Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America's most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody's Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs **The American West**, 1970 Songs of the Great American West Irwin Silber, 1995-01-01 Presents ninety two songs of the American West each with lyrics a vocal score simple piano arrangements and chord symbols and includes historical notes and commentaries and over one hundred period illustrations Connecting the West Shawn Hall, 2002-06-01 Shawn Hall's immensely popular guidebooks to Nevada ghost towns have become essential resources for backcountry explorers and scholars alike Now Hall returns to Elko County to survey the county's railroad and stage stations as well as other sites not included in his earlier survey of this colorful section of the state As in his earlier volumes Hall includes a history of each site he lists along with period and contemporary photographs directions for locating the sites and an assessment of their present condition His historical accounts based on a wide range of primary and secondary sources are both scholarly and engaging rich in anecdotes and personalities and in the fascinating minutia of history often ignored by more academic writers Shawn Hall's dedication to documenting Nevada's thousands of historic sites

has enriched our knowledge of the state's relatively brief but very eventful past Connecting the West is a worthy addition to Hall's remarkable efforts to preserve the state's history *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1972 **The West** Brad Williams,Choral Pepper,2001-06-19 Presented together for the first time The West lost legends and treasures is a compelling collection of both the myths and lost treasures of the American West Spinning yarns that have at least a nugget of truth to them this book examines both the fact and fiction surrounding many little known stories casts of characters and everlasting legends of the Wild West **Myths and Mysteries of the Old West** Michael Rutter,2017-04-01 How much of what we know about the history of the Old West is true In this new book author Michael Rutter looks at the legend and lore behind such notorious figures as Billy the Kid and Calamity Jane and the stories of famous gun fights and battles telling what really happened Truth may be stranger than fiction but these 12 legends stand up to scrutiny and this book will be a must read for all western history buffs **Nevada Gunsmoke** Elmer D.
