Walter R. Borneman

Nimitz Clab:

Nimitz E.B. Potter, 2013-11-12 Called a great book worthy of a great man this definitive biography of the commander in chief of the Pacific Fleet in World War II first published in 1976 and now available in paperback for the first time continues to be considered the best book ever written about Adm Chester W Nimitz Highly respected by both the civilian and naval communities Nimitz was sometimes overshadowed by more colorful warriors such as MacArthur and Halsey Potter's lively and authoritative style fleshes out Admiral Nimitz's personality to help readers appreciate the contributions he made as the principal architect of Japan's defeat The book covers his full life from a poverty stricken childhood to postwar appointments as Chief of Naval Operations and U N mediator It candidly reveals Nimitz's opinions of Halsey Kimmel King Spruance MacArthur Forrestal Roosevelt and Truman

The Admirals Walter R. Borneman, 2012-05-01 How history's only five star admirals triumphed in World War II and made the United States the world's dominant sea power Only four men in American history have been promoted to the five star rank of Admiral of the Fleet William Leahy Ernest King Chester Nimitz and William Halsey These four men were the best and the brightest the navy produced and together they led the U S navy to victory in World War II establishing the United States as the world's greatest fleet In The Admirals award winning historian Walter R Borneman tells their story in full detail for the first time Drawing upon journals ship logs and other primary sources he brings an incredible historical moment to life showing us how the four admirals revolutionized naval warfare forever with submarines and aircraft carriers and how these men who were both friends and rivals worked together to ensure that the Axis fleets lay destroyed on the ocean floor at the end of World War II

Naval Station Treasure Island/Yerba Buena Island, 19?? **Sealift**, 1968 **War of Honor** David Weber, 2002-09-30 **War Of Honor** **The Eagle and the Rising Sun** Alan Schom, 2004 On Saturday August 2 1941 the Washington Post reported that President Franklin D Roosevelt would depart the next day for a fishing vacation aboard his yacht Potomac By the morning of August 5 the Potomac was sailing toward the fishing waters off Cape Cod but the president was not on board Having quietly disembarked in the middle of the night the president now joined by his top military advisors was headed for Newfoundland where the U S and British governments would meet in a secret summit to coordinate their military efforts although the United States had yet to declare war on Germany The British were appalled at the state of American preparedness one British colonel remarking They have a long way to go before they can play any decisive part in the war But ready or not the United States would be catapulted into World War II within a matter of months Alan Schom's superb histories and biographies have been lauded for their dramatic sweep their focus on extraordinary personalities and their refreshingly iconoclastic perspective Schom begins this magisterial account of World War II in the Pacific by demonstrating an ironic paradox on one hand the American government and people were as inadequately prepared for war as any major power ever has been on the other the Japanese high command plunged headlong into the Pacific campaign despite clear evidence from their own analysts that Japan had too little

oil and too feeble an economy to prevail against the United States. It was a war that should not have been fought. Schom recounts a tense saga of diplomatic maneuvering, strategic blunders and pivotal successes played out in the halls of the White House, Downing Street and the Imperial Palace as well as on the seas and shores of the Pacific. Key figures in the war come vividly to life in a series of brilliant biographical sketches: Emperor Hirohito, a devotee of Western pursuits such as golf and jazz who hungered to expand Japan's global reach; the destructively egotistical General Douglas MacArthur whose splendid achievements in World War I stood in stark contrast to his incompetent leadership in the Philippines; Rear Admiral Kelly Turner whose realism and tactical savvy played a crucial role in turning the tide of the war; and the cool-headed Admiral Tanaka Raizo who repeatedly slipped through the Allied net transporting troops and supplies to and from Guadalcanal. The Eagle and the Rising Sun embraces the broad strategic concerns of the war and the telling details and turning points of individual engagements. As Rear Admiral Thomas Marfiak, Ret. CEO and publisher of the U.S. Naval Institute writes in the Foreword: "From time to time we are privileged to be given extraordinary insights into the history of our age. Alan Schom has given us a tapestry into which he has woven figures of immense proportions yet he has not lost sight of their humanity. He writes in the grand tradition of Barbara Tuchman's *The Guns of August*." Book jacket: Naval Nuclear Propulsion

Program--1971 United States. Congress. Joint Committee on Atomic Energy, 1971 Sealift Magazine, 1968 **A Dignified Ending** Lewis M. Cohen, MD, 2019-07-12 Each year more than one million people and their loved ones arrive at a decision to cease attempts at curative medical treatments and shift to hospice care while one in five Americans now live in geographical regions that have established lawful protocols allowing medical aid in dying, also known as assisted suicide. In this powerful new work, Lew Cohen, a psychiatrist and palliative medicine researcher, reveals a self-determination movement that empowers people to shape the timing and circumstances of their deaths, decriminalizes laws threatening those who help them, and passes assisted dying legislation. He offers a vivid tapestry woven from the candid, inspirational and graphic stories of individuals who sought to choreograph how they would die. There is nothing simple about these decisions, and *A Dignified Ending* tackles the intricacies of timing, the presence of dementia and other dire but not terminal conditions, the legal risks as well as the mixed reactions of the disability community. Cohen illuminates the evolution of right-to-die organizations in the United States and the impact of activists like Jack Kevorkian, Derek Humphrey, Faye Girsh, Cody Curtis and Brittany Maynard. The decision to conclude one's life with a planned death is an emotionally polarizing subject. Nonetheless, the public increasingly wants to control how they die. This requires that people formulate their end-of-life preferences and not wait until the last moment to communicate these with physicians and families. *A Dignified Ending* conveys truthful and nuanced accounts of men and women who chose to die and stories of the activists, proponents and opponents who promote this growing right-to-die movement. In Enemy Hands: An Honor Harrington Novel Weber, 1997-08 A novel featuring Honor Harrington.
