The Lyric Impulse Cecil Day Lewis, 1965 No detailed description available for The Lyric Impulse Lyric Scott Brewster, 2009-06-02 Lyric traces the history of the term from its classical origins through the early modern Romantic and Victorian periods and up to the twentieth century and demonstrates the influence of various definitions of lyric on poetic practice literature music and other popular cultural forms *Shakespearean Metadrama* James L. Calderwood, 1971-03-10 Shakespearean Metadrama was first published in 1971 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In a new approach to Shakespeare criticism the author interprets five of Shakespeare's early plays as metadramas dramas that are not only about the various moral social political and other thematic issues with which critics have so long been concerned but also about the plays themselves Professor Calderwood demonstrates that in these five plays Shakespeare writes about his dramatic art its nature its media of language and theater its generic forms and conventions its relationship to truth and the social order In an introductory chapter the author explains his theory of metadrama placing it in a general critical context as well as in the specific framework of Shakespeare's plays He distinguishes between the meaning of metadrama and the similar terms metaplay and metatheatre He points out that the dominant metadramatic aspect of the five plays under study is the interplay of language and action in drama A separate chapter is devoted to the interpretation of each of the plays Professor Calderwood is aware that in presenting his critical theory and interpretations he may be met with skepticism by other scholars and critics He anticipates such a situation in the introduction To the critic trying on introductory styles for a book on Shakespearean metadrama he writes the plight of Falstaff at the Boar's Head Tavern comes all too readily to mind What trick he must ask himself what device what starting hole canst thou now find out to hide thee from this open and apparent shame Living in Time Albert Gelpi, 1998 Albert Gelpi explores in three expansive sections the major periods of the poet's development beginning with the emergence of Day Lewis in the thirties as the most radical of the Oxford poets An artist who sought through poetry a way of living in time without traditional religious assurances Day Lewis went further than his friends in seeking to forge a revolutionary poetry out of his commitment to Marxism When Stalinism led to his resignation from the Communist Party Day Lewis in the forties went on to shape a rich fiercely perceptive poetry out of the convergence of the wartime crisis with the explosive events of his own inner life intensified by the erotics of a decade long affair **The Lyric Theory Reader** Virginia Walker Jackson, Yopie Prins, 2014-02 Reading lyric poetry over the past century The Lyric Theory Reader collects major essays on the modern idea of lyric made available here for the first time in one place Representing a wide range of perspectives in Anglo American literary criticism from the twentieth and twenty first centuries the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry Virginia Jackson and Yopie Prins frame these conversations with a general introduction bibliographies for further reading and

introductions to each of the anthology's ten sections: genre theory, historical models of lyric, New Criticism, structuralist and post-structuralist reading, Frankfurt School approaches, phenomenologies of lyric reading, avant-garde, anti-lyricism, lyric and sexual difference, and comparative lyric. Designed for students, teachers, scholars, poets, and readers with a general interest in poetics, this book presents an intellectual history of the theory of lyric reading that has circulated both within and beyond the classroom wherever poetry is taught, read, discussed, and debated today.

Queer Lyrics J. Vincent, 2016-09-23 *Queer Lyrics* fills a gap in queer studies: the lyric as poetic genre has never been directly addressed by queer theory. Vincent uses formal concerns, difficulty, and closure to discuss innovations specific to queer American poets. He traces a genealogy based on these queer techniques from Whitman through Crane and Moore to Ashbery and Spicer. *Queer Lyrics* considers the place of form in queer theory while opening new vistas on the poetry of these seminal figures.

The Elizabethan Lyric John Erskine, 1903

The Lyric Voice in English Theology Elizabeth S. Dodd, 2023-09-21 In this book Elizabeth S. Dodd traces the contours of a lyric theology through the lens of English lyric tradition. She addresses the dominance of narrative and drama in contemporary theological aesthetics by drawing on recent developments in lyric theory. Informed by the work of critics such as Jonathan Culler, Dodd explores the significance of lyric for theological discourse. Lyric is presented here as a short, musical, expressive, and personal form that is also fragmentary, embodied, socially located, and performative. The main chapters address key moments in English lyric tradition. This selective approach aims to expand the theological gaze beyond the monochromatic features of the traditional canon. It covers Anglo-Saxon hymns, medieval lullaby carols, early modern sonnets, and the prophetic poetry of Romanticism, but also Grime and hip-hop performance poetry, social media poetry, and Geoffrey Hill.

Parnassus Herbert A. Leibowitz, 1994 A selection of the essays on contemporary poetry from the best poetics journal in the field.
