Cover Why Every Christian Should Be A Vegan

Ryan Hicks, 2018-03-07

Today much of Christendom is closely associated with the eating of animals. Some churches even have hunting and fishing trips. Meat, eggs, and dairy are a staple in most professing Christians' diets. Is any of this in line with God's will or pleasing to Him? Could it be that so many passages of Scripture that traditions have told us are teaching the ethics of killing animals are actually stating something completely different? This book takes a Scriptural approach to the subject of humanity's treatment of animals: what God desires from us and what the Bible says about it all. If you have been raised thinking that animals are here to be food for humans or for our entertainment, then by reading this book you will discover many edifying truths. There are so many topics covered that almost every question one could have about veganism from a Christian perspective is answered. The contents of the book are:

Is God a Vegetarian? Richard Alan Young, 2012-03-30

Is God a Vegetarian is one of the most complete explorations of vegetarianism in the Judeo Christian tradition Young a linguistics and New Testament scholar attempts to answer the question being asked with greater and greater frequency Are Christians morally obligated to be vegetarians Many people are confused about the apparent mixed messages within the Bible On the one hand God prescribes a vegetarian diet in the Garden of Eden and the apocalyptic visions of Isaiah and John imply the restoration of a vegetarian diet However it is also clear that God permits Jesus partakes in and Paul sanctions the eating of flesh Does the Bible give any clear guidance Close readings of key biblical texts pertaining to dietary customs vegetarianism and animal rights make up the substance of the book Rather than ignoring or offering a literal twentieth century interpretation of the passages the author analyzes the voices of these conflicting dietary motifs within their own social contexts Interwoven throughout these readings are discussions of contemporary issues such as animal testing and experimentation the fur industry raising animals in factories and the effects of meat eating on human health Thirteen chapters cover such topics as the vegetarian diet in the Garden of Eden the clothing of the first humans in animal skins God's permitting humans to eat meat animal sacrifice the dietary habits of Jesus and the early apostles Paul's condemnation of vegetarianism as heresy the dietary views of the early church fathers the peaceable kingdom The author provides two vegetarian recipes at the end of each chapter An epilogue includes guidelines for becoming a vegetarian and a recommended reading list Insightful and challenging

Is God a Vegetarian poses provocative questions for vegetarians Christians and anyone reflecting upon her personal choices and ethical role in our world today

King, 2023-06-20 The exciting follow up to I Will Abolish the Bow Christianity Personhood and the End of Animal Exploitation Pride Goes Before Destruction takes a critical look at factory farming which

is driven by humanity's pride towards animals. Fitting to the title, this relationship with animals has bled into human affairs as factory farming is responsible not only for animal cruelty but also for antibiotic resistance, environmental destruction, climate change, and many other issues. Matthew A. King criticizes humanity's pride and offers a biblical solution to its consequences. *The New Covenant in Jesus Christ* Bristling with persuasive historical evidence and thoughtful biblical interpretation, King makes a compelling case for the inclusion of animals within the sphere of Christian moral consideration, which can help heal humanity's fractured relationship with the planet and even their own health. Additionally, this book answers many questions and offers supplemental material to build on the arguments established in *I Will Abolish the Bow*. *The Animal's Agenda*, 2001. [The Routledge Handbook of Vegan Studies](#) Laura Wright, 2021-03-31. This wide-ranging volume explores the tension between the dietary practice of veganism and the manifestation, construction, and representation of a vegan identity in today's society. Emerging in the early 21st century, vegan studies is distinct from more familiar conceptions of animal studies, an umbrella term for a three-pronged field that gained prominence in the late 1990s and early 2000s, consisting of critical animal studies, human-animal studies, and posthumanism. While veganism is a consideration of these modes of inquiry, it is a decidedly different entity, an ethical delineator that for many scholars marks a complicated boundary between theoretical pursuit and lived experience. *The Routledge Handbook of Vegan Studies* is the must-have reference for the important topics, problems, and key debates in the subject area and is the first of its kind. Comprising over 30 chapters by a team of international contributors, this handbook is divided into five parts: History of vegan studies, Vegan studies in the disciplines, Theoretical intersections, Contemporary media entanglements, and Veganism around the world. These sections contextualize veganism beyond its status as a dietary choice, situating veganism within broader social, ethical, legal, theoretical, and artistic discourses. This book will be essential reading for students and researchers of vegan studies, animal studies, and environmental ethics. *Apples in God's Eye* Orin G. Opinaldo, 2010-02-25. Orin G. Opinaldo was born in Los Angeles and attended St. Agnes Elementary and High School, of which he is still an active member. In finances, social justice, and liturgy, he has been a teacher for forty-four years for LAUSD and has taught all elementary grades and served as resource teacher in art, drama, math, writing, and reading. He was chosen as outstanding teacher from the Mayor's Office when he taught at Fifty Second Street Elementary (1964-1989), nominated for the Disney Teacher Award when he taught at Forty Ninth Street Elementary (1989-2004), and selected as the 2008 Hero for Harmony Elementary School from LAUSD Board of Education (2005-2008). After twenty years of teaching, he went to India to reflect on his first twenty years as a teacher and to plan for his next twenty. During the next twenty years, he spent six months in Botswana, where he traveled to South Africa and Zimbabwe. After retiring, he set plans on what his next twenty years would be like in service to children and community. He is the patriarch of twenty-three members of his family, of which eleven live with him. He has sixteen grandchildren, eight girls and eight boys, and a long history of wonderful friends scattered

throughout the world His greatest asset is his openness as a life learner He embraces new experiences and is always studying reading and listening but mostly observing the nuances of his own mind so that he can grow toward total freedom as a vegan and a humanitarian

God-given Foods Eating Plan: for Lifelong Health, Optimization of Hormones, Improved Athletic Performance Gary F. Zeolla, 2007-03-01 This book studies different food groups with a chapter devoted to each major classification of foods First the Biblical evidence is considered then modern day scientific research Foods are classified as God given foods and non God given foods A healthy eating plan is composed of a variety of God given foods and avoids non God given foods Unlike other books on this subject this book does not promote a vegetarian diet since God gave us meat for food and meat eating is assumed throughout Scripture with no negative connotations Moreover meat poultry and fish can and should be included in a healthy eating plan The proposed eating plan is also designed to optimize hormones such as testosterone growth hormone and insulin This can produce dramatic differences in a person's health and well being and can lead to a gain in muscle mass and a loss of body fat It can also lead to improved athletic performance This book also looks at other aspects of athletic nutrition

Speaking Up for Animals Lisa Kemmerer, 2015-11-17 *Speaking Up for Animals* highlights eighteen courageous members of a growing international animal advocacy movement that is overwhelmingly powered by women These remarkable activists take us with them as they lift factory farmed chickens and cows from quagmires of filth free gigantic sea lions caught in fishing gear and secure undercover footage of dogs crying for mercy on stainless steel vivisection tables In the process these dedicated women expose the many ways that most of us are complicit in the suffering and exploitation of animals and creatively suggest a variety of ways in which we might help bring change

Leaves of Healing ,1902 **At the Cross** Richard H. Allen, 2014-05-29 In volume two of *At the Cross* Richard Allen

focuses on the sanctification that follows a believer's initial commitment to Christ. The cross of Christ represents the spiritual, physical, and metaphoric reasons for our existence. *At the Cross* is a line-by-line examination of the Gospels of Matthew, Mark, Luke, and John as these apostles describe events from the Garden of Gethsemane to the resurrection and ascension of Jesus Christ. This book is written for both new and seasoned believers so they may find direction for and discover the ramifications of that commitment. *At the Cross* is also written for nonbelievers so they can see why believers, from the martyrdom of Christ to the most recent Chinese Christian jailed and tortured for his faith, would forfeit their lives and liberty rather than deny their Savior.
