Macedonio Fernandez and the Spanish American New Novel Jo Anne Engelbert, 1978

Macedonio Fernández: Between Literature, Philosophy, and the Avant-Garde Federico Fridman, 2022-01-13 At Macedonio Fernández's funeral in 1952 Jorge Luis Borges delivered the following elegy In those years I imitated him to the point of transcription to the point of devout and passionate plagiarism I felt Macedonio is metaphysics Macedonio is literature This is the first book available in English that collects essays by the world's leading scholars on Macedonio Fernández one of Borges's most important mentors and a still enigmatic thinker of the early 20th century Macedonio's philosophy metaphysics ethics and experimental writing laid the foundations for Borges's own theoretical and literary matrix Nonetheless Borges helped shape a myth of Macedonio as a thinker who could not translate his oratorical geniality into written intelligibility So despite the centrality of Macedonio to Borges's thought his work has remained almost unknown to English speaking readers Contributors to this volume demonstrate however that this myth reduces the complexities of Macedonio's life and creative process as each chapter shines new light on his texts Conceived as both a companion for new readers of Macedonio's writings and an invitation for specialists to revisit his work through new perspectives essays in this volume provide extensive background and bibliographical references as well as English translations of Macedonio's original texts This collection seeks to serve as a catalyst for the continued discovery and rediscovery of Macedonio Fernández's texts and the ways they might help us to rediscover the singularities of our own present moment

A Companion to Modern Spanish American Fiction Donald Leslie Shaw, 2002 With such figures as Jorge Luis Borges Miguel Ángel Asturias and Gabriel García Márquez both the latter Nobel Prizewinners Spanish American fiction is now unquestionably an integral part of the mainstream of Western literature This book draws on the most recent research in describing the origins and development of narrative in Spanish America during the nineteenth and twentieth centuries tracing the pattern from Romanticism and Realism through Modernismo Naturalism and Regionalism to the Boom and beyond It shows how while seldom moving completely away from satire social criticism and protest Spanish American fiction has evolved through successive phases in which both the conceptions of the writer's task and presumptions about narrative and reality have undergone radical alterations DONALD SHAW holds the Brown Forman Chair of Spanish American literature in the University of Virginia

The Spanish American Novel John S. Brushwood, 2014-07-03 In *The Spanish American Novel* John S. Brushwood analyzes the twentieth century Spanish American novel as an artistic expression of social reality In relating the generic history of the novel to extraliterary events in Spanish America he shows how twentieth century fiction sets forth the essence of such phenomena as the first Perón regime the Mexican Revolution the Che Guevara legend indigenismo and the strongman political type In essence he views the novel as art rather than as document but not as art alienated from society The discussion is organized chronologically opening with the turn of the century and focusing on novels from 1900 to 1915 that exemplify various aspects of the nineteenth century

literary inheritance Brushwood then highlights the avant garde fiction influenced by Proust and Joyce of the 1920s as a precursory movement to the new Latin American novel a phenomenon that came into its own during the 1940s He then examines the boom in Spanish American fiction the period of extensive international recognition of certain works which he dates from 1962 or 1963 In each era considered the development of the novel is placed in dual perspective One view that of particularly significant novels in light of others published during the same year is a cross section of the genre at one particular moment The second view that of a panorama of novels published in intervals between significant moments in the history of the novel is more general and selective in the number of books discussed Combining the historical with the analytical approach the author proposes that the experience of a novel in which reality has been transformed into art is essential to our understanding of that reality

The Twentieth-Century Spanish American Novel Raymond Leslie Williams, 2009-07-21 A Choice Magazine Outstanding Academic Book Spanish American novels of the Boom period 1962 1967 attracted a world readership to Latin American literature but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century Indeed the desire to be modern is a constant preoccupation in twentieth century Spanish American literature and thus a very useful lens through which to view the century's novels In this pathfinding study Raymond L Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century Using the desire to be modern as his organizing principle he divides the century's novels into five periods and discusses the differing forms that the modern took in each era For each period Williams begins with a broad overview of many novels literary contexts and some cultural debates followed by new readings of both canonical and significant non canonical novels A special feature of this book is its emphasis on women writers and other previously ignored and or marginalized authors including experimental and gay writers Williams also clarifies the legacy of the Boom the Postboom and the Postmodern as he introduces new writers and new novelistic trends of the 1990s

Reclaiming the Author Lucille Kerr, 1992 The recent fiction of Spanish America has been widely acclaimed for its experimental and revolutionary qualities In Reclaiming the Author Lucille Kerr studies the sources of power of this newly emergent literature in her detailed examination of the critical concept of the author Kerr considers how Spanish American narratives raise questions about authorial identity and activity through the different figures of the author they propose These author figures she maintains both complement and contradict notions of authority that exist outside of the world of fiction By focusing on works by well known Spanish American authors Cortazar Donoso Fuentes Poniadowska Puig and Vargas Llosa Kerr shows how the Spanish Americans have formed a radical poetics of the author Her readings demonstrate how exemplary Spanish American texts such as Rayuela Terra nostra and El hablador call into question the author as a unitary or uniform and therefore unproblematical figure Individually and together Kerr s readings reclaim the author as a complex critical concept encompassing diverse conflicting even competitive roles

The Thousand and One Nights and Twentieth-Century Fiction Richard van Leeuwen, 2018-07-17 It is gradually being acknowledged that the Arabic story collection Thousand and One Nights has had a major influence on European and world literature This study analyses the influence of Thousand and One Nights as an intertextual model on 20th century prose from all over the world Works of approximately forty authors are examined those who were crucial to the development of the main currents in 20th century fiction such as modernism magical realism and post modernism The book contains six thematic sections divided into chapters discussing two or three authors works each from a narratological perspective and supplemented by references to the cultural and literary context It is shown how Thousand and One Nights became deeply rooted in modern world literature especially in phases of renewal and experiment
