Looks Frictions:

Rites of Realism Ivone Margulies, 2003-03-27 A collection of essays rethinking and reviving realism as a focus for film theory particularly emphasizing the relation of the genre to issues of the body **Identity Anecdotes** Meaghan Morris, 2006-06-21 Meticulously attentive to the complex nuances and intricacies of what is too easily glossed as cross cultural communication these essays offer us a unique writerly perspective on what it takes socially and textually to reconcile the requirements of an effective shared discourse cultural studies with the intrinsic heterogeneity of our divergent glocal realities an awesomely satisfying and enlightening read Ien Ang University of Western Sydney How is identity produced in global textual environments What forms of narrative generate solidarity in a world in which globalization and trans nationality can often appear to be a fait accompli This brilliant coruscating book written by one of the most formidable and original thinkers in cultural studies examines questions of nationality identity the use of anecdote to build solidarity and the role of institutions in shaping culture Ranging across many fields including film and media gender nationality globalization and popular culture it provides a mind clearing exercise in recognizing what culture is and how it works today Illustrated with a fund of relevant and insightful examples it addresses the central questions in cultural studies today identity post identity the uses of narrative and textual analysis the industrial organization of solidarity and the opportunities and dilemmas of globalization Penetrating arresting and inimitable the book is a major contribution to the field of cultural studies It is of interest to students of cultural studies media film and cultural sociology **Moving Forward, Looking Back** Malte Hagener, 2007 This book the first full critical overview of the film avant garde ushers in a new approach and in the process creates its own subject While many books have studied particular aspects of the European film avant garde of the 1920s and 1930s *Moving Forward Looking Back* provides a much needed summary of the theory and practice of the movement while also emphasizing aspects of the period that have been overlooked Arguing that a European perspective is the only way to understand the transnational movement the book also pioneers a new approach to the alternative cinema network that sustained the avant garde paying particular attention to the emergence of film culture as visible in screening clubs film festivals and archives It will be essential to anyone interested in the influential movement and the film culture it created

Reframing Bodies Roger Hallas, 2009-12-02 Examines how queer filmmakers and viedographers bore witness to the historical trauma of the AIDS epidemic in the late 1980s and 1990s **The Multilingual Screen** Tijana Mamula, Lisa Patti, 2016-06-30 The Multilingual Screen is the first edited volume to offer a wide ranging exploration of the place of multilingualism in cinema investigating the ways in which linguistic difference and exchange have shaped and continue to shape the medium's history Moving across a vast array of geographical historical and theoretical contexts from Japanese colonial filmmaking to the French New Wave to contemporary artists moving image the essays collected here address the aesthetic political and industrial significance of multilingualism in film production and reception In grouping these works

together The Multilingual Screen discerns and emphasizes the areas of study most crucial to forging a renewed understanding of the relationship between cinema and language diversity In particular it reassesses the methodologies and frameworks that have influenced the study of filmic multilingualism to propose that its force is also and perhaps counterintuitively a silent one While most studies of the subject have explored linguistic difference as a largely audible phenomenon manifested through polyglot dialogues or through the translation of monolingual dialogues for international audiences The Multilingual Screen traces some of its unheard histories contributing to a new field of inquiry based on an attentiveness to multilingualism s work beyond the soundtrack

Pulp Friction Julie Anne Lindsey, 2025-08-26 Nothing s sweeter than a fruitful family business and for Winona Mae Montgomery and her Granny Smythe that means Smythe Orchards in Blossom Valley Virginia

But this year's apple crop is especially juicy with scandal SEEDS OF DANGER Thanks to Winnie's new cider shop Smythe Orchards is out of the red and folks can get their fix of the produce and other delectable products they love all year round The locals are even booking the shop for events including a June wedding Winnie couldn't be happier to see the barn filled to the rafters for the big bash until her doting ex Hank is caught in a heated argument with the groom Winnie plans to scold Hank after the party but spots him running off instead And when the groom turns up dead apparently hit by the honeymoon getaway car Hank is the main suspect Now Hank is on the lam and it's up to Winnie to get to the core of the truth before the real killer puts the squeeze on her *Friction: Written By Blood: Book Two* Dwayne Gill, 2019-08-20 The boys are back bigger badder and bloodier than ever Friction the second novel of the Written By Blood series like the first promises to be action packed from front to back If you like conflicted antiheroes and fast paced thrillers you won't want to miss out on this one Just scroll back up to get your copy today *Volatility and friction in the age of disintermediation* Tim Sweijts, Stephan De Spiegeleire, Sijbren de Jong, Willem Oosterveld, Hannes Roos, Frank Bekkers, Artur Usanov, Robert de Rave, Karlijn Jans, 2017-02-20 Events unfolded once again at a swirling pace in 2016 Terrorists hit Europe's capital in March The British population voted for Brexit in June Turkish armed forces failed to topple Erdoğan in July A resurgent Russia flexed its military muscles again in the Middle East and actively interfered in American elections in which the American population elected Trump in November We are worried but certainly not surprised by the volatility of contemporary international relations In previous editions of our contribution to the Dutch government's Strategic Monitor we already observed a surge in assertive behavior noted a dangerous uptick in crises and warned for the contagiousness of political violence The current volatility is not a coincidence but rather the result of fundamental disturbances of the global order that are greatly amplified by rapid technological developments Most mainstream explanations of recent turbulence focus on power transitions the decline of the West and the rise of the rest the concomitant return to more aggressive forms of power politics and a backlash against globalization What strikes us is that many of the explanations ignore what we consider one of the most striking mega trends that is reshaping the dynamics of power the ongoing process of disintermediation The StratMon 2016 2017 analyzes global trends in confrontation cooperation and conflict based on different datasets This year the report also contains case studies on Turkey Moldova and The rise and fall of ISIS Chapters analyzing the many faces of political violence and the other side of the security coin are also included **Clausewitzian Friction and Future War**, *Clausewitzian Friction and Future War* Barry D. Watts, 2004 **Friction, Wear, and Erosion Atlas** Kenneth G. Friction: Reeve and Leary's Story Sawyer Bennett,2023-06-27 Leary Michaels has no problem using her feminine charms to daze her legal adversaries so they don't see her coming in for the kill On her most personal case yet she finds herself battling an attorney who's just as skilled seductive and shamelessly determined to beat her at her own game As a partner at Knight Payne I know what it takes to succeed hard work long hours and occasionally turning up my female powers of persuasion I'm not afraid to show a little skin if it's going to get me what I want and I've been known to ignore the ethics rules a time or two The opponent on my current case is nothing but a sleazy corporate lawyer willing to sell his soul to the devil to help his rich clients get richer by sticking it to innocent people like my client No matter how devastatingly handsome Reeve Holloway is I have zero qualms messing with his head both above and below his belt I've deviously planned out our first meeting and one excruciatingly long elevator ride at the courthouse leaves me with my stockings down Reeve begging for more and the two of us on a decidedly unethical path to the bedroom As the case and our dalliance go on I find that my initial impression of Reeve couldn't be further from reality What starts as a couple of workaholics blowing off steam turns into something deeper than we ever wanted But pillow talk can be dangerous when you're walking a moral line and Reeve's law firm has made it clear they'll stop at nothing to win When the gavel comes down on our case I can't help but feel as if I'm losing everything I've worked so hard to attain As our hearts become more entwined can we find a way to battle in the courtroom or will the friction cause our love to burn to ashes NOTE Friction Reeve and Leary's Story was originally released as Friction by Montlake in 2015 This tale of two attorneys battling it out in the courtroom received a fresh polish but the story remains the same smart sassy and smoking hot
