The Poems of T. S. Eliot, Volume II T. S. Eliot, 2024-03-26 The second volume of the first paperback edition of The Poems of T S Eliot featuring Old Possum's Book of Practical Cats and his translation of Anabase This two volume critical edition of T S Eliot's poems establishes a new text of the Collected Poems 1909 1962 rectifying accidental omissions and errors that have crept in during the century since Eliot's astonishing debut The Love Song of J Alfred Prufrock In addition to the masterpieces The Poems of T S Eliot contains the poems of Eliot's youth which were rediscovered only decades later poems that circulated privately during his lifetime and love poems from his final years written for his wife Valerie Calling upon Eliot's critical writings as well as his drafts letters and other original materials Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem Following the collected and uncollected poems of the first volume this second volume opens with the two books of verse of other kinds that Eliot issued the children's verse of Old Possum's Book of Practical Cats and Anabasis his translation of St John Perse's Anabase This volume then gathers the verses that Eliot contributed to the learnedly lighthearted exchanges of Noctes Binanian and others that he wrote off the cuff or for intimate friends Each of these sections is accompanied by its own commentary Finally pertaining to the entire edition there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse

Parliament and Politics in the Age of Churchill and Attlee Cuthbert Morley Headlam, 1999 The private diary of a senior Conservative Member of Parliament during the Second World War

Bozo Sapiens Michael Kaplan, Ellen Kaplan, 2009-08-01 The New York Times called Chances Are the authors look at the application of probability in everyday life a dizzying exhilarating ride In Bozo Sapiens they take us on another funhouse journey exploring the surprising or alarming number of ways that humans can make bad judgments and poor decisions The Kaplans ability to explain everything from statistics to evolutionary biology in witty accessible and anecdotal style will endear this book to readers of Blink Freakonomics and other recent pop social science successes

Selected Letters of Siegfried Sassoon and Edmund Blunden, 1919-1967 Vol 3 Carol Z Rothkopf, 2020-09-10 Of the 16 WWI poets memorialized in Westminster Abbey two were destined to become lifelong friends Although both served on the Western Front it was not until 1919 that Siegfried Sassoon received his first letter from Edmund Blunden This collection of Sassoon and Blunden's correspondence contains more than 1 000 letters cards and telegrams

Churchill and Company David Dilks, 2012-12-18 Winston Churchill the great wartime leader and peacetime Prime Minister is one of the dominating figures of the 20th century In this stimulating and original book David Dilks the eminent historian of modern Britain and a leading Churchill scholar provides a fascinating source of new discoveries and insights He shows Churchill not only as a war leader and international statesman but also as a private person with a rich variety of interests enthusiasms friendships and rivalries Churchill's relations with other leading politicians and statesmen of the age

both within Britain and internationally illuminate his handling of friends and enemies Sometimes these categories were not easily separated for a long while Churchill thought of Stalin as a friend or at least a comrade in arms and only with extreme reluctance did he come to look upon him ultimately as an enemy He regarded Roosevelt with admiration and gratitude yet the balance of evidence suggests that the President felt less warmly towards him especially after 1943 Dilks casts new and penetrating light on Churchill during World War II including his dramatic and troubled relationship with Charles de Gaulle where political problems were softened by Churchill's love of France The aftermath of World War II relations with Stalin the Soviet Union and the Cold War all dominated Churchill's subsequent career The last chapter draws attention to the influence of history on statesmen and others not least because no public man of the last century with the possible exception of de Gaulle has influenced on Churchill's scale or with his effectiveness the writing and the making of history Whether in or out of office Churchill's influence has been felt in all areas of British politics and national life David Dilks brings Churchill to life for all those interested modern British and international history whether student specialist or general reader

Modernity Britain David Kynaston, 2014-12-02 Modernity Britain 1957-1963 continues David Kynaston's groundbreaking series Tales of a New Jerusalem telling as never before the story of Britain from VE Day in 1945 to the election of Margaret Thatcher in 1979

Images and Artefacts of the Ancient World Alan K. Bowman, Michael Brady, 2005-05-26 In this genuinely productive interdisciplinary dialogue engineering scientists archaeologists and historians discuss how recent exciting developments in imaging image analysis and image display diffusion can be applied to three dimensional objects of material culture from the classical world ranging from inscribed writing tablets to buildings and urban sites The fifteen papers explore the ways in which the scientific contributors and the historians are thinking about subjectivity of interpretation visual cognition and the need to improve the presentation of evidence so as to feed directly back into their own scientific thinking and to encourage genuine innovation in developing methods of image enhancement and the interpretation of objects

The British Library General Catalogue of Printed Books 1976 to 1982 British Library, 1983

1,000 Books to Read Before You Die James Mustich, 2018-10-02 The ultimate literary bucket list THE WASHINGTON POST Celebrate the pleasure of reading and the thrill of discovering new titles in an extraordinary book that's as compulsively readable entertaining surprising and enlightening as the 1 000 plus titles it recommends Covering fiction poetry science and science fiction memoir travel writing biography children's books history and more 1 000 Books to Read Before You Die ranges across cultures and through time to offer an eclectic collection of works that each deserve to come with the recommendation You have to read this But it's not a proscriptive list of the great works rather it's a celebration of the glorious mosaic that is our literary heritage Flip it open to any page and be transfixed by a fresh take on a very favorite book Or come across a title you always meant to read and never got around to Or like browsing in the best kind of bookshop stumble on a completely unknown author and work and feel that tingle of discovery There are classics of course and unexpected treasures too Lists to help pick and choose like Offbeat

Escapes or A Long Climb but What a View And its alphabetical arrangement by author assures that surprises await on almost every turn of the page with Cormac McCarthy and The Road next to Robert McCloskey and Make Way for Ducklings Alice Walker next to Izaak Walton There are nuts and bolts too best editions to read other books by the author if you like this you'll like that recommendations and an interesting endnote of adaptations where appropriate Add it all up and in fact there are more than six thousand titles by nearly four thousand authors mentioned a life changing list for a lifetime of reading 948 pages later you still want more THE WASHINGTON POST Britain and Joseph Chamberlain Michael Balfour, 2023-06-09 First Published in 1985 Britain and Joseph Chamberlain is not simply the first biography of Joseph Chamberlain to be written from a radical standpoint but also an exercise in counter history What difference might it have made if Ireland had been set on the road to self government in 1886 if the reforms of the 1906 Liberal Government had been enacted before 1890 and if it had fallen to a government of the left to handle the Boers All these possibilities were ruled out when Chamberlain in a fit of personal animosity broke with Gladstone over Home Rule He probably also thereby removed the last chance of the Labour Party growing out of the Liberal Party instead of competing with it for progressive votes and so facilitating the Conservative domination of politics between 1922 1940 Professor Balfour on the other hand does not believe that even if Chamberlain had remained a radical and become Prime Minister he would have been able to arrest Britain's slackening growth This book is an important historical document for scholars of British history
