May,2025-02-04 Who were some of the early pioneers of colonial African American Christianity Were there specific doctrines that shaped colonial African American evangelical theology Did influential colonial African American Christians prioritize their racial identity above and beyond their Christian identity How did some African American Christians construct their Blackness sense of belonging and existence within shared space with the human Other The genuine Christian faith of many colonial evangelical African Americans has been for some time systematically ignored dismissed and neglected The darker aspect of this agenda at least for some is that when these colonial Christians are discussed their existence is typically reinterpreted through contemporary Western racialized politics The greatest protagonists of this sociopolitical drama have been various influential Black scholars within and outside the academy This project serves as an introductory discourse into the theology and authentic faith of various colonial evangelical African Americans who influenced the identity sense of belonging and conceptions of shared space for Christians within and outside the colonial Black church The journey this book will take some through is within the conservative evangelical tradition of African American Christianity *Turning Points in the Expansion of Christianity* Alice T. Ott,2021-11-16 This readable survey on the history of missions tells the story of pivotal turning points in the expansion of Christianity enabling readers to grasp the big picture of missional trends and critical developments Alice Ott examines twelve key points in the growth of Christianity across the globe from the Jerusalem Council to Lausanne 74 an approach that draws on her many years of classroom teaching Each chapter begins with a close up view of a particularly compelling and paradigmatic episode in Christian history before panning out for a broader historical outlook The book draws deeply on primary sources and covers some topics not addressed in similar volumes such as the role of British abolitionism on mission to Africa and the relationship between imperialism and mission It demonstrates that the expansion of Christianity was not just a Western driven phenomenon rather the gospel spread worldwide through the efforts of both Western and non Western missionaries and through the crucial ministry of indigenous lay Christians evangelists and preachers This fascinating account of worldwide Christianity is suitable not only for the classroom but also for churches workshops and other seminars **The Cambridge Companion to Christian Doctrine** Colin E. The Reformation as Renewal Matthew Barrett, 2023-06-06 A holistic eye opening history of one of the most significant turning points in Christianity The Reformation as Renewal demonstrates that the Reformation was at its core a renewal of evangelical catholicity In the sixteenth century Rome charged the Reformers with novelty as if they were heretics departing from the catholic universal church But the Reformers believed they were more catholic than Rome Distinguishing themselves from Radicals the Reformers were convinced they were retrieving the faith of the church fathers and the best of the medieval Scholastics The Reformers saw themselves as faithful stewards of the one holy catholic and apostolic church preserved across history and they insisted on a restoration of true worship in their own day By listening to the Reformers own voices The Reformation as Renewal helps readers explore The Reformation s roots in patristic and medieval thought and its response to late medieval innovations Key philosophical and theological differences between Scholasticism in the High Middle Ages and deviations in the Late Middle Ages The many ways sixteenth and seventeenth century Protestant Scholastics critically appropriated Thomas Aquinas The Reformation s response to the charge of novelty by an appeal to the Augustinian tradition Common caricatures that charge the Reformation with schism or assume the Reformation was the gateway to secularism The spread of Reformation catholicity across Europe as seen in first and second generation leaders from Luther and Melanchthon in Wittenberg to Zwingli and Bullinger in Zurich to Bucer and Calvin in Strasbourg and Geneva to Tyndale Cranmer and Jewel in England and many others The theology of the Reformers with special attention on their writings defending the catholicity of the Reformation This balanced insightful and accessible treatment of the Reformation will help readers see this watershed moment in the history of Christianity with fresh eyes and appreciate the unity they have with the church across time Readers will discover that the Reformation was not a new invention but the renewal of something very old
