M16 Fifty Years Special Operations:

A Companion to Contemporary Britain 1939 - 2000 Paul Addison, Harriet Jones, 2008-04-15 A Companion to Contemporary Britain covers the key themes and debates of 20th century history from the outbreak of the Second World War to the end of the century. Assesses the impact of the Second World War. Looks at Britain's role in the wider world including the legacy of Empire. Britain's special relationship with the United States and integration with continental Europe. Explores cultural issues such as class consciousness, immigration and race relations, changing gender roles and the impact of the mass media. Covers domestic politics and the economy. Introduces the varied perspectives dominating historical writing on this period. Identifies the key issues which are likely to fuel future debate. *The Eden-Eisenhower Correspondence, 1955-1957* Peter G. Boyle, 2006-03-13 The personal correspondence between President Dwight D. Eisenhower and Prime Minister Anthony Eden during the time they were simultaneously in office tells the dramatic story of a relationship that began with great promise but ended in division and estrangement. Many of the letters have only recently been declassified, making it possible for the first time to publish this unique historic collection in its entirety. Peter G. Boyle's introduction, annotations and conclusion provide context for the letters, details about the personalities and careers of Eden and Eisenhower and major issues that influenced the Anglo-American relationship up to 1955, such as relations with the Soviet Union, nuclear concerns, colonialism, the Middle and Far East, economic issues and intelligence matters. The letters themselves offer an intimate look into the special connection between Britain and the United States through the often eloquent words of their leaders. They offer particular insight into the Suez Crisis of 1956 when Eden's and Eisenhower's views greatly diverged over the use of force to resolve the situation. Their personal relationship cooled from that point on and ended with Eden's resignation in January 1957. *Britain, Nasser and the Balance of Power in the Middle East, 1952-1977* Robert McNamara, 2004-08-02 A multi-archival documentary history of British policy towards Nasser's Egypt under the Churchill, Eden, Macmillan, Home and Wilson governments. The primary focus of the study is an enquiry into the causes of the Anglo-Egyptian Cold War from 1952 to 1967. *Britain, America and Anti-Communist Propaganda 1945-53* Andrew Defty, 2013-12-02 In the Cold War battle for hearts and minds, Britain was the first country to formulate a coordinated global response to communist propaganda. In January 1948 the British government launched a new propaganda policy designed to oppose the inroads of communism by taking the offensive against it. A small section in the Foreign Office, the innocuously titled Information Research Department (IRD), was established to collate information on communist policy, tactics and propaganda and coordinate the discreet dissemination of counter-propaganda to opinion formers at home and abroad. **Killing Hitler** Roger Moorhouse, 2006-03-28 For the first time in one enthralling book, here is the incredible true story of the numerous attempts to assassinate Adolf Hitler and change the course of history. Disraeli once declared that assassination never changed anything, and yet the idea that World War II and the horrors of the Holocaust might have been averted with a single bullet or bomb has

remained a tantalizing one for half a century What historian Roger Moorhouse reveals in *Killing Hitler* is just how close and how often history came to taking a radically different path between Adolf Hitler's rise to power and his ignominious suicide Few leaders in any century can have been the target of so many assassination attempts with such momentous consequences in the balance Hitler's almost fifty would be assassins ranged from simple craftsmen to high ranking soldiers from the apolitical to the ideologically obsessed from Polish Resistance fighters to patriotic Wehrmacht officers and from enemy agents to his closest associates And yet up to now their exploits have remained virtually unknown buried in dusty official archives and obscure memoirs This then for the first time in a single volume is their story A story of courage and ingenuity and ultimately failure ranging from spectacular train derailments to the world's first known suicide bomber explaining along the way why the British at one time declared that assassinating Hitler would be unsporting and why the ruthless murderer Joseph Stalin was unwilling to order his death It is also the remarkable terrible story of the survival of a tyrant against all the odds an evil dictator whose repeated escapes from almost certain death convinced him that he was literally invincible a conviction that had appalling consequences for millions

Consuls in the Cold War, 2023-05-08 No studies currently exist on consuls and consulates often dismissed as lowly figures in the diplomatic process in the Cold War Research into the work of these overlooked poor relations offers the chance of new perspectives in the field of Cold War studies exploring their role in representing their country's interests in far flung and unexpected places and their support for particular communities of fellow nationals and itinerant travellers in difficulties These unnoticed actors on the international stage played far more complicated roles than one generally imagines Contributors are Tina Tamman David Schriffl Ariane Knuesel Lori Maguire Laurent Cesari Sue Onslow Pedro Aires Oliveira David Lee and Marek Ha derek

Nasser Said K. Aburish, 2013-11-05 Nasser is a definitive and engaging portrait of a man who stood at the center of this continuing clash in the Middle East Since the death of Egyptian president Gamal Abdel Nasser in 1970 there has been no ideology to capture the imagination of the Arab world except Islamic fundamentalism Any sense of completely secular Arab states ended with him and what we see today happening in the Middle East is a direct result of Western opposition to Nasser's strategies and ideals Nasser is a fascinating figure fraught with dilemmas With the CIA continually trying to undermine him Nasser threw his lot in with the Soviet Union even though he was fervently anti Communist Nasser wanted to build up a military on par with Israel's but didn't want either the 56 or 67 wars This was a man who was a dictator but also a popular leader with an ideology which appealed to most of the Arab people and bound them together While he was alive there was a brief chance of actual Arab unity producing common honest and incorruptible governments throughout the region More than ever the Arab world is anti Western and teetering on disaster and this examination of Nasser's life is tantamount to understanding whether the interests of the West and the Arab world are reconcilable

Clem Attlee Francis Beckett, 2015-08-15 As British prime minister from 1945 to 1951 Clement Attlee built a legacy that includes today's famous and controversial National Health Service yet he is

often remembered as a rather dull political figure Rejecting Winston Churchill's jibe that Attlee was a modest little man with plenty to be modest about this biography makes the case that his reputation as Britain's greatest reforming prime minister is fully deserved Building on his earlier work on Attlee and including new research and stories many of which are published here for the first time Francis Beckett highlights Attlee's relevance for a new generation A poet and dreamer Attlee led a remarkable political life that saw among other challenges the beginning of the Cold War Ultimately this perceptive biography demonstrates that Attlee's ideas have never been more relevant *The CIA, the British Left and the Cold War* Hugh Wilford, 2013-10-23 Shortly after it was founded in 1947 the CIA launched a secret effort to win the Cold War allegiance of the British left Hugh Wilford traces the story of this campaign from its origins in Washington DC to its impact on Labour Party politicians trade unionists and Bloomsbury intellectuals **IBSS** Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences
