Updegrove,2023-10-19 Delves into the life and presidency of LBJ illustrating how his policies laid the foundations of contemporary America *Lyndon B. Johnson* Charles Peters,2010-06-08 The towering figure who sought to transform America into a Great Society but whose ambitions and presidency collapsed in the tragedy of the Vietnam War Few figures in American history are as compelling and complex as Lyndon Baines Johnson who established himself as the master of the U S Senate in the 1950s and succeeded John F Kennedy in the White House after Kennedy s assassination on November 22 1963 Charles Peters a keen observer of Washington politics for more than five decades tells the story of Johnson s presidency as the tale of an immensely talented politician driven by ambition and desire As part of the Kennedy Johnson administration from 1961 to 1968 Peters knew key players including Johnson s aides giving him inside knowledge of the legislative wizardry that led to historic triumphs like the Voting Rights Act and the personal insecurities that led to the tragedy of Vietnam Peters s experiences have given him unique insight into the poisonous rivalry between Johnson and Robert F Kennedy showing how their misunderstanding of each other exacerbated Johnson s self doubt and led him into the morass of Vietnam which crippled his presidency and finally drove this larger than life man from the office that was his lifelong ambition

Pivotal Tuesdays Margaret O'Mara, 2015-08-20 Serious and silly unifying and polarizing presidential elections have become events that Americans love and hate Today's elections cost billions of dollars and consume the nation's attention for months filling television airwaves and online media with endless advertising and political punditry often heated vitriolic and petty Yet presidential elections also provoke and inspire mass engagement of ordinary citizens in the political system No matter how frustrated or disinterested voters might be about politics and government every four years on the first Tuesday in November the attention of the nation and the world focuses on the candidates the contest and the issues The partisan election process has been a way for a messy jumbled raucous nation to come together as a slightly more perfect union Pivotal Tuesdays looks back at four pivotal presidential elections of the past 100 years to show how they shaped the twentieth century During the rowdy four way race in 1912 between Teddy Roosevelt William Howard Taft Eugene Debs and Woodrow Wilson the candidates grappled with the tremendous changes of industrial capitalism and how best to respond to them In 1932 Franklin Roosevelt's promises to give Americans a New Deal to combat the Great Depression helped him beat the beleaguered incumbent Herbert Hoover The dramatic and tragic campaign of 1968 that saw the election of Richard Nixon reflected an America divided by race region and war and set in motion political dynamics that persisted into the book's final story the three way race that led to Bill Clinton's 1992 victory Exploring the personalities critical moments and surprises of these races Margaret O'Mara shows how and why candidates won or lost and examines the effects these campaigns had on the presidencies that followed But this isn't just a book about politics It is about the evolution of a nation and the history made by ordinary people who cast their ballots

The Segregated Hour Jeremy D. Lucas, 2009-02-20 On March 18 2008 as Barack Obama rose to the stage in Philadelphia political commentators were on pins and needles over how he was going to address the fiery sermons of his long time friend and mentor the Reverend Jeremiah Wright With an eye toward a more perfect union the soon to be president offered his initial thoughts on the current state of race relations in America The fact that so many people are surprised to hear that anger in some of Reverend Wright's sermons simply reminds us of the old truism that the most segregated hour in American life occurs on Sunday morning Soon after the Civil Rights Movement came to an end James Cone had been the first to write of this old truism when he introduced the world to something he called Black Liberation Theology Centuries of slavery discrimination and violence had stained the canvas of America's racial divide but laws now required the immediate and full integration of public life For those still angered by past and present oppression there was only one place of refuge where the government would not intrude the black church Cone became their primary theologian Rarely seen in small towns and rural fellowships black liberation has been relegated to the inner city neighborhoods where the poor reach out for anyone who will give them hope for a better tomorrow Whether the preachers of liberation have been truly held accountable for the accuracy of their message is the subject of great controversy

but there can be no productive dialogue over such matters until those who would cast judgment first acknowledge the honest and often tragic history that has created this most segregated hour of American life
