Decolonizing Primary English Language Teaching Mario E. López-Gopar, 2016-06-10 This book tells the story of a project in Mexico which aimed to decolonize primary English teaching by building on research that suggests Indigenous students are struggling in educational systems and are discriminated against by the mainstream. Led by their instructor a group of student teachers aspired to challenge the apparent world phenomenon that associates English with progress and make English work in favor of Indigenous and othered children's ways of being. The book uses stories as well as multimodality in the form of photos and videos to demonstrate how the English language can be used to open a dialogue with children about language ideologies. The approach helps to support minoritized and Indigenous languages and the development of respect for linguistic human rights worldwide **An Intercultural Approach to English Language Teaching** John Corbett, 2022-03-02 This is a thoroughly revised, updated and expanded edition of a practical introduction to intercultural education for teachers of English as a second language. It provides a concise summary of the intellectual and pedagogical traditions that have shaped intercultural language education from ethnography to critical pedagogy and cultural studies. The book offers clear illustrations of the practical impact of these traditions on curriculum design, classroom activities and assessment. As well as addressing developments in the field since the publication of the 1st edition, this new edition also reflects on the impact of online resources for English language education. The book continues to make a powerful case for developing intercultural as well as linguistic competences and will remain invaluable reading for English language teachers across the world **English Language Teaching in Its Social Context** Christopher Candlin, Neil Mercer, 2001 English Language Teaching in its Social Context offers sociolinguistic, ethnographic and social psychological perspectives on TESOL
