Chen, 2020-12-04 Four Quartets in the Light of the Chinese Jar discusses how Four Quartets should be explored afresh with a prosodic philosophically sustained interdisciplinary and cross cultural literary approach in ways as the often overlooked pivotal image of the Chinese jar so indicates in the great sequence the pivotal image suggests the subtle but vital elixir from both The shores of Asia and the Edgware Road which are brought together as they had been brought together to The Waste Land With a steady focus on the function words mediated and phonemes facilitated and autochthonously void suggesting verbal transformation the book shows how the verbal transformation especially of the cases with parts of speech in the live context makes Four Quartets truly a rhythmical creation of meaningful beauty it demonstrates how the meaningful poetic beauty culminates in a quintessential state or being of poetry not merely being poetic particularly in terms of its prosodically sustained philosophical tenets which are often so serendipitously transformed into virtuoso mastery of verbal music As genuine poetry the great sequence flows freely from inside out at once in accordance with and in spirit of any given rhythmical form or rhyming pattern **The Chinese Typewriter** Thomas S. Mullaney, 2018-10-09 How Chinese characters

triumphed over the QWERTY keyboard and laid the foundation for China s information technology successes today Chinese writing is character based the one major world script that is neither alphabetic nor syllabic Through the years the Chinese written language encountered presumed alphabetic universalism in the form of Morse Code Braille stenography Linotype punch cards word processing and other systems developed with the Latin alphabet in mind This book is about those encounters in particular thousands of Chinese characters versus the typewriter and its QWERTY keyboard Thomas Mullaney

describes a fascinating series of experiments prototypes failures and successes in the century long quest for a workable Chinese typewriter The earliest Chinese typewriters Mullaney tells us were figments of popular imagination sensational accounts of twelve foot keyboards with 5 000 keys One of the first Chinese typewriters actually constructed was invented by a Christian missionary who organized characters by common usage but promoted the less common characters for Jesus to the common usage level Later came typewriters manufactured for use in Chinese offices and typewriting schools that turned out trained typewriter girls and typewriter boys Still later was the Double Pigeon typewriter produced by the Shanghai Calculator and Typewriter Factory the typewriter of choice under Mao Clerks and secretaries in this era experimented with alternative ways of organizing characters on their tray beds inventing an input method that was the first instance of predictive text Today after more than a century of resistance against the alphabetic not only have Chinese characters prevailed they form the linguistic substrate of the vibrant world of Chinese information technology The Chinese Typewriter not just an object history but grappling with broad questions of technological change and global communication shows how this happened A Study of the Weatherhead East Asian Institute Columbia University 田口, 田口, 中国文字の機械化 中国語のタイプライタ (Japan), 2002

Ezra Pound's Chinese Friends Ezra Pound, 2008-02-21 No literary figure of the past century in America or perhaps in any other Western country is comparable to Ezra Pound in the scope and depth of his exchange with China To this day scholars and students still find it puzzling that this influential poet spent a lifetime incorporating Chinese language literature history and philosophy into Anglo American modernism How well did Pound know Chinese Was he guided exclusively by eighteenth to nineteenth century orientalists in his various Chinese projects Did he seek guidance from Chinese peers Those who have written about Pound and China have failed to address this fundamental question No one could do so just a few years ago when the letters Pound wrote to his Chinese friends were sealed or had not been found This book brings together 162 revealing letters between Pound and nine Chinese intellectuals eighty five of them newly opened up and none previously printed Accompanied by editorial introductions and notes these selected letters make available for the first time the forgotten stories of Pound and his Chinese friends They illuminate a dimension in Pound's career that has been neglected his dynamic interaction with people from China over a span of forty five years from 1914 until 1959 This selection will also be a documentary record of a leading modernist's unparalleled efforts to pursue what he saw as the best of China including both his stumbles and his triumphs
