Matthews,2001 This new installment in the sourcebook health reference series addresses cancer in men a prostate cancer overview treatment of prostate cancer non malignant prostate conditions current research initiatives and clinical trials and additional help and information Specific topics include racial ethnic prostate cancer patterns screening radiotherapy cryosurgery prostatitis impotence new prostate treatment technology and information on prostate and urologic disease organization Material comes from various government agency and medical society publications For general readers c Book News Inc

Prostate and Other Urologic Diseases Sourcebook, 1st Ed. James Chambers,2021-04-01 Provides consumer health information about prostate and urologic diseases including urinary tract infections kidney stones etc sexual reproductive and bladder problems in men and facts about prevention diagnosis and treatment of prostate and urologic diseases *Prostate and Urological Disorders Sourcebook* Karen Bellenir,2006 Provides information about prostate cancer and other prostate problems such as prostatitis and benign prostatic hyperplasia *The Prostate Cancer Sourcebook* Marcus H. Loo,Marian Betancourt,1998-04-13 A patient friendly book dispensing immediate up to date answers and advice about dealing and living with prostate cancer in an authoritative yet comforting tone

Prostate Cancer David G. Bostwick,Gregory T. MacLennan,Thayne R. Larson,Ron Schaumburg,American Cancer Society,1999 Prostate cancer is the most common form of cancer excluding skin cancer among American men In 1998 approximately 184 500 new cases of prostate cancer were diagnosed in the United States However if detected early it is also among the most treatable forms of cancer and due to advances in diagnosis and treatment survival rates continue to rise The five year survival rate has increased from 50 percent in the period from 1960 to 1963 to 89 percent today But most men and their families lack the most basic information about what to do when confronted with a diagnosis of prostate cancer This book written by internationally respected medical experts sets out to explain everything a man needs to know Written updated and revised under the auspices of the American Cancer Society the nation s leader in cancer research education and rehabilitation it contains the most up to date information about the disease Even more it is a patient s advocacy book offering medical practical psychological social and emotional support Through case histories and anecdotes and always with compassion it addresses the full range of issues that men with the disease may face *The Prostate Health Program* Daniel Nixon,Max Gomez,The Reference Works,2007-11-01 What foods should you eat if you want to keep your prostate healthy How does sexual activity affect the health of your prostate What are ways you can prevent prostate cancer What should African American men know about prostate cancer What are the best alternatives to radiation and surgery in treating prostate cancer What are the symptoms of an unhealthy prostate These are some of the many important questions that are answered by Dr Daniel W Nixon one of America s premier cancer research institute leaders and Dr Max Gomez the charismatic health commentator whose reports are aired on NBC television stations nationwide The authors not only provide

indispensable guidance in cancer prevention but also offer a dynamic new noninvasive treatment of prostate cancer Packed with information The Prostate Health Program explains in clear simple language the link between obesity and prostate cancer the difference between an enlarged prostate and a diseased one the causes of frequent urination and pain and the specific prostate problems pertaining to gay men Drs Nixon and Gomez offer a user friendly plan of diet exercise and behavioral change that men can easily incorporate into their lives The authors explain why aggressive treatment such as radiation and surgery is often unnecessary less effective and more dangerous often leaving men incontinent and impotent than other treatments The cornerstones of this unique program are the Prostate Health Pyramid and the Transition Diet both of which were created specifically for this book and are the ultimate tools in prostate cancer prevention control and treatment First the foods that protect the health of the prostate are identified then food changes are introduced slowly for more effective and long lasting reform of eating habits Best of all quick and easy recipes created by chefs at the Culinary Institute of America provide a menu that is healthy and delicious With its combination of cutting edge research and highly respected world renowned authors The Prostate Health Program is the definitive defense against a deadly disease

Prostate Cancer Fact Sheet ,2010 **Prostate Cancer** René Sotelo,Juan Arriaga,Raed A. Azhar,Inderbir S. Gill,2014-11-04 Understanding prostate diseases without the proper and reliable guidance can be overwhelming because the internet television and print media saturate us with information ranging from scientific studies across the world to inspiring stories from cancer survivors to many myths and rumors How do we interpret all that information This book intends to help patients and their families to know and understand their diagnosis Once this has been established the reader can confidently determine the best choice of treatment resting assured that the guidance in this book adheres to current international medical standards and has been influenced by the authors many years of professional experiences The editors aim to transmit in a simple and precise manner only relevant and necessary information to help patients and families that have been diagnosed with prostate diseases **Early Prostate Cancer** ,2003 **The Prostate Cancer Owner's Manual** Harley A. Haynes, MD,Richard M. Miles,2021-08-15 A vital overview of prostate cancer for the millions of men that are suffering and their loved ones The moment the family doctor says You might have prostate cancer most patients immediately ask themselves Am I going to die Their life is turned upside down as they are faced with a scary new reality they likely know little about Patients must familiarize themselves with strange new medical terminology tests procedures and worst of all major changes to their bodies The Prostate Cancer Owner s Manual offers clarity on these topics to help readers and their loved ones get through this life changing diagnosis that will take years to overcome Harley Haynes MD and Richard Miles have both been there and done that As prostate cancer survivors they understand the questions that recently diagnosed patients have and the challenges they face Here they provide a blend of medical expertise and personal knowledge and insight to help patients and their families make sense of the road ahead of them equipping them with the facts they need to make informed

decisions and confront prostate cancer head on Haynes and Miles answer the questions readers may have and detail the possible outcomes they will face without mincing words about the tough realities of living with prostate cancer while offering hope for recovery

The Complete Guide to Prostate Cancer Dr. W. Ness, 2025-01-18 Prostate cancer one of the most common forms of cancer in men has long been a topic of concern for health professionals and the public alike It can be a daunting diagnosis but it is also one that is manageable with the right knowledge resources and medical interventions The journey that a patient undergoes from diagnosis to treatment and beyond is unique filled with challenges uncertainties and sometimes unexpected victories This book aims to provide a comprehensive guide for individuals diagnosed with prostate cancer their families caregivers and anyone seeking to understand the nuances of this disease While prostate cancer can sound intimidating it is important to remember that the disease is often slow growing and in many cases can be successfully treated especially when detected early This preface serves as a starting point for individuals who may be newly diagnosed or simply seeking more information about the disease The goal is to equip you with the essential knowledge you need to make informed decisions and take an active role in your health Throughout the chapters that follow we will explore various aspects of prostate cancer From understanding the biology of the disease and recognizing the early signs to navigating the complexities of diagnosis treatment and survivorship this book covers the essential topics that patients and their families need to know Each chapter is designed to provide clear straightforward information that is both informative and empowering offering a sense of hope and reassurance The journey of dealing with prostate cancer is not only about physical treatment but also about emotional resilience and mental well being Understanding that emotional health plays a significant role in managing the disease we ll also delve into the psychological aspects of living with cancer and provide advice on how to maintain a positive outlook manage stress and seek support when needed Cancer diagnosis and treatment often come with difficult decisions many of which can have long term consequences Whether it s choosing between treatment options dealing with side effects or facing the reality of advanced stages of cancer every choice requires careful thought and guidance We hope that this book will provide clarity on these complex issues making it easier for you to take the next step in your journey with confidence Throughout this preface we also want to highlight the importance of ongoing research and the significant strides that are being made in prostate cancer treatment and care Advances in science and medicine have led to the development of more precise treatments better survival rates and improved quality of life for patients The future looks promising for prostate cancer patients and we hope that the information presented in this book will inspire hope for those currently facing the challenges of the disease As you read on keep in mind that no journey through cancer is the same Everyone s experience is unique and the treatment plan that works best for you will depend on various factors However with the right support knowledge and resources there is always hope We encourage you to remain proactive in your care stay informed and seek the support you need as you navigate the complexities of living with prostate cancer Whether you are a

patient a caregiver or a loved one of someone battling prostate cancer we hope that this book serves as a source of understanding comfort and guidance The road ahead may be filled with challenges but with the right approach the possibility of overcoming prostate cancer and living a fulfilling life remains very much within reach Manual of Prostate Cancer Luis Mendoza (Oncologist),2013 **The Prostate Cancer Primer** Nicholas Hild,Nicholas R. Hild Ph. D.,2004-03 The impact of advances in medical technologies is beginning to reveal that Prostate Cancer is a much larger problem than the general public perceives Newer tools for diagnosing tiny microscopic cancer cells in younger men have caused the medical community to recommend that men in their early 40 s get a PSA Cancer screen with routine physical exams instead of waiting until they are in their late 50 s only then to discover cancer is present The medical community is not doing a good job of communicating that we may be heading for a pandemic if diagnosis and treatment is not routinely conducted in younger and younger men The Prostate Cancer Primer is the culmination of a research professor s intense effort to learn about current options that are available for preventing cancer suggestions for understanding what currently available treatment options their are complete with side effects how to choose which treatment is right for today s health conscious adult man and his family Oncologists and urologists interviewed for this Primer are in basic agreement that too little communication exists between the medical community and men who need to know what their prostate options are This compilation of research is aimed at filling that void for all men who are interested in living a healthful life **The Definitive Guide to Prostate Cancer** Aaron Katz,2011-09-13 The complete guide to coping with prostate cancer with expert health advice for every man This comprehensive handbook gives men the vital information they need to effectively navigate every step of dealing with prostate cancer A newly diagnosed cancer patient faces a mind numbing array of treatment options including medical therapies that carry serious side effects and determining the right course of action is an overwhelming task In simple yet scientific terms this book empowers readers with the tools they need to proactively fight cancer by making the most informed treatment decisions possible With groundbreaking developments recently emerging in both conventional and holistic prostate cancer research it is imperative that men fighting this disease have the absolute latest information As founder and director of the Center for Holistic Urology at Columbia University Dr Katz is uniquely positioned to guide readers through the new practices and breakthrough treatment options for every stage of the battle with cancer from prevention to postdiagnosis One in six men will be diagnosed with prostate cancer in his lifetime and countless families will be affected by this widespread but ultimately curable disease Armed with Dr Katz s expert guidance patients will be equipped to actively participate in reclaiming their health and navigating this difficult diagnosis Mayo Clinic on Prostate Health Michael Blute,2003 With easy to understand drawings and text this book is a comprehensive guide to recognizing treating and living with prostate disease **Fast Facts: Prostate Cancer** Manish I. Patel,Darren M.C. Poon,2023-12-07 Prostate cancer is the second most common cancer in men worldwide but it is unusual among solid tumors in that many men die with

rather than of the disease This raises challenges in terms of deciding if when and how to intervene to control tumor growth and spread in order to extend survival without compromising quality of life The many developments in the field since the last edition of this book include continuing studies to improve detection and monitoring of the disease with the evaluation of MRI for screening and prostate specific membrane antigen PSMA PET CT for staging Treatment options have also continued to improve and expand for all stages of the disease with the development of ultrahypofractionated radiotherapy oral LHRH antagonists PARP inhibitors and lutetium 177 PSMA 617 radioligand therapy

Prostate Cancer For Dummies Paul H. Lange, Christine Adamec, 2011-03-10 Hearing that you have prostate cancer or even that you may have it is very scary But this disease in many cases is curable Even if you have advanced cancer that s spread beyond the prostate many treatments help extend your life for years You need good information to help you with the decisions that lie ahead and this book provides you with this information Prostate Cancer For Dummies can help you if You have prostate cancer or you think that you have it or someone close to you has it You want information on treatments for prostate cancer as you form a treatment plan with your doctor You are curious about alternative therapies for prostate cancer You want to know what actions you can take over the long term to continue to fight your prostate cancer Prostate Cancer For Dummies explains the key issues and problems that are associated with prostate cancer and assures you that although the initial impact of being diagnosed is devastating you can take action to extend your life You don t have to read this book from the first page straight on through although you can You may want to read the first chapter and then move to the chapters that affect you the most In Prostate Cancer For Dummies you ll gain insight into Discovering the key symptoms of prostate cancer Recognizing the risk factors and who s most likely to have prostate cancer Getting a diagnosis and what s involved Getting well again and how you can work with your doctor to come up with a plan to cope with your cancer Changing your lifestyle to decrease your risk of a recurrence Coping with the aftermath from temporary to permanent side effects Handling work and family and how to help others understand what you re going through It s extremely hard to hear from your doctor that you or a loved one has prostate cancer But after you recover from the initial shock of diagnosis you need to educate yourself and with the help of your physician make a plan for getting the best treatment possible Prostate Cancer For Dummies will help you achieve these goals and encourage you to maintain your commitment to managing your health

A Primer on Prostate Cancer Stephen B. Strum, Donna L. Pogliano, 2002 Includes how to proceed the basics of Prostate cancer diagnosis and testing treatment options and more

Prostate Cancer: A Comprehensive Guide for Men's Health Kim Holding, Prostate cancer is a prevalent health concern affecting men worldwide While it is not always a life threatening condition it can significantly impact a man s quality of life and require significant adjustments to lifestyle and routine This book is designed to serve as a comprehensive guide providing men with the knowledge and understanding they need to navigate this challenging diagnosis and treatment journey We will delve into the intricacies of prostate cancer exploring its causes symptoms risk factors and various screening

options available for early detection You will gain a clear understanding of different treatment modalities including surgery radiation therapy hormonal therapy and chemotherapy Throughout this process we will emphasize the importance of emotional well being providing practical advice on coping with diagnosis managing treatment side effects and maintaining quality of life This book is written in a clear and concise language making complex medical information accessible to all We have combined factual information with personal anecdotes and patient stories to humanize the experience and make it more relatable By equipping you with the right information we aim to foster informed decision making and promote proactive healthcare practices ultimately leading to a more empowered and hopeful journey for men facing prostate cancer

Updated Guidelines for Surviving Prostate Cancer E. Roy Berger,James Lewis,2003-12
