More Machiavelli in Brussels M. P. C. M. van Schendelen, Rinus Van Schendelen, 2010 Countless interest groups representing governments and non governmental bodies try to lobby the European Union effectively in pursuit of the desired legislation subsidies and more Many lobby groups simply do what they see fit Others manage their affairs in the EU arena more professionally and it is their home front and their playing field which are the focus of this book Filled with real cases examples of good practice and special issues of EU lobbying it presents a wealth of information and analysis Like other political processes EU lobbying has its limits acknowledged here alongside its contribution to democracy both of which are discussed in this thought provoking and reflective book **The art of lobbying the EU** Rinus van Schendelen, 2014-03-15 More Machiavelli in Brussels is een uniek boek over belangengroepen en de invloed die zij uitoefenen op de overheid met name de Europese Unie EU Door bevindingen samen te voegen van zowel academici als EU medewerkers heeft Rinus van Schendelen een praktische handleiding samengesteld van onschatbare waarde voor een succesvollere lobby binnen de EU Van Schendelen verbindt in zijn boek twee thema's Het eerste is Public Affairs Management PA de expertise die nodig is om autoriteiten en belanghebbenden effectief en efficiënt te beïnvloeden Lobbyen speelt hierbij slechts een kleine rol Traditionele beïnvloedingsmanieren zijn steeds meer achterhaald en worden vervangen door PA Het tweede thema is de Europese Unie als politiek systeem Dit systeem is zeer belangrijk door haar wetten en besluiten en door de geldstromen van en naar de EU Dit trekt ontelbaar veel belangengroepen die opereren voor overheden en maatschappelijke organisaties Hoe wordt invloed binnen de EU gewonnen of in ieder geval niet verloren Aan de hand van Machiavelli's uitspraken benadrukt Van Schendelen zijn drie steekwoorden tot succes ambitie studie en voorzichtigheid In deze vierde herziene editie presenteert de auteur nieuwe feiten en voorbeelden uit de praktijk beperkingen en problemen van PA binnen de EU en de belangrijkste wijzigingen van PA binnen de EU Rinus van Schendelen is hoogleraar Politicologie aan de Erasmus Universiteit in Rotterdam **On Niccolò Machiavelli** Gabriele Pedullà, 2023-10-17 Five hundred years after his death Niccol Machiavelli still draws an astonishing range of contradictory characterizations Was he a friend of tyrants An ardent

republican loyal to Florence's free institutions The father of political realism A revolutionary populist A calculating rationalist A Renaissance humanist A prophet of Italian unification A theorist of mixed government A forerunner to authoritarianism The master of the dark arts of intrigue This book provides a vivid and engaging introduction to Machiavelli's life and works that sheds new light on his originality and relevance Gabriele Pedull a leading Italian expert and acclaimed writer offers fresh readings of the Florentine thinker's most famous writings The Prince and the Discourses on Livy as well as lesser known texts A new and often surprising Machiavelli emerges one closer to his time but also better suited to inform our own Pedull's portrait of Machiavelli highlights his close attention to social and emotional bonds staunch opposition to oligarchy keen awareness of the economic side of power dynamics and strong preference for history over philosophy as a guide for leaders This book recovers the excitement Machiavelli roused in his first readers for a twenty first century audience capturing his capacity to provoke both then and now with unconventional ideas and startling insights

Governing Europe's spaces Caitriona Carter, Martin Lawn, 2015-07-20 What do we imagine when we imagine Europe and the European Union To what extent is our understanding of the EU of its development its policies and its working processes shaped by unacknowledged assumptions about what Europe really is The book constructs a case for re imagining Europe not as an entity in Brussels or a series of fixed relations but as a simultaneously real and imagined space of action which exists to the extent that Europeans and others act in and on it This Europe is constantly

being made in particular spaces through specific actor struggles whose interconnections are often ill defined We ask how do those concerned with building Europe with extending and elaborating the EU think of where they are and what they are doing The book captures Europeans in the process of making Europe of performing interpreting modelling referencing consulting measuring and de politicising Europe *The Unseen Hand* Roger Scully,Rinus van Schendelen,2004-06-01 Who is really making EU laws and regulations Formally and according to most popular accounts responsibility lies with European politicians who are directly elected MEPs or indirectly accountable to elected bodies at the European or national level council In practice however as this book shows things can be very different The real makers of European legislation and rules are frequently unelected and far from the public gaze This book describes and evaluates the role of many such unseen lawmakers including commission officials experts from national governments and companies lobbyists secretaries of the council and others **The European Renaissance in American Life** Paul F. Grendler,2006-03-30 An informative but light hearted look at the popularity of the Renaissance today this book was written by a Renaissance scholar intrigued with the way his subject continues to resonate outside the scholarly community His purpose is to uncover and describe the many manifestations of America s love of the Renaissance Why do millions don costumes to attend Renaissance Faires Why do novels and films about the period enjoy continued popularity as do Renaissance icons such as Elizabeth I Michelangelo Shakespeare and the Mona Lisa How is it that American politicians and business leaders still look to Machiavelli as a symbol of wisdom or of evil Grendler posits that Americans embrace the Renaissance as a model of culture and sophistication seeing it as confirmation that the individual can achieve greatness against long odds a belief at the core of our own society After an examination of The Real Renaissance 1400 1620 the book looks at ways in which Americans relive the experience including Faires and Living Last Suppers ways in which we re create the Renaissance in our own world and finally ways in which the Renaissance is portrayed for better or worse in fiction and film
