Longman Idioms Dictionary:

Longman Idioms Dictionary Karen Stern, Della Summers, 1998 Tearing your hair out over idioms Feel like you're always in the dark Don't worry you can't go wrong with the Longman Idioms Dictionary **Longman American Idioms Dictionary**, 1999 **Longman Dictionary of English Idioms** Thomas Hill Long, 1979-01 A complete and easy to use guide to English idioms With its detailed analysis of over 4500 idioms the Longman Dictionary of English Idioms provides the advanced learner with an indispensable reference tool **Longman Idioms Dictionary**, 1999 **The Longman Dictionary of English Idioms** Thomas Hill Long, 1979 **Longman Pocket Idioms Dictionary** Longman, 2001

Longman Pocket Idioms Dictionary Della Summers, 2002-03 The Longman Pocket Idioms Dictionary focuses on over 3000 common idioms It covers frequently used similes and metaphorical idioms with easy to understand meanings as well as more obscure phrases The dictionary also provides definitions for many compound nouns that are idioms Entries may include variations of the main form opposites and related adjectives and nouns An idioms quiz and several blank pages for notes are found at the back of the dictionary Features Over 3000 idioms Clear and easy definitions Thousands of examples showing real usage A unique Activator section visually organizes similar idioms *The Longman Dictionary of Spanish Grammar and Idioms* André O. Hurtgen, 1991 **English Dictionaries for Foreign Learners** Anthony Paul Cowie, 2002 This is the first history of dictionaries of English for foreign learners from their origins in Japan and East Asia in the 1920s to the computerized compilations of the present Monolingual dictionaries for foreign speakers were a revolutionary development at their outset and now represent a coming together of intellectual technological and commercial forces almost unequalled in book publishing As the author shows the early history of EFL dictionaries was research driven arising directly from research in linguistic theory and language pedagogy now it is user driven determined by what users require or are thought to require The pioneering dictionaries were the work of individuals Current dictionaries are the products of huge databases manipulated by sophisticated processing as publishers strive to share an immense and ever growing global market The book has both a thematic and a chronological structure Three chapters describe the historical sequence over a period of some sixty years These alternate with chapters dealing with phraseology computers and corpus linguistics and research into dictionary users and uses three subjects central to the development of ELT dictionaries over the last thirty years Anthony Cowie examines the way in which availability of massive computing power has transformed the recording and analysis of current speech and shows how the growth of research into the users and uses of dictionaries has led to developments both in ELT lexicography and method This readable and non technical account is directed at professionals in applied linguistics and English language teaching and at lexicographers but it will fascinate everyone concerned with the analysis of English and faced with the challenge of recording the subtleties of its grammar and meaning **Idioms in English** Jürg Strässler, 1982

The Longman Dictionary of French Grammar and Idioms André O. Hurtgen, 1991 **Food and Drink Idioms in**

English Laura Pinnavaia, 2019-01-10 Idioms carry an aura of mystery for all speakers owing to the discrepancy between their literal and non literal meanings This book clears up some of these ambiguities by examining a series of expressions that have derived from the most instinctive and essential of all human behaviour eating and drinking The quantity and quality of 276 food and drink idioms are explored investigating two hundred and fifty years of English monolingual lexicography and forty years of usage as attested by contemporary linguistic corpora The examination of these idioms syntactic semantic pragmatic historical social and cultural characteristics will foster in speakers a whole new approach to idiom comprehension and usage and will constitute thought provoking ground for further research in other idiom domains *A Syntactic Study of Idioms*

Anna Dąbrowska, 2018-09-30 Since the general tendencies of present day English focus more on idiomatic usage it seems to be worth paying attention to the role phraseological units play in a language In the field of English phraseology linguists have shown a constant interest in idioms Undoubtedly not only are idioms an important part of the language and culture of the society but they also carry more impact than non idiomatic expressions because of their close identification with a particular language and culture It is difficult to speak or write English without using idioms especially while describing one's emotional or mental condition Therefore it is interesting and worthwhile to analyse both the language of phraseological units and emotions In other words this book focuses not only on idioms but also on one's psychological condition However its purpose is neither to discuss the issues of idioms and emotions from the psychological point of view nor provide a conceptual analysis of emotional metaphors Instead the book analyses idioms referring to psychological states in English from the perspective of syntax focusing particularly both on the syntactic structure of this specific set of verbal psych idioms and on the constraints on the way they are built Therefore the most current studies performed within the scope of the Phase Theory and the Idioms as Phases Hypothesis are chosen to address certain syntactic problems that idioms pose Teaching Language Arts to English Language Learners

Anete Vásquez, Angela L. Hansen, Philip C. Smith, 2010-11-24 Teaching Language Arts to English Language Learners provides readers with the comprehensive understanding of both the challenges that face ELLs and ways in which educators might address them in the language arts classroom *From Words to Fixed Expressions* Ewa Komorowska, Magdalena Lisiecka-Czop, Danuta Stanulewicz, 2025-07-14 The volume examines lexical and idiomatic phenomena in various Indo European languages covering a wide range of linguistic and interdisciplinary studies while addressing both single language issues and contrastive perspectives The key topics include vocabulary and in particular phraseology in Slavic Germanic and Romance languages across different areas of linguistic communication It explores the role of vocabulary in general as well as in therapeutic and specialised communication e.g mathematical or mathematically motivated phraseology and legal terminology and in language acquisition The volume also concentrates on proverbs and idiomatic expressions ReJoycing

Rosa Bollettieri Bosinelli, Harold F. Mosher Jr., 2021-05-11 In this volume the contributors a veritable Who's Who of Joyce specialists provide an excellent introduction to the central issues of

contemporary Joyce criticism **Bilingual Lexicography from a Communicative Perspective** Heming Yong,Jing Peng,2007-06-27 This stimulating new book as the premier work introducing bilingual lexicography from a communicative perspective is launched to represent original thinking and innovative theorization in the field of bilingual lexicography It treats the bilingual dictionary as a system of intercultural communication and bilingual dictionary making as a dynamic process realized by sets of choices characterizing the overall nature of the dictionary It examines the dictionary and dictionary making by using a model of lexicography which stresses the three way relationship of compiler dictionary context and user and incorporates them into a unified coherent framework Throughout the study special focus is on English and Chinese bilingual lexicography It will serve not only as a valuable guide to those interested in dictionary compilation and theoretical inquiries but also as a textbook for undergraduate and postgraduate courses in bilingual lexicography **The Routledge Handbook of Cognitive Linguistics** Wen Xu,John R. Taylor,2021-06-03 The Routledge Handbook of Cognitive Linguistics provides a comprehensive introduction and essential reference work to cognitive linguistics It encompasses a wide range of perspectives and approaches covering all the key areas of cognitive linguistics and drawing on interdisciplinary and multidisciplinary research in pragmatics discourse analysis biolinguistics ecolinguistics evolutionary linguistics neuroscience language pedagogy and translation studies The forty three chapters written by international specialists in the field cover four major areas Basic theories and hypotheses including cognitive semantics cognitive grammar construction grammar frame semantics natural semantic metalanguage and word grammar Central topics including embodiment image schemas categorization metaphor and metonymy construal iconicity motivation constructionalization intersubjectivity grounding multimodality cognitive pragmatics cognitive poetics humor and linguistic synaesthesia among others Interfaces between cognitive linguistics and other areas of linguistic study including cultural linguistics linguistic typology figurative language signed languages gesture language acquisition and pedagogy translation studies and digital lexicography New directions in cognitive linguistics demonstrating the relevance of the approach to social diachronic neuroscientific biological ecological multimodal and quantitative studies The Routledge Handbook of Cognitive Linguistics is an indispensable resource for undergraduate and postgraduate students and for all researchers working in this area **Know it All, Find it Fast** Robert John Duckett,Bob Duckett,Peter Walker,Christinea Donnelly,2008 There is a queue the phone is ringing the photocopier has jammed and your enquirer is waiting for a response You are stressed and you can feel the panic rising Where do you go to find the information you need to answer the question promptly and accurately Answering queries from users is one of the most important services undertaken by library and information staff Yet it is also one of the most difficult least understood subjects There are still very few materials available to help frontline staff often paraprofessional develop their reader enquiry skills This award winning sourcebook is an essential guide to where to look to find the answers quickly It is designed as a first point of reference for library and information practitioners to be depended upon if they are unfamiliar

with the subject of an enquiry or wish to find out more It is arranged in an easily searchable fully cross referenced A Z list of around 150 of the subject areas most frequently handled at enquiry desks Each subject entry lists the most important information sources and where to locate them including printed and electronic sources relevant websites and useful contacts for referral purposes The authors use their extensive experience in reference work to offer useful tips warn of potential pitfalls and spotlight typical queries and how to tackle them This new edition has been brought right up to date with all sources checked for currency and many new ones added The searchability is enhanced by a comprehensive index to make those essential sources even easier to find saving you valuable minutes Readership Offering quick and easy pointers to a multitude of information sources this is an invaluable reference deskbook for all library and information staff in need of a speedy answer in reference libraries subject departments and other information units

Idiomatic Creativity Andreas Langlotz, 2006-01-01 This book revisits the theoretical and psycholinguistic controversies centred around the intriguing nature of idioms and proposes a more systematic cognitive linguistic model of their grammatical status and use Whenever speakers vary idioms in actual discourse they open a linguistic window into idiomatic creativity the complex cognitive processing and representation of these heterogeneous linguistic constructions Idiomatic creativity therefore raises two challenging questions What are the cognitive mechanisms that underlie and shape idiom representation How do these mechanisms define the scope and limits of systematic idiom variation in actual discourse The book approaches these problems by means of a comprehensive cognitive linguistic architecture of meaning and language and analyses them on the basis of corpus data from the British National Corpus BNC Therefore Idiomatic Creativity should be of great interest to cognitive linguists phraseologists corpus linguists advanced students of linguistics and all readers who are interested in the fascinating interplay of language and cognitive processing This book has a companion website www.idiomaticcreativity.ch

While this might not be the Longman Idioms Dictionary full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Longman Idioms Dictionary eBooks, including some popular titles.

FAQs About Longman Idioms Dictionary Books

What is a Longman Idioms Dictionary PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Longman Idioms Dictionary PDF?** There are several ways to create a PDF: Use software

like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Longman Idioms Dictionary PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Longman Idioms Dictionary PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Longman Idioms Dictionary PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
