Art Of Joy: The Journey Of Yip Yew Chong Tai Ho Woon, 2023-11-09 How does a certified accountant become an artist? How did the world of finance instruct his art to make him the unlikely artist that he is today? How has his art been able to bring so much joy to Singaporeans and foreigners alike? Art of Joy unravels the fascinating story of Yip Yew Chong from the moment his ability to draw was spotted in kindergarten, his early humble years in Chinatown, the strong bond with his mother, grandmother and aunt, to his marriage, children and corporate success. This book tells the story of planning for one's second act and how that can be more successful and more fulfilling than the first. Few know that Yip only started painting murals in 2015 or that he only devoted himself to his craft full time in 2018. Yip's success in painting came only after his success in the world of finance, but painting was his first love. He cradled this love through his corporate life, never letting go, and switched to paint full time only when he was ready. The art of joy is also the art of knowing what makes us and keeps us happy and how that happiness is shown and shared.
