Prosecuting War Crimes and Genocide Howard Ball, 1999 Combining history politics and critical analysis he revisits the killing fields of Cambodia documents the three month Hutu machete genocide of about 800 000 Tutsi villagers in Rwanda and casts recent headlines from Kosovo in the light of these other conflicts **BOOK JACKET**

**Prosecuting War Crimes and Genocide** Howard Ball, 1999-10-15 The ethnic cleansing that has gripped the Balkans for much of this decade is but another chapter in the long history of man's inhumanity to man Hopeful but unflinching in the face of such realities Howard Ball's book focuses on international efforts to punish perpetrators of genocide and other war crimes Combining history politics and critical analysis he revisits the killing fields of Cambodia documents the three month Hutu machete genocide of about 800 000 Tutsi villagers in Rwanda and casts recent headlines from Kosovo in the light of these other conflicts Beginning with the 1899 Geneva Accords and the Armenian genocide of World War I Ball traces efforts to create an institution to judge punish and ultimately deter such atrocities particularly since World War II since which there have been fourteen cases of genocide He shows how international military tribunals in Nuremberg and Tokyo set important precedents for international criminal justice tells what the international community learned from its failure to stop Pol Pot in Cambodia and describes the ad hoc tribunals convened to address genocide in the Balkans and Rwanda He then focuses on the establishment of the International Criminal Court with the Treaty of Rome in 1998 and assesses its probable future The book also analyzes the reluctance of the United States to sanction the ICC tracing longstanding U S reluctance to grant criminal justice jurisdiction to an international prosecutor Ball examines questions of national sovereignty versus international law and reminds us that although most Americans consider such horrors to be problems of other countries these are in fact countries in which many of our own citizens have their roots With its unique focus on the ICC **Prosecuting War Crimes and Genocide** is a work of both synthesis and advocacy that combines history and current events to make us more aware of the racist fervor with which these brutalities are carried out more alert to the euphemisms in which they are cloaked It forces us to ask not only whether the killing will stop but whether humanity can prevent future genocides

**Prosecuting War Crimes** James Gow, Rachel Kerr, Zoran Pajic, 2013-09-23 This volume examines the legacy of the International Criminal Tribunal for the former Yugoslavia ICTY which was created under Chapter VII of the UN Charter as a mechanism explicitly aimed at the restoration and maintenance of international peace and security As the ICTY has now entered its twentieth year this volume reflects on the record and practices of the Tribunal Since it was established it has had enormous impact on the procedural jurisprudential and institutional development of international criminal law as well as the international criminal justice project This will be its international legacy but its legacy in the region where the crimes under its jurisdiction took place is less clear research has shown that reactions to the ICTY have been mixed among the communities most affected by its work Bringing together a range of key thinkers in the field **Prosecuting War Crimes** explores these findings and discusses why many feel

that the ICTY has failed to fully engage with people's experiences and meet their expectations This book will be of much interest to students of war crimes international criminal law Central and East European politics human rights and peace and conflict studies

Commission on Security and Cooperation in Europe, 1996 Prosecuting International Crimes in Africa Chacha Murungu, Japhet Biegona, 2011 Prosecuting international crimes in Africa contributes to the understanding of international criminal justice in Africa The book argues for the rule of law respect for human rights and the eradication of a culture of impunity in Africa it is a product of peer reviewed contributions from graduates of the Centre for Human Rights Faculty of Law University of Pretoria where the Master's degree programme in Human Rights and Democratisation in Africa has been presented since 2000 Back cover Prosecuting Iraqi War Crimes United States. Congress. Senate. Committee on Governmental Affairs, 2003 **Law, Politics and the Limits of Prosecuting Mass Atrocity** Damien Rogers, 2017-08-30 This book offers a unique and powerful critique of the quest for international criminal justice It explores the efforts of three successive generations of international prosecutors recognising the vital roles they play in the enforcement of international criminal law By critically examining prosecutorial performance during the pre trial and trial phases the volume argues that these prosecutors are simultaneously political actors serving in the interests of economic liberalisation It also posits that international prosecutors help wage a mostly silent and largely unacknowledged politico cultural war fought for control over the institutions governing modernist international affairs As the author contends international prosecutors are thus best understood as agents not only of the law and politics but also of a war fought by proponents of various utopian projects *Prosecuting International Crimes: A Multidisciplinary Approach* Bartłomiej Krzan, 2016-07-11 The volume edited by Bartłomiej Krzan offers different perspectives on the prosecution of international crimes The analyses contained therein reflect different backgrounds mainly legal combining several disciplines and making it a multidisciplinary study The main but definitely not the exclusive point of reference is that of international law In addition other perspectives those of legal history or sociology of law and obviously the one of criminal law both substantive and procedural provide useful alternatives or in most occasions complementary approaches to the examination of the prosecution of international crimes The book combines different views backgrounds and underlying assumptions But gathered together they it is to be hoped shed some additional useful light that might be helpful for identifying new dimensions of the reaction judicial or other towards international crimes Contributors Władysław Czapliński Patrycja Grzebyk Witold Jakimko Wojciech Jasiński David Kohout Karolina Kremens Bartłomiej Krzan Krzysztof Maso Neringa Mickevičiūtė Robert Uerpmann Wittzack Regina Valutytė Karolina Wierczyńska Joachim Wolf Loammi Wolf and Justinas ilinskas The Obligation to Extradite or Prosecute Kriangsak Kittichaisaree, 2018-03-08 Prosecution of serious crimes of international concern has been few and far between before and even after the establishment of the International Criminal Court in 2002 Hope thus rests with the

implementation of the international legal obligation for States to either extradite or prosecute such perpetrators among themselves or surrender them to a competent international criminal court This obligation was considered by the United Nations International Law Commission ILC which submitted its final report in 2014 Kittichaisaree Chairman of the ILC Working Group on that topic not only provides a guide to the final report offering an analysis of the subject and a unique summary of its drafting history he also covers important issues left unanswered by the report including the customary international legal status of the obligation the role of the universal jurisdiction immunities of State officials and impediments to the surrender of offenders to international criminal courts Authoritative encyclopaedic and essential to those in the field The Obligation to Extradite or Prosecute also offers practical solutions as to the road ahead *Thematic Prosecution of International Sex Crimes* Morten Bergsmo, 2018-06-01 **Prosecution of War Crimes before the ICC** Ondřej Svaček, Martin Faix, 2025-04-28 This book draws inspiration from existing practices of the ICC and analyzes some of these achievements and challenges concerning the prosecution of war crimes enforcement of IHL before the ICC The common denominator of all contributions is therefore twofold i war crimes and ii the ICC All contributions identify and unfold issues that present obstacles on the way to the desired aforementioned goal of a successful prosecution of war crimes Upon assessment of particular issues the book reveals whether the stance adopted by the ICC either makes reaching this goal easier achievement more difficult challenge or potentially both Supranational Criminal Prosecution of Sexual Violence Anne-Marie de Brouwer, Anne-Marie L. Subcommittee on Human Rights and the Law,2008      **Prosecution of Core Crimes in Ethiopia** Tadesse Simie

Metekia,2021-03-08 Tadesse Simie Metekia s Prosecution of Core Crimes in Ethiopia offers an in depth analysis of core crimes trials in Ethiopia within the broader frame of international criminal law This book is a result of an unprecedented data collection a meticulous exploration of relevant national and international norms and case laws as well as a full engagement with the existing literature on the domestic application of international criminal law A comparative examination of the actual trials and the manner in which Ethiopia set prosecutions of core crimes in motion Metekia s book is a significant achievement in terms of furthering academic knowledge and of contributing to the wider policy debates on international criminal justice and on the role of states in prosecuting atrocities      *After Dictatorship* Peter Hoeres,Hubertus Knabe,2023-02-20 Numerous studies concerning transitional justice exist However comparatively speaking the effects actually achieved by measures for coming to terms with dictatorships have seldom been investigated There is an even greater lack of transnational analyses This volume contributes to closing this gap in research To this end it analyses processes of coming to terms with the past in seven countries with different experiences of violence and dictatorship Experts have drawn up detailed studies on transitional justice in Albania Argentina Ethiopia Chile Rwanda South Africa and Uruguay Their analyses constitute the empirical material for a comparative study of the impact of measures introduced within the context of transitional justice It becomes clear that there is no sure formula for dealing with dictatorships Successes and deficits alike can be observed in relation to the individual instruments of transitional justice from criminal prosecution to victim compensation Nevertheless the South American states perform much better than those on the African continent This depends less on the instruments used than on political and social factors Consequently strategies of transitional justice should focus more closely on these contextual factors      *The SAGE Encyclopedia of War: Social Science Perspectives* Paul Joseph,2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader s Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology      Sexual Violence Crimes and Gendered

Power Relations Bilge Sahin, 2020-10-29 This book provides a robust gendered analysis and establishes a feminist approach to international actors' responses to sexual violence crimes in conflict in eastern Democratic Republic of the Congo (DRC) and the impact of these global political practices on local gendered power relations. Sexual violence crimes in eastern DRC have received significant global attention and triggered calls by the international community to end this violence. This book critically assesses international assistance to the Congolese legal system to challenge sexual violence crimes to determine to what extent it engages with the continuum of gendered violence from peacetime to conflict. It also examines whether international assistance has produced any transformations in gendered power relations in eastern DRC. The author investigates how challenging sexual violence crimes in conflict necessitates broader female empowerment and engagement with gendered power relations. This book will be of interest to scholars and postgraduate students in gender studies, development studies, and international relations. It will also provide significant guidance for professionals working for development agencies and international NGOs focusing on eastern DRC.
