The Lure of Fundamentalism

Lure Of Fundamentalism

Stephen Pickard

Lure Of Fundamentalism:

In-Between God Stephen Pickard, 2011-12-28 *In Between God* explores three important areas for contemporary Christianity: theology, community, and discipleship. Part One inquires into the rhythms of faith as it interacts with themes of uncertainty and doubt, the nature of theological discourse, the task of systematic theology, evangelism, and the various ways in which theology is done. Part Two discusses the importance of place in relation to the church and themes of innovation, undecidability, and new forms of monastic community. Part Three addresses themes in discipleship, simplicity, mysticism, the passions, and pilgrimage. A red thread connecting these essays is the character of the triune God who is the energy and life in between all things. ***The Unity Principle*** Ellis Rivkin, 2003 Presents a dynamic interpretation of Jewish history from biblical to modern times as a set of interconnected and evolving events and relationships that spring directly from Judaism's core beliefs. **Fear Itself** Stephen Hessel, Michèle Huppert, 2010 What are fear, horror, and terror? This question central to our endeavour cannot be answered by one unified voice. It always cracks, falters, and fades before it can fully enunciate its proclamation. We the authors know this and have planned accordingly. This volume presents meditations on this issue springing from the four corners of intellectual inquiry. Each author provides a distinctive approach with which to address the issue at hand: Literary theory, psychoanalysis, media studies, political science, and many more disciplines occupy the same space between the covers of this book. We hope that through the cacophony of our diversity we will fill in the inevitable gaps when our voices fall short. **Desert Patriarchy** Janet Bennion, 2004-05 On the high desert plateau of northern Mexico, outsiders have taken refuge from the secular world. Here three Anglo communities of Mormons and Mennonites have ordered their lives around male supremacy, rigid religious duty, and a rejection of modern technology and culture. In so doing, they have successfully adapted to this harsh desert environment. Janet Bennion has lived and worked among these people, and in this book she introduces a new paradigm, desert patriarchy, to explain their way of life. This perspective sheds light not only on these particular communities but also on the role of the desert environment in the development and maintenance of fundamentalist ideology in other parts of the United States and around the globe. Making new connections between the arid environment, opposition to technology, and gender ideology, Bennion shows that it is the interplay of the desert and the unique social traditions and gender dynamics embedded in Anglo patriarchal fundamentalism that accounts for the successful longevity of the Mexican colonies. Her model defines the process by which male supremacy, female autonomous networking, and religious fundamentalism all facilitate successful adaptation to the environment. More than a theoretical analysis, *Desert Patriarchy* provides an intimate glimpse into the daily lives of these people, showing how they have taken refuge in the desert to escape religious persecution, the forced secular education of their children, and economic and political marginalization. It particularly sheds light on the ironic autonomy of women within a patriarchal system, showing how fundamentalist women in Chihuahua are finding numerous creative ways to access power and satisfaction in a society structured to subordinate and

even degrade them Desert Patriarchy richly expands the literature on nontraditional religious movements as it enhances our understanding of how environment can shape society It offers unique insights into women s status in patriarchal communities and provides a new way of looking at similar communities worldwide *Abiding Faith* Scott Cowdell,2014-06-26 Australian theologian Scott Cowdell explores how having faith has changed under the influence of modernity and post modernity in the West Following the understanding of faith typical of Saint Paul the Fathers and the medieval monastic theologians faith is returned from pious sentimentality and arid philosophy of religion to the realm of participating knowing paradigmatic imagination and personal transformation where it belongs as a form of life shaped by encounter with Jesus Christ and worked out through the Eucharistic community

Uncertainty and Risk Gabriele Bammer,Michael Smithson,2012-05-04 This is a major and deeply thoughtful contribution to understanding uncertainty and risk Our world and its unprecedented challenges need such ways of thinking Much more than a set of contributions from different disciplines this book leads you to explore your own way of perceiving your own area of work An outstanding contribution that will stay on my shelves for many years Dr Neil T M Hamilton Director WWF International Arctic Programme This collection of essays provides a unique and fascinating overview of perspectives on uncertainty and risk across a wide variety of disciplines It is a valuable and accessible sourcebook for specialists and laypeople alike Professor Renate Schubert Head of the Institute for Environmental Decisions and Chair of Economics at the Swiss Federal Institute of Technology This comprehensive collection of disciplinary perspectives on uncertainty is a definitive guide to contemporary insights into this Achilles heel of modernity and the endemic hubris of institutional science in its role as public authority It gives firm foundations to the fundamental historic shift now underway in the world towards normalizing acceptance of the immanent condition of ignorance and of its practical corollaries contingency uncontrol and respect for difference Brian Wynne Professor of Science Studies Lancaster University Bammer and Smithson have assembled a fascinating important collection of papers on uncertainty and its management The integrative nature of *Uncertainty and Risk* makes it a landmark in the intellectual history of this vital cross disciplinary concept George Cvetkovich Director Center for Cross Cultural Research Western Washington University Uncertainty governs our lives From the unknowns of living with the risks of terrorism to developing policies on genetically modified foods or disaster planning for catastrophic climate change how we conceptualize evaluate and cope with uncertainty drives our actions and deployment of resources decisions and priorities In this thorough and wide ranging volume theoretical perspectives are drawn from art history complexity science economics futures history law philosophy physics psychology statistics and theology On a practical level uncertainty is examined in emergency management intelligence law enforcement music policy and politics Key problems that are a subject of focus are environmental management communicable diseases and illicit drugs Opening and closing sections of the book provide major conceptual strands in uncertainty thinking and develop an integrated view of the nature of uncertainty uncertainty as a motivating or de motivating force and strategies for

coping and managing under uncertainty

Christianity and the Culture Machine Vincent F. Rocchio,2016-08-05

Christianity and the Culture Machine is a precedent shattering approach to combining theories of media and culture with theology In this intensive examination of Christianity s role in the cultural marketplace the author argues that Christianity s inability to effectively contest the ideology of secular humanism is not a theological shortcoming but rather a communications problem the institutional church is too wedded to an outmoded aesthetic of Christianity to communicate effectively

Privileging authority and obedience over the egalitarian and transformative goal of Christianity the church fails to recognize how it undermines the vitality of the Christian narrative and message In the absence of a more compelling vision offered by the official church a new aesthetic can be found forming within the margins of popular culture texts Despite its past failures in representing the Bible in mainstream film and television the culture industry now offers more compelling versions of core Christian theology without even realizing it within the margins of the main storylines This book analyzes the aesthetic

principles employed by these appropriations and articulations of Christian discourse as a means of theorizing what a new aesthetic of Christianity might look like

Diversity K. April,M. Shockley,2006-11-28 This unique collection of papers from

authors whose experience and nationalities are themselves diverse captures intellectual and personal reflections on diversity

The authors offer unique perspectives into diversity on an individual level as well as the experiential challenges of

implementing diversity programs at the country public sector company and civil society levels In doing so the book identifies a variety of elements that define a multi faceted reality that is at once contradictory deeply personal artistic emotionally

evocative and intellectually stimulating

The Palgrave Handbook of Global Mormonism R. Gordon Shepherd,A. Gary

Shepherd,Ryan T. Cragun,2020-11-12 This handbook explores contemporary Mormonism within a global context The authors

provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually

every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter day Saints has

penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America

beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What

does it mean to be a Latter day Saint in different world regions What is the faith s appeal to converts in these places What

are the peculiar problems for members who must manage Mormon identities in conjunction with their different national

cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the

treatment of LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin

America while sustaining increasing growth in parts of Asia and Africa

Civil Society, Religion and Global Governance

Helen James,2007-04-11 This is one of the first books to explore the nexus between civil society religion and global

governance their impact on human security and well being and significance for current debates in international politics The

contributors examine salient aspects of the secular state whose monopoly on and control of institutional violence has reified

its use of power to such an extent that the modernistic separation of church and state is being called into question as institutional limits are sought to the abuse of that power The volume is clearly divided into six key sections human security and human rights the politics of civil religion the ethics of civil development civil society and global governance cross cultural perspectives on institutional development for civil society international civil society Within these sections the illuminating case studies span a wide geographical extent from Central and Eastern Europe to Egypt to Latin America Iran Bangladesh Australia the Pacific and East and Southeast Asia Civil Society Religion and Global Governance will be of strong interest to students policy makers and researchers in the fields of human rights religion political science and sociology

When somebody should go to the book stores, search instigation by shop, shelf by shelf, it is in reality problematic. This is why we offer the books compilations in this website. It will totally ease you to see guide **Lure Of Fundamentalism** as you such as.
