The Aftermath of the Cassinga Massacre Amukwaya Shigwedha, 2017-03-27 It took the former South African Defence Force SADF less than four hours to kill more than eight hundred Namibian refugees at Cassinga on May 4 1978 Thousands of survivors were left with irreparable physical and emotional injuries The unhealed trauma of Cassinga a Namibian civilian camp in southern Angola before the massacre is beyond the worst that the victims of the attack experienced on the ground Unacceptable layers of pain and suffering continue to grow and multiply as the victims grievances and other issues arising out of the aftermath of the massacre have been ignored particularly following Namibias political independence In this book the afterlife of the victims traumatic memories and their aspiration for justice vis vis the perpetrators enjoyment of blanket impunity from prosecution in spite of their ongoing denial of killing and maiming innocent civilians at Cassinga are explored with the aim to create public awareness about the unfortunate circumstances of the Cassinga victims **Truth in the**

Syrian Information and Propaganda War Ben Cole, 2022-02-22 This book focuses on the propaganda war between the Syrian government and the opposition movement which excludes the Islamic State and the Kurdish led SDF Drawing on international relations psychology and media studies the book encourages readers to question the dominant discourse on the war The core of the book outlines the propaganda battles over the main paradigms and narratives that framed the war exploring the shortcomings of those paradigms and narratives identifying who won the propaganda war and why and assessing what impact it had on the military side of the war In particular it focuses on the role of cognitive bias amongst primary and secondary sources in determining the outcome of the propaganda war and whether the influence of this propaganda is best explained by effects or limited effects theory Through explaining the dynamics of the propaganda war the book encourages readers to critically question the dominant discourse on the war assists them in understanding primary and secondary reporting on the war and shows that the impact of the propaganda war is best understood in terms of limited effects theory The book s main findings are that i the opposition won the international propaganda war but failed to win the propaganda war inside Syria ii propaganda had relatively little effect on shaping attitudes either inside Syria or internationally instead its main effect was to reinforce attitudes that had already been shaped by other factors and iii the reality of the war lies between the conflicting paradigms and narratives being promoted by each side **The Palestine**
