The Night My Mother Met Bruce Lee Paisley Rekdal, 2002-04-09 When you come from a mixed race background as Paisley Rekdal does her mother is Chinese American and her father is Norwegian thorny issues of identity politics and interracial desire are never far from the surface Here in this hypnotic blend of personal essay and travelogue Rekdal journeys throughout Asia to explore her place in a world where one's appearance is the deciding factor of one's ethnicity In her soul searching voyage she teaches English in South Korea where her native colleagues call her a hermaphrodite and is dismissed by her host family in Japan as an American despite her assertion of being half Chinese A visit to Taipei with her mother who doesn't know the dialect leads to the bitter realization that they are only tourists which makes her further question her identity Written with remarkable insight and clarity Rekdal a poet whose fierce lyricism is apparent on every page

demonstrates that the shifting frames of identity can be as tricky as they are exhilarating **The Night My Mother Met Bruce Lee** Paisley Rekdal, 2007-12-18 When you come from a mixed race background as Paisley Rekdal does her mother is Chinese American and her father is Norwegian thorny issues of identity politics and interracial desire are never far from the surface Here in this hypnotic blend of personal essay and travelogue Rekdal journeys throughout Asia to explore her place in a world where one's appearance is the deciding factor of one's ethnicity In her soul searching voyage she teaches English in South Korea where her native colleagues call her a hermaphrodite and is dismissed by her host family in Japan as an American despite her assertion of being half Chinese A visit to Taipei with her mother who doesn't know the dialect leads to the bitter realization that they are only tourists which makes her further question her identity Written with remarkable insight and clarity Rekdal a poet whose fierce lyricism is apparent on every page demonstrates that the shifting frames of identity can be as tricky as they are exhilarating **A Crash of Rhinos** Paisley Rekdal, 2000 In these quizzically probing and provocative poems atoms and torture tattoos and laundromats mug shots the theory of light and such personalities as Joe Louis and Bruce Lee join in shaping a simultaneously personal and historical narrative of love family and desire The tension between the public and the private saturates these poems with a breathless energy that carries the reader through Rekdal's self-aware depiction of American culture and romance complete with Harlequin romance novels and an account of her parents' courtship Though Rekdal delights in turning traditional images of love upside down what she finally offers is a grateful and graceful view of humanity which convinces us that as she says in *Convocation* Nothing is a single moment No private event lacks history

Racial Ambiguity in Asian American Culture Jennifer Ann Ho, 2015-05-12 The sheer diversity of the Asian American populace makes them an ambiguous racial category Indeed the 2010 U S Census lists twenty-four Asian ethnic groups lumping together under one heading people with dramatically different historical backgrounds and cultures In *Racial Ambiguity in Asian American Culture* Jennifer Ann Ho shines a light on the hybrid and indeterminate aspects of race revealing ambiguity to be paramount to a more nuanced understanding both of race and of what it means to

be Asian American Exploring a variety of subjects and cultural artifacts Ho reveals how Asian American subjects evince a deep racial ambiguity that unmoors the concept of race from any fixed or finite understanding For example the book examines the racial ambiguity of Japanese American nisei Yoshiko Nakamura deLeon who during World War II underwent an abrupt transition from being an enemy alien to an assimilating American via the Mixed Marriage Policy of 1942 It looks at the blogs of Korean Taiwanese and Vietnamese Americans who were adopted as children by white American families and have conflicted feelings about their honorary white status And it discusses Tiger Woods the most famous mixed race Asian American whose description of himself as Cablinasian reflecting his background as Black Asian Caucasian and Native American perfectly captures the ambiguity of racial classifications Race is an abstraction that we treat as concrete a construct that reflects only our desires fears and anxieties Jennifer Ho demonstrates in Racial Ambiguity in Asian American Culture that seeing race as ambiguous puts us one step closer to a potential antidote to racism **Asian American**
