models, planning, quality, ethics, better health promotion, professional training and monitoring for older adults.
