**of Empire** Stephen Legg,2014-09-19 Officially confined to red light districts brothels in British India were tolerated until the 1920s Yet by this time prostitution reform campaigns led by Indian imperial and international bodies were combining the social scientific insights of sexology and hygiene with the moral condemnations of sexual slavery and human trafficking These reformers identified the brothel as exacerbating rather than containing corrupting prostitutes and the threat of venereal diseases and therefore encouraged the suppression of brothels rather than their urban segregation In this book Stephen Legg tracks the complex spatial politics surrounding brothels in the interwar period at multiple scales including the local regional national imperial and global Campaigns and state policies against brothels did not just operate at different scales but made scales themselves forging new urban provincial colonial and international formations In so doing they also remade the boundary between the state and the social through which the prostitute was Legg concludes civilly abandoned

who embraced the challenge of overcoming numerous social taboos and aesthetic handicaps that came along with this nascent technology. Women who took the plunge and recorded largely belonged to the courtesan community called tawaifs and devadasis in North and South India respectively. Recording brought with it great fame, brand recognition, freedom from exploitative patrons and monetary benefits to the women singers. They were to become pioneers of the music industry in the Indian subcontinent. However, despite the pioneering role played by these women, their stories have largely been forgotten. Contemporaneous with the courtesan women adapting to recording technology was the anti-nautch campaign that sought to abolish these women from the performing space and brand them as common prostitutes. A vigorous renaissance and arts revival movement followed, leading to the creation of a new classical paradigm in both North Indian Hindustani and South Indian Carnatic classical music. This resulted in the standardization, universalization, and institutionalization of Indian classical music. This newly created classical paradigm impacted future recordings of The Gramophone Company in terms of a shift in genres and styles. Vikram Sampath sheds light on the role and impact of The Gramophone Company's early recording expeditions on Indian classical music by examining the phenomenon through a sociocultural, historical, and musical lens. The book features the indefatigable stories of the women and their experiences in adapting to recording technology. The artists from across India featured are Gauhar Jaan of Calcutta, Janki Bai of Allahabad, Zohra Bai of Agra, Malka Jaan of Agra, Salem Godavari, Bangalore Nagarathnamma, Coimbatore, Thayer Dhanakoti of Kanchipuram, Bai Sundarabai of Pune, and Husna Jaan of Banaras.

**Policing Pleasure** Susan Dewey, Patty Kelly, 2011-12-01. Monica waits in the Anti-Venereal Medical Service of the Zona Galactica, the legal state-run brothel where she works in Tuxtla Gutierrez, Mexico. Surrounded by other sex workers, she clutches the Sanitary Control Cards that deem her registered with the city, disease-free, and able to work. On the other side of the world, Min stands singing karaoke with one of her regular clients, warily eyeing the door lest a raid by the anti-trafficking Public Security Bureau disrupt their evening by placing one or both of them in jail. Whether in Mexico or China, sex work-related public policy varies considerably from one community to the next. A range of policies dictate what is permissible; many of them intending to keep sex workers themselves healthy and free from harm. Yet often policies with particular goals end up having completely different consequences. *Policing Pleasure* examines cross-cultural public policies related to sex work, bringing together ethnographic studies from around the world, from South Africa to India, to offer a nuanced critique of national and municipal approaches to regulating sex work. Contributors offer new theoretical and methodological perspectives that move beyond already well-established debates between abolitionists and sex workers' rights advocates to document both the intention of public policies on sex work and their actual impact upon those who sell sex, those who buy sex, and public health more generally.

*Vice in the Barracks* E. Wald, 2014-03-26. Shortlisted for the 2014 Royal Historical Society's Gladstone Prize and the 2014 Templer Award for the Best First Book by a New Author. Sex and alcohol preoccupied European officers across India throughout the nineteenth century, with high rates of venereal disease and alcohol-related

problems holding serious implications for the economic and military performance of the East India Company. These concerns revolved around the European soldiery in India, the costly but often unruly thin white line of colonial rule. This book examines the colonial state's approach to these vice-driven health risks. In doing so, it throws new light on the emergence of social and imperial mindsets and on the empire fuelled by fear of the lower orders' sexual deviation, disease, and mutiny. An exploration of these mindsets reveals a lesser explored facet of rule: the fractured nature of the Company state. Further, it shows how the measures employed by the state to deal with these vice-driven health problems had wide-ranging consequences, not simply for the army itself but for India and the empire more broadly. By refocusing our attention on to the military core of the colonial state, Wald demonstrates the ways in which army decision-making stretched beyond the cantonment boundary to help define the state's engagement with and understanding of Indian society.

**GENDER JUSTICE IN INDIA DURING PRE-INDEPENDENCE ERA** E. Jayanthi, 2019-06-07 1 Introduction 2 Socio-Political Climate of The Madras Presidency during The Early Period of 20th Century 3 Abolition of Devadasi System 4 Child Marriage Restraint Act of 1929 its Implementation and Success 5 Prostitution Laws Relating to The Abolition of Prostitution 6 Conclusion **Dangerous Sex, Invisible Labor** Prabha Kotiswaran, 2011-07-25 Popular representations of third world sex workers as sex slaves and vectors of HIV have spawned abolitionist legal reforms that are harmful and ineffective and public health initiatives that provide only marginal protection of sex workers' rights. In this book, Prabha Kotiswaran asks how we might understand sex workers' demands that they be treated as workers. She contemplates questions of redistribution through law within the sex industry by examining the political economies and legal ethnographies of two archetypical urban sex markets in India. Kotiswaran conducted in-depth fieldwork among sex workers in Sonagachi, Kolkata's largest red light area, and Tirupati, a temple town in southern India. Providing new insights into the lives of these women, many of whom are demanding the respect and legal protection that other workers get, Kotiswaran builds a persuasive theoretical case for recognizing these women's sexual labor. Moving beyond standard feminist discourse on prostitution, she draws on a critical genealogy of materialist feminism for its sophisticated vocabulary of female reproductive and sexual labor and uses a legal realist approach to show why criminalization cannot succeed amid the informal social networks and economic structures of sex markets. Based on this, Kotiswaran assesses the law's redistributive potential by analyzing the possible economic consequences of partial decriminalization, complete decriminalization, and legalization. She concludes with a theory of sex work from a postcolonial materialist feminist perspective.

**Colonizing the Realm of Words** Sascha Ebeling, 2010-09-28 A true tour de force, this book documents the transformation of one Indian literature, Tamil, under the impact of colonialism and Western modernity. While Tamil is a living language, it is also India's second oldest classical language, next to Sanskrit, and has a literary history that goes back over two thousand years. Michael Worton, Wilson Tagoe, 2013-07-04 In today's globalised world it is increasingly important to understand the otherness of different societies and their beliefs, histories and practices. This book focuses on a burning cultural issue: how concepts and constructions of gender and sexuality impact upon health, medicine and healthcare. Starting from the premise that health is neither a universal nor a unitary concept, it offers a series of interdisciplinary analyses of what sickness and well-being have been, are and can be. The originality of this book is its cross-cultural and trans-historical approach. Bringing together specially commissioned work by both major critical voices and young scholars in fields ranging from anthropology and art history to philosophy, political science and sociology, this volume challenges many traditional assumptions about gender, medicine and health care. Issues addressed include the politics and realities of female genital mutilation, sex work and migration, the portrayal of mothering in contemporary African writing, the representation of AIDS in literature, photography and the media, the place of gender in ancient Egyptian health papyri, the dramatisation of morality and sexual over-indulgence in Thai literature, the relationship between myths of menstruation and power in early modern England, the role of anger in traditional Chinese medicine and the ways in which both disease and sexual identities were redefined by cholera in the nineteenth century. The wide-ranging Introduction provides a historical and theoretical framework for what is defined here as Cultural Medicine, whilst fifteen original essays demonstrate from different perspectives that health is not merely a physiological and medical issue but also a cultural and ethical one. An invaluable research and study resource, this book is written in a clear and accessible style and will be of interest to the general reader as well as to students of all levels, to teachers of a wide range of disciplines and to specialist researchers of cultural studies and of medicine.      **Pakistan Journal of Women's Studies**
