Nietzsche Unbound The Struggle For Spirit In The Age Of Science:

Nietzsche, Tension, and the Tragic Disposition Matthew Tones, 2014-10-27 Nietzsche Tension and the Tragic Disposition exposes the role of tension in Nietzsche's recovery in his mature thought of the Greek tragic disposition. Matthew Tones examines the ontological structure of the tragic disposition presented in Nietzsche's earliest work on the Greeks and then explores its presence in points of tension in the more mature concerns with nobility. In pursuing this ontological foundation, Tones builds upon the centrality of a naturalist argument derived from the influence of the pre-Platonic Greeks. He examines the ontological aspect of the tragic disposition identified in Nietzsche's earliest interpretations of Greek *physis* and in the inherent tensions of the chthonic present in this hylemorphic foundation to demonstrate the importance of tension to Nietzsche's recovery of a new nobility. By bringing to light the functional importance of tension in the ontological for the Greeks, the book identifies varying points of tension present in different aspects of Nietzsche's later work. Once these aspects are elaborated, the evolving influence of tension is shown to play a central role in the re-emergence of the noble who possesses the tragic disposition. With solid argumentation linking Nietzsche with the pre-Platonic Greek tradition, Nietzsche Tension and the Tragic Disposition brings new insights to studies of metaphysics, ontology, naturalism, and German continental and Greek philosophies.

Nietzsche Pursued Richard Schacht, 2024-09-25 An ambitious venture into Nietzsche's envisioned philosophy for the future, Nietzsche advocated for a post-theistic philosophy of the future, a new approach to human reality that would bend Western thought away from nihilism in a life-affirming value-creative direction. His early demise left this endeavor only just begun. In Nietzsche Pursued, Richard Schacht examines Nietzsche's revisionist approach to familiar philosophical topics, exploring how some may be further pursued in Nietzschean ways. Each chapter focuses on one topic that is central to Nietzsche's vision of what philosophy can and should be and do. Among them, his kind of naturalism, humanity, perspectivism, morality, and music. Building on his analysis in Nietzsche's Kind of Philosophy, Schacht invites readers to see with new appreciation the ongoing significance of Nietzsche's thought for philosophy's future.

Introductions to Nietzsche Robert B. Pippin, 2012-02-09 A comprehensive and unusual introduction to Nietzsche providing a separate introductory essay for each of his major works.

Nietzsche's Noble Aims Paul E. Kirkland, 2009-01-01 This innovative volume presents an account of Nietzsche's claims about noble life-affirming ways of life, analyzes the source of such claims, and explores the political vision that springs from them. The result is an illuminating discussion of how, through his philosophical confrontation with modernity, Nietzsche aims to move his readers toward a noble embrace of life.

Philosophical Perspective on Cinema Pedro Blas González, 2022-05-17 The main premise of Philosophical Perspective on Cinema is simple: Can a visual medium such as cinema put in greater perspective diverse aspects of human experience? Films are usually sorted by genres, but by applying metaphysical/existential categories to cinema, the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to itself. Undoubtedly, the connection

between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence The Trial and Death of Socrates Plato,2004 The European philosophical tradition consists of a series of footnotes to Plato Alfred North Whitehead The dialogues of Plato stand alongside the Bible and Homer s Iliad and Odyssey as foundational texts of Western civilization The works of Plato collected under the title The Trial and Death of Socrates have been particularly influential This is because they provide both an excellent point of entry into Plato s vast philosophy and a vivid portrait of Plato s mentor Socrates one of the most uncompromising intellectuals in the pantheon of human history It is predominantly through Plato s account in these works of the words and actions of Socrates during his trial and execution for impiety that the latter s nobility and profound integrity have become known to succeeding generations The Guide for the Perplexed Moses Maimonides,2004 Written by the greatest Jewish thinker of the middle ages if not of all time this title offers a profound and timeless statement of man s relation to himself to God and to society **Fragments** Pedro Blas Gonzalez,2005 Eschewing hair splitting for the sport of it Gonz lez takes a fresh look at the notion of subjectivity and the nature of the self in seven essays With reference to Camus Cocteau Gabriel Marcel Ortega and Enrique Anderson Imbert he explores diverse topics from the aesthetic vision and moral courage to the absurd His nuanced and sensitive writing draws the reader on an introspective journey through a portal that subtly shifts the perception of human reality American Book Publishing Record ,2003 **Bibliographisch repertorium van de wijsbegeerte** ,2006
