MacArthur The War Against Japan:

MacArthur and the War Against Japan Frazier Hunt, 1944 The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru *MacArthur's ULTRA* Edward J. Drea, 1992 Cracking the enemy's radio code is a task so urgent and so difficult that it demands the military's best minds and most sophisticated technology But when the coded messages are in a language as complex as Japanese decoding problems multiply dramatically **MacArthur's Jungle War** Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive Strategic Air War Against Japan Haywood S. Hansell, 1980 **Japan's Denial and MacArthur's Secret Deal** Mac Horino, 2004-09 Japan's Denial MacArthur's Secret Deal is a sociocultural analytical approach to bottom out the cause and effect of what Japan has become today and her current societal dysfunction beyond economic crisis Japan's Denial MacArthur's Secret Deal is to unveil the kept secret of Japan when supreme Commander of Allied Powers General Douglas MacArthur summoned Emperor Hirohito to GHQ right after Japan accepted an unconditional surrender The socio cultural analysis examines the unexpected opportunity MacArthur created for the post war Japan as a result of his fateful decision and looks into her formative years as a modern nation to explain how Japan developed a collective unconscious national character disorder which has led both to her success as the world second economy and as her failure to develop a post World War II socio cultural identity The analysis depicts the inner working of Japanese psyche and emotion Discover the roots of conceived myth of Japan as an inscrutable and alien nation in Western experiences yet so approachable via Pokemon gadget rich electronics appliances and fully loaded cars To them Japan is in spite of all these exposure a nation of contradiction and duality **MacArthur's Victory** Harry Gailey, 2007-12-18 A GREAT WARRIOR AT THE PEAK OF HIS POWERS In March 1942 General Douglas MacArthur faced an enemy who in the space of a few months captured Malaya Burma the Philippines the Dutch East Indies and from their base at Raubaul in New Britain threaten Australia Upon his retreat to Australia MacArthur hoped to find enough men and material for a quick offensive against the Japanese Instead he had available to him only a small and

shattered air force inadequate naval support and an army made up almost entirely of untried reservists Here is one of history's most controversial commanders battling his own superiors for enough supplies since President Roosevelt favored the European Theater butting heads with the Navy which opposed his initiatives and on his way to making good his promise of liberating the Philippines In the battles for Buna Lae and Port Moresby the capture of Finschhafen and other major actions he would prove his critics wrong and burnish an image of greatness that would last through the Korean War This was the other Pacific War the one MacArthur fought in New Guinea and against all odds and most predictions decisively won

Intelligence and the War Against Japan Richard J. Aldrich, 2000-04-13 This book explores the politics of the British and American secret service during the Far Eastern War

Tropical Warfare in the Asia-Pacific Region, 1941-45 Kaushik Roy, 2017-10-25 This is the first book to provide a comprehensive overview of the land war during the Second World War in South East Asia and the South and South West Pacific The extensive existing literature focuses on particular armies Japanese British American Australian or Indian and or on particular theatres the Philippines Papua New Guinea Malaya or Burma This book on the contrary argues that warfare in all the theatres was very similar especially the difficulties of the undeveloped terrain and that there was considerable interchange of ideas between the allied armies which enabled the spread of best practice among them The book considers tactics training technology and logistics assesses the changing state of the combat effectiveness of the different armies and traces the course of the war from the Japanese Blitzkrieg of 1941 through the later stalemate and the hard fought Allied fightback Although the book concentrates on ground forces due attention is also given to air forces and amphibious operations One important argument put forward by the author is that the defeat of the Japanese was not inevitable and that it was brought about by chance and considerable tactical ingenuity on the part of US and British imperial forces

MacArthur's Coalition Peter J. Dean, 2018-04-03 From 1942 1945 the Allies war in the Southwest Pacific was effectively a bilateral coalition between the United States and Australia under the command of General Douglas MacArthur By charting the evolution of the military effectiveness of the US Australian alliance MacArthur's Coalition puts the relationship between the United States and Australia at the center of the war against Japan Drawing on new primary source material Peter J Dean has written the first substantial book length treatment of the coalition as a combined military force This expansive and ambitious book provides a fresh perspective on the Pacific War by providing a close up in depth account of operations in the Southwest Pacific from the Kokoda Trail campaign to the reconquest of the Philippines and Borneo Dean's work takes the reader deep into the key military headquarters in the Southwest Pacific and reveals the discussions debates and arguments between key commanders and staff officers during the course of planning and waging a monumental conflict Drawing upon archival records across three continents Dean brings the qualities of these senior officers to life by exploring the critical importance of personalities and leadership in overcoming cultural doctrinal and organizational divides in the largely unequal alliance Set against the practicalities of fighting a fanatical enemy in some of

the most inhospitable terrain in the war his book shows how despite these divides and MacArthur's difficult personality the US Australian coalition was able to forge a highly effective and ultimately triumphant fighting machine With its unprecedented view of the joint nature of operations in the Southwest Pacific and its focus on frontline commanders and units in forging a successful fighting force MacArthur's Coalition illuminates a critical aspect of the Allied victory in World War II
