Prosser And Keeton On The Law Of Torts 1988 Pocket Part:

The Purchase of Intimacy Viviana A. Zelizer, 2009-02-09 In their personal lives people consider it essential to separate economics and intimacy We have for example a long standing taboo against workplace romance while we see marital love as different from prostitution because it is not a fundamentally financial exchange In The Purchase of Intimacy Viviana Zelizer mounts a provocative challenge to this view Getting to the heart of one of life s greatest taboos she shows how we all use economic activity to create maintain and renegotiate important ties especially intimate ties to other people In everyday life we invest intense effort and worry to strike the right balance For example when a wife s income equals or surpasses her husband s how much more time should the man devote to household chores or child care Sometimes legal disputes arise Should the surviving partner in a same sex relationship have received compensation for a partner s death as a result of 9 11 Through a host of compelling examples Zelizer shows us why price is central to three key areas of intimacy sexually tinged relations health care by family members friends and professionals and household economics She draws both on research and materials ranging from reports on compensation to survivors of 9 11 victims to financial management Web sites and advice books for same sex couples From the bedroom to the courtroom The Purchase of Intimacy opens a fascinating new window on the inner workings of the economic processes that pervade our private lives
