Macaronic Sermons Bilingualism And Preaching In Late Medieval England:

Macaronic Sermons Siegfried Wenzel, 1994-09-07 Siegfried Wenzel's groundbreaking study seeks to describe and analyze the linguistically mixed or macaronic sermons in late fourteenth century England. Not only are these works of considerable religious interest; they provide extensive information on their literary, linguistic, and cultural milieu. *Macaronic Sermons* begins by offering a typology of such works: those in which English words offer glosses or offer structural functions or offer neither of the two but yet are syntactically integrated. This last group is then examined in detail; reasons are given for this usage and for its origins based on the realities of fourteenth century England. Siegfried Wenzel draws valuable conclusions about the linguistic status quo of the era together with the extent of education, the audience's expectations, and the ways in which the authors' minds worked. Obviously of interest to scholars and students of early English literature, *Macaronic Sermons* also contains much valuable information for specialists in language development or oral theory and for those interested in multicultural societies. *Latin Sermon Collections from Later Medieval England* Siegfried Wenzel, 2005-02-17 Until the Reformation, almost all sermons were written down in Latin. This is the first scholarly study systematically to describe and analyze the collections of Latin sermons from the golden age of medieval preaching in England, the fourteenth and fifteenth centuries. Basing his studies on the extant manuscripts, Siegfried Wenzel analyzes these sermons and the occasions when they were given. Larger issues of preaching in the later Middle Ages, such as the pastoral concern about preaching originality in sermon making and the attitudes of orthodox preachers to Lollards, receive detailed attention. The surviving sermons and their collections are listed for the first time in full inventories which supplement the critical and contextual material. Wenzel presents This book is an important contribution to the study of medieval preaching and will be essential for scholars of late medieval literature, history, and religious thought. *Preaching During the English Reformation* Susan Wabuda, 2002-11-21 This is a study of the religious culture of sixteenth century England, centred around preaching and is concerned with competing forms of evangelism between humanists of the Roman Catholic Church and emerging forms of Protestantism. More than any other authority, Erasmus refashioned the ideal of the preacher. Protestant reformers adopted preaching Christ as their strategy to promote the doctrine of justification by faith. The apostolic traditions of the preaching chantries provided standards that evangelical reformers used to supplant the mendicant friars in England. The late medieval cult of the Holy Name of Jesus is explored; the pervasive iconography of its symbol, IHS, became one of the attributes of moderate Protestant belief. The book also offers fresh perspectives on fifteenth and sixteenth century figures on every side of the doctrinal divide, including John Rotherham, John Colet, Hugh Latimer, and Anne Boleyn. **Lollards and Their Influence in Late Medieval England** Fiona Somerset, Jill C. Havens, Derrick G. Pitard, 2003 Who were the Lollards? What did Lollards believe? What can the manuscript record of Lollard works teach us about the textual dissemination of Lollard beliefs and the audience for Lollard writings? What did Lollards have in common with other reformist or dissident thinkers in late medieval

England and how were their views distinctive These questions have been fundamental to the modern study of Lollardy also known as Wycliffism The essays in this book reveal their broader implications for the study of English literature and history through a series of closely focused studies that demonstrate the wide ranging influence of Lollard writings and ideas on later medieval English culture Introductions to previous scholarship and an extensive Bibliography of printed resources for the study of Wyclif and Wycliffites provide an entry to scholarship for those new to the field Contributors DAVID AERS MARGARET ASTON HELEN BARR MISHTOONI BOSE LAWRENCE M CLOPPER ANDREW COLE RALPH HANNA III MAUREEN JURKOWSKI ANDREW LARSEN GEOFFREY H MARTIN WENDY SCASE FIONA SOMERSET EMILY STEINER FIONA SOMERSET is at Duke University Durham NC JILL C HAVENS is at Texas Christian University DERRICK G PITARD is at Slippery Rock University PA
