Boilermakers' Journal ,1915 Official Organ of the Independent Order of Good Templars, State of New York ,1903 **The Congregational Quarterly** Joseph Sylvester Clark, Henry Martyn Dexter, Alonzo Hall Quint, Christopher Cushing, Samuel Burnham, 1867 *'Being Towards Death'* Sylvie Avakian, 2021-04-19 This book draws the philosophical contribution of Martin Heidegger together with theological spiritual insights from the East especially that of Nikolai Berdyaev. Thus it brings into dialogue the West with the East and philosophy with theology. By doing so it offers Christian theology an existential spiritual language that is relevant and meaningful for the contemporary reader. In particular the work explores Heidegger's being towards death *Sein zum Tode* as the basis for theological philosophical thinking. Only the one who embraces being towards death has the courage to think and poetize. This thinking in turn makes being towards death possible and in this circular movement of thinking and being the mystery of being reveals itself and yet remains hidden. Since the work aims at demonstrating being towards death through language it transitions away from the common formulations and traditionally accepted ways of writing dogmatic theology towards an original philosophical reflection on faith and spirituality. At different points however the work also retrieves the profound thoughts and theologies of the past the insightful creativity of which cannot be denied.
