Luther And Late Medieval Thomism A Study In Theological Anthropology:

Luther and Late Medieval Thomism Denis R. Janz, 2009-12-15 A careful analysis of Luther's thought in the context of his age this volume examines Luther's links with later medieval Thomism. The study is organized on the theme of theological anthropology: the state of humans within a theological system. In the course of the discussion Janz studies parallels and divergences between the thought of Luther and the thought of Thomas Aquinas, Peter Lombard, John Capreolus, Henry of Gorkum, Conrad Koellin, Karlstadt, and Cajetan. Janz suggests that at some crucial points late medieval Thomist teaching misrepresents the teaching of Thomas Aquinas. This compounding of Luther's lack of direct knowledge of Thomas helps to explain Luther's opposition not only to his own nominalist teachers but to the scholastics generally. Students of late medieval and Reformation theology will find the wealth of primary citation and the detailed readings of the sources invaluable guides to the issues. Students of religion interested in contemporary problems in theological anthropology in the natural capacity of humanity for good and evil for example will find the historical Christian perspective of great interest. *Ramism and the Reformation of Method* Simon J. G. Burton, 2024 *Ramism and the Reformation of Method* explores the popular early modern movement of Ramism and its ambitious attempt to transform Church and society. It considers the relation of Ramism to Reformed Christianity and its development as a divine logic attuned to understanding both Scripture and the world. In doing so it reveals how Ramists rejected the notion of a philosophy or worldview independent of God and sought to encompass everything under an overarching Christian philosophy indebted to Franciscan ideals. The supreme goal of the Ramists was the remaking of the world in the image of the Triune God. Challenging the Traditional Interpretations of Justification by Faith, Part 1 John A. Campbell, Tony H. Espinosa, Mitchell J. Kennard, Joel I. Oladele, John-Paul Petrash, Kerry S.

Robichaux, 2022-01-01 This volume is the first of a two part work that evaluates the teaching of justification by faith from the early church to modern times in light of the Scriptures and the ministry of Watchman Nee and Witness Lee. Part 1 begins with a thorough presentation of the evaluative standard by which the authors will measure the teachings of the various Christian traditions. Then following a historical overview of justification by faith in the major traditions they proceed to give a detailed assessment of the doctrine as taught in the patristic era, in the medieval era, and by Martin Luther at the inception of the Protestant Reformation. The volume aims to point out the shortcomings and contributions of the first 1500 years of the church's teaching on justification by faith and to offer a fresh understanding of this foundational truth of the Christian faith.

Reframing Catholic Theological Ethics Joseph A. Selling, 2016 Traditionally Catholic moral theology has been based upon an approach that over-emphasized the role of normative ethics and subsequently associated moral responsibility with following or disobeying moral rules. *Reframing Catholic Theological Ethics* offers an alternative ethical method which without destroying any of the valuable insights of normative ethics reorients the discipline to consider human motivation and intention before investigating behavioral options for realizing one's end. Evidence from the New Testament warrants the

formation of a teleological method for theological ethics which is further elaborated in the approach taken by Thomas Aquinas Unfortunately the insights of the latter were misinterpreted at the time of the counter reformation Joseph A Selling s analysis of moral theological textbooks demonstrates the entrenchment of a normative method aimed at identifying sins in service to the practice of sacramental confession With a firm basis in the teaching of Vatican II the human person integrally and adequately considered provides the fundamental criterion for approaching ethical issues in the contemporary world The perspective then turns to the crucial question of describing the ends or goals of ethical living by providing a fresh approach to the concept of virtue Selling concludes with suggestions about how to combine normative ethics with this alternative method in theological ethics that begins with the actual ethical orientation of the human person toward virtuous living

Aquinas Among the Protestants Manfred Svensson, David VanDrunen, 2017-09-25 AQUINAS AMONG THE PROTESTANTS This major new book provides an introduction to Thomas Aquinas s influence on Protestantism The editors both noted commentators on Aquinas bring together a group of influential scholars to demonstrate the ways that Anglican Lutheran and Reformed thinkers have analyzed and used Thomas through the centuries Later chapters also explore how today s Protestants might appropriate the work of Aquinas to address a number of contemporary theological and philosophical issues The authors set the record straight and disavow the widespread impression that Aquinas is an irrelevant figure for the history of Protestant thought This assumption has dominated not only Protestant historiography but also Roman Catholic accounts of the Reformation and Protestant intellectual life The book opens the possibility for contemporary reception engagement and critique and even intra Protestant relations and includes Information on the fruitful appropriation of Aquinas in Anglican Lutheran and Reformed theologians over the centuries Important essays from leading scholars on the teachings of Aquinas New perspectives on Thomas Aquinas s position as a towering figure in the history of Christian thought *Aquinas Among the Protestants* is a ground breaking and interdenominational work for students and scholars of Thomas Aquinas and theology more generally

Fruit for the Soul Dennis Ngien, 2015-12-01 Given a life spent in scholarship and controversy it is easy to forget how much energy Martin Luther devoted to helping the common person understand and take comfort from God s word This commitment extended to even the most challenging of biblical texts and nowhere is this more apparent than Luther s work on the lament Psalms Difficult to understand and perhaps even more difficult to implement in life and devotion the lament Psalms played a key role in Luther s thought More importantly the lament Psalms were for Luther an essential part of the Christian s understanding of the life of faith In this volume Dennis Ngien helps contemporary readers engage Luther s commentary on the lament Psalms What Luther intended for the education and encouragement of everyday Christians Ngien unpacks and illuminates for life in the twenty first century Introduced and commended by Robert Kolb the volume will be appreciated by teacher and student alike *Beyond Dordt and De Auxiliis* Jordan Ballor, Matthew Gaetano, David Sytsma, 2019-09-02 *Beyond Dordt and De Auxiliis* explores post Reformation inter confessional theological

exchange on soteriological topics including predestination grace and free choice These doctrines remained controversial within confessional traditions after the Reformation as Dominicans and Jesuits and later Calvinists and Arminians argued about these critical issues in the Augustinian theological heritage Some of those involved in condemning Arminianism at the Synod of Dordt 1618 1619 were inspired by Dominican followers of Thomas Aquinas in Spain who had recently opposed the vigorous defense of free choice by Jesuit Molinists in the Congregatio de auxiliis 1598 1607 This volume appearing on the 400th anniversary of the closing of the Synod of Dordt brings together a group of scholars working in fields that only rarely speak to one another to address these theological debates that cross geographical and confessional boundaries

Protestant Scholasticism: Essays in Reassessment Carl R. Trueman, Scott R. Clark, 2007-10-01 Traditionally Protestant theology between Luther's early reforming career and the dawn of the Enlightenment has been seen in terms of decline and fall into the wastelands of rationalism and scholastic speculation In this volume a number of scholars question such an interpretation The editors argue that the development of Post Reformation Protestantism can only be understood when a proper historical model of doctrinal change is adopted This historical concern underlies the subsequent studies of theologians such as Calvin Beza Olevian Baxter and the two Turrentini The result is a significantly different reading of the development of Protestant Orthodoxy one which both challenges the older scholarly interpretations and clichés about the relationship of Protestantism to among other things scholasticism and rationalism and which demonstrates the fruitfulness of the new historical approach Contributors D V N Bagchi David C Steinmetz Richard A Muller Frank A James III John L Farthing Lyle D Bierma R Scott Clark Donald Sinnema Paul R Schaefer W Robert Godfrey Carl R Trueman Philip G Ryken John E Platt Joel R Beeke James T Dennison Jr Martin I Klauber Lowell C Green and David P Scaer *Promissory Notes on the Treasury of Merits* Robert Swanson, 2018-11-12 *Promissory Notes on the Treasury of Merits* is a volume of 12 essays by a distinguished team of international scholars dealing with the place of indulgences in the religious life of Europe between roughly 1250 and the outbreak of the Reformation Some of the articles offer regional analyses stretching from Spain to the Netherlands from England to Bohemia and Italy Others deal with the theology and theological and practical controversies provoked by indulgences or with thematic issues like the place of indulgences in fifteenth century crusades in pilgrimage and the early exploitation of print in their distribution The complementary nature of the articles builds into a fuller picture of the central but hitherto neglected role which indulgences had in late medieval European religious life **Acts of**
