*Lorca - a Dream of Life* Leslie Stainton, 2013-06-10 With a rare blend of grace warmth and scholarship Leslie Stainton raises the stakes of our appreciation for the greatest of Spain's modern poets Federico Garcia Lorca Drawing on fourteen years of research more than a hundred letters unknown to prior biographers exclusive interviews with Lorca's friends family and acquaintances and dozens of newly discovered archival material Stainton has brought her subject to life as few writers can She describes his carefree childhood in rural Andalusia his residencies in Madrid and Granada then in New York Havana and Buenos Aires his potent interaction with other Spanish artists such as Salvador Dal Luis Buuel and the composer Manuel de Falla and finally Stainton shows how Lorca's marginal political activity during the Spanish Civil War still cost him his life Throughout Stainton meticulously but unobtrusively relates the oeuvre to the life Her biography is quickly becoming the standard one volume work on the poet

Revolutionary Memory Cary Nelson, 2013-10-11 Revolutionary Memory is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon's edge Focused in part of the red decade of the 1930s Revolutionary Memory revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts Revolutionary Memory brings that chorus dramatically to life and set a cultural agenda for future work

**Federico García Lorca** Federico Bonaddio, 2022 Feted by his contemporaries Federico Garcia Lorca's status has only grown since his death in 1936 This book shows just why his fame has endured through an exploration of his most popular works Romancero Gitano Poeta en Nueva York and the trilogy of tragic plays Blood Wedding Yerma and The House of Bernarda Alba Feted by his contemporaries Federico Garcia Lorca's status has only grown since his death in 1936 poet playwright political martyr gay icon champion of women defender of the oppressed This book guides readers through the key themes and concerns in Lorca's work It demonstrates how Lorca applied his poetic sensibilities and lyrical craft to what were in essence tangible real life issues the plight of Andalusia's Romani people the idea of modernity and the condition of women in Spain What becomes evident is that even though he was writing at a time when many writers and artists were less inclined to deal directly with the things of the

world Lorca maintained a profound interest in the human subject and in the world around him It is this interest the book argues in tandem with his poetic vision and craft that ensured his most popular works enduring universal appeal **A Study Guide for Federico Garcia Lorca's "Blood Wedding"** Gale, Cengage Learning,2016 A Study Guide for Federico Garcia Lorca s Blood Wedding excerpted from Gale s acclaimed Drama For Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Drama For Students for all of your research needs [Archives of Flesh](#) Robert F. **The Writer's Journey** Travis Elborough, 2022-11-15 *The Writer's Journey* invites you to follow in the footsteps of some of the world's most famous authors on the travels that inspired their greatest works

Modernism and Mourning Patricia Rae, 2007 The essays in *Modernism and Mourning* examine the work of mourning in modernist literature

or more precisely its propensity for resisting this work Drawing from recent developments in the theory and cultural history of mourning its contributors explore the various ways in which modernist writers repudiate Freud's famous injunction to mourners to work through their grief endorsing instead a resistant or melancholic mourning that shapes both their themes and their radical experiments with form The emerging picture of the pervasive influence of melancholic mourning in modernist literature casts new light on longstanding critical arguments especially those about the politics of modernism It also makes clear the pertinence of this literature to the present day in which the catastrophic losses of 9/11 of retaliatory war of racially motivated genocide of the AIDS epidemic have made the work of mourning a subject of widespread interest and debate Patricia Rae is Head of the Department of English at Queen's University *The Michigan Alumnus*, 1998 In volumes 1-8 the final number consists of the Commencement annual Getting it Wrong in Spain Susana Belenguer, 2017-10-02 This book brings together different and interdisciplinary perspectives on the Spanish Civil War its victims its contentious ending and its aftermath In exploring the slow demise of republican ideals contributors range over many diverse historical and cultural topics discussing for instance the attitudes of both Left and Right to the poet Federico García Lorca and to his assassination examining the documentary evidence offered in surviving memoirs of the Civil War and assessing the major characteristics of the new order in Spain under Franco Cinematic and literary depictions of the Civil War and its consequences are also studied Other topics investigated include contemporary French reactions to the Spanish conflict Stalinist policies towards Spain the activities and motives of the anarcho-syndicalists and the role of the International Brigades This collection of essays published on the 75th anniversary of the end of the Civil War not only places the events and experiences studied within the context of the new state of Franco's Spain but also offers timely fresh insights into wider European and international issues during what was a period of seismic change in world history This book was originally published as a special issue of *Bulletin of Spanish Studies* **The Discourse of Flanerie in Antonio Muñoz Molina's Texts** Richard Sperber, 2015-09-10 Edgar Allan Poe Charles Baudelaire and Walter Benjamin have shown that flânerie is anything but an aimless stroll Walking through London Paris and Berlin entailed engagements with the latest modernity Thought provoking exhilarating and at times terrifying flânerie adjusted to and documented the mobility of modernity its aesthetic possibilities and social risks Antonio Muñoz Molina is one of several contemporary authors who have closely coupled the development of their literary characters to urban perambulations Their biographic growth cultural and social adaptations as well as epistemological insights are so dependent on flânerie that his late twentieth and early twenty-first century texts warrant the designation flâneur literature Muñoz Molina has also contributed to the current decentralization of flâneur literature from Paris to smaller cities including Spanish cities like Granada Córdoba and San Sebastián Reflecting on Poe Baudelaire and Benjamin in these cities his characters update and revise the canon of flâneur literature stretching its discursive boundaries This study examines not only the mobility of his characters but also draws attention to intercultural

aspects of his flaneur literature which lie both in a uniquely Spanish perspective on flanerie as well as in engagements with cultural otherness Walking through a Moroccan city or through Chinatown in New York Mu oz Molina s characters broaden the Eurocentric horizon of canonical flaneur literature and the modernist one of his Spanish flaneur precursor Federico Garcia Lorca whose portrait of New York is revisited in Mu oz Molina s longest flaneur text National and literary boundaries blur as intercultural urban spaces transform his characters into transnational subjects This study traces the author s struggle with this globalization a residual rural nostalgia straddles uneasily with forays into filmic flanerie a form of spectatorship that renders the flaneur newly mobile in the mass mediatized environments of postmodernity If Mu oz Molina is generally regarded as an incisive chronicler of Spain s transition from Francoism to democracy and an attentive memorialist of the Spanish Civil War this study bases its portrait of a much more globally engaged Mu oz Molina in his characters movements from Spain into the urban centers of Euro American postmodernity and its northern African periphery

*Seagoing* John McCormick, The great virtue of McCormick s memoirs is their blunt honesty He writes with a persuasive directness about what happened to him and what he believes Arts and Letters The title of John McCormick s autobiographical book may be taken both literally and symbolically In a literal sense going to sea was an early and powerful ambition while seagoing is also a metaphor for the twists and turns in a rootless life a long voyaging This is not a conventional autobiography It is personal only as necessary for continuity and never confessional The essays center upon telling episodes in the author s life and strive for objectivity and accuracy about the recent past both personal and historical He does so as he writes without any pretension of producing a true history The events of his life are necessarily unique to him thus he finds uniqueness in the events that impinged upon him McCormick begins with his early years growing up in the American mid West during the Depression a time of broken family relations and random jobs He relates his falling away from religious faith He describes his first experience as a sailor in a tanker which gave him physical liberation a world free of constrictions as with Hemingway In discussing his early teaching experience he gives a vivid portrayal of Germany in the immediate postwar years along with observations of residual pro Hitler sentiment and the awkward circumstances for Germans of the immediate past He devotes a chapter to a moving memoir of his friend Francis Fergusson eminent Rutgers University scholar McCormick also relates his experience as an amateur bullfighter and reiterates his defense of bullfighting as an art He paints a vivid picture of an adventure at sea while working on a definitive biography of George Santayana reflecting also on changes in the genre of biography with its prevailing emphasis on trivia and sensationalism In describing his retirement to England McCormick describes the conflict between nationalism and expatriation He punctuates details of

his naval war experiences with thoughtful observations on military combat Finally in his closing chapter Coda Closet Space McCormick attempts to make sense of old age and death This autobiographical account of a well lived life encompasses far more than a splendid teaching and literary career It will provide insight and good reading for those who know McCormick's scholarly work for students of the humanities and for the general public interested in vivid prose John McCormick is professor emeritus of comparative literature at Rutgers University and honorary fellow of English and literature at the University of York He is the author of *George Santayana A Biography* *Catastrophe and Imagination* *The Middle Distance* and *Fiction as Knowledge*
