Protecting Human Rights Instruments And Institutions:

Protecting Human Rights Tom Campbell, Jeffrey Denys Goldsworthy, Adrienne Sarah Ackary Stone, 2003 Conceptual boundaries and functions of human rights *Protecting Rights Without a Bill of Rights* Jeffrey Goldsworthy, Tom Campbell, Adrienne Stone, 2017-11-30 Australia is now the only major Anglophone country that has not adopted a Bill of Rights Since 1982 Canada New Zealand and the UK have all adopted either constitutional or statutory bills of rights Australia however continues to rely on common law statutes dealing with specific issues such as racial and sexual discrimination a generally tolerant society and a vibrant democracy This book focuses on the protection of human rights in Australia and includes international perspectives for the purpose of comparison and it provides an examination of how well Australian institutions governments legislatures courts and tribunals have performed in protecting human rights in the absence of a Bill of Rights

The EU and Human Rights Philip Alston, Mara R. Bustelo, James Heenan, 1999 For all its achievements in integrating Europe the EU lacks a human rights policy which is coherent balanced and professionally administered Whether in relation to access to Community justice sex equality race and disability discrimination or policing or in its external policies from Kosovo to China the Union needs new principles procedures and institutions to design and implement an effective set of human rights policies The introduction of a single currency the problems of racism and xenophobia the need for a humane refugee policy the growing powers of the EU in many fields and the Unions imminent eastward expansion all make it urgent to adopt such policies In this volume the leading experts in the field including individuals from every EU country provide an insightful critique of current policies and detailed recommendations for the future The volume includes comprehensive analyses of the competencies of the EU in human rights access to justice the Third Pillar

The United Nations System for Protecting Human Rights Dinah L. Shelton, 2016-12-05 The United Nations has been at the forefront of developing the international law of human rights for nearly seven decades This volume brings together the leading research articles on the development of human rights law by the United Nations and also includes essays on issues relating to standard setting institutional evolution and the creation of monitoring procedures

The Protection Role of National Human Rights Institutions Bertie G. Ramcharan, 2005-06-01 One of the more promising developments in global efforts to uphold human rights over the past decade has been the growing role of national human rights institutions A role for national institutions was foreseen by the United Nations Economic and Social Council as early as 1946 and since the adoption of the Universal Declaration of Human Rights in 1948 the Commission on Human Rights and the United Nations Secretariat have sought to promote the role of such institutions This volume offers a wealth of information on the protection functions of existing national human rights institutions in a wide selection of countries drawn from Asia Africa Europe Latin America and Oceania These essays together make clear the genuine striving by national human rights commissions to act for the protection of human rights in the countries they serve and the variety of protection models that can and are being adopted both in

developed and developing countries **An Institutional Approach to the Responsibility to Protect** Gentian Zyberi, 2013-06-27 Covering the main political organs of the UN important regional and security organizations international judicial institutions and the regional human rights protection systems An Institutional Approach to the Responsibility to Protect examines the roles and responsibilities of the international community regarding the responsibility to protect It also proposes improvements to the current system of collective security and human rights protection A Global Handbook on National Human Rights Protection Systems Bertrand G. Ramcharan, Gianni Magazzeni, Mona M'Bikay, Inès French, 2023-09-29 The human rights movement strives to develop a universal culture of human rights in all societies as well as to confront gross violations This book the first ever of its kind is a veritable State of the World Report on Human Rights It reproduces summaries by UN High Commissioners for Human Rights on the state of the national human rights protection systems of each UN Member State These summaries were sent following each state's passage through the Universal Periodic Review UPR process of the UN Human Rights Council The summaries identify each state's constitutional legal judicial and institutional architecture international conventions not yet ratified areas of progress problem areas and problems affecting different parts of the population The High Commissioners summaries reproduced here are preceded by insightful reflections on the concept of a national human rights protection system and by regional outlines of national human rights protection systems in the Americas and the Caribbean Europe Africa Asia and the Pacific The book also contains some case studies of the national human rights protection systems of sample states such as Australia Bhutan Brazil Canada Democratic Republic of the Congo Guyana Portugal Switzerland Sweden and South Africa **Sri Lanka, Human Rights and the United Nations** Thamir Venthan Ananthavinayagan, 2019-04-30 This book examines the engagement between the United Nations human rights machinery and the respective governments since Sri Lanka then Ceylon joined the United Nations Sri Lanka has a long and rich history of engagement with international human rights instruments However despite its active membership in the UN the country's post colonial trials and tribulations are emblematic of the limited influence the international organisation has exerted on this country in the Global South Assessing the impact of this international engagement on the country's human rights infrastructure and situation the book outlines Sri Lanka's colonial and post colonial development It then considers the development of a domestic human rights infrastructure in the country It also examines and analyzes Sri Lanka's engagement with the UN's treaty based and charter based human rights bodies before offering conclusions concerning the impact of said engagement The book offers an innovative approach to gauging the impact of international human rights engagement while also taking into account the colonial and post colonial imperatives that have partly dictated governmental behaviour By doing so the book seeks to combine and analyse international human rights law post colonial critique studies on biopower and critical approaches to international law It will be a useful resource not only for scholars of international law but also for practitioners and activists working in this area Australia's Human Rights

Scrutiny Regime Adam Fletcher, 2018-09-17 In 2010 the Australian Government decided that it would not propose a Human Rights Act despite the relevant recommendation of the 2008 09 National Human Rights Consultation. Instead it introduced a Human Rights Framework comprising several measures to enhance human rights protection including the Human Rights Parliamentary Scrutiny Act 2011. The scrutiny regime under that Act was designed to ensure rights would be given due consideration before Commonwealth legislation was passed. The Act created a unique bipartite dialogue system involving a formal interchange on rights compatibility between the executive and Parliament while excluding the courts. This set the Commonwealth apart from jurisdictions such as the ACT, Victoria, New Zealand and the UK which have statutory rights instruments administered by their courts. The book presents a detailed study of all aspects of the scrutiny regime and compares the regime with its closest counterparts overseas. In assessing the regime's impact it argues that a system in which the executive and Parliament are responsible both for protecting rights and for remedying rights breaches is neither more legitimate nor more effective than one involving all three branches of government. Accordingly it calls for strengthening reforms.

Blackstone's International Human Rights Documents Alison Bisset, 2023 Celebrating over 30 years as the market leading series Blackstone's Statutes have an unrivalled tradition of trust and quality. National Independent Human Rights Institutions for Children Ursula Kilkelly, Emily Logan, 2021-09-20 Following the 30th anniversary of the United Nations Convention on the Rights of the Child in 2020 and the creation of the UN Sustainable Development Goals there is increased interest in and a need to develop national human rights bodies for children's rights. This book provides an in depth look at one domestic independent children's rights institution the Irish Ombudsman for Children's Office to highlight the learnings for an international audience and the methodologies that can be used to promote and protect children's rights at a national level. Co authored by Ireland's first Ombudsman for Children and a children's rights professor the book will present an original and informed analysis of how a national human rights institution can advocate most effectively for the rights of children. By using illustrative case studies the book will highlight how the powers of a national human rights institution can be put to strategic use to address specific children's rights deficits in areas of child protection, youth detention and public awareness about children's rights. Each chapter focusses on a case study, identifies a problem, the approach or intervention by the Ombudsman for Children, the outcome and reflects on lessons learned. It ensures that the cases can be extracted, examined and replicated in other jurisdictions by an international community interested in the promotion, monitoring and protection of children's rights. It speaks to those interested in Human Rights, Children's Rights, Socio legal studies, Social Work, Childhood Studies, Administrative Law, Constitutional Law and International Law and to practitioners and policy makers in this field.

International Economic Actors and Human Rights Adam McBeth, 2009-09-28 In noting that the actions of entities other

than states in the economic arena can and often do have a profound effect on human rights this book poses the question as to how international human rights law can and should address that situation This book takes three very different categories of international actor the World Trade Organization the international financial institutions World Bank and IMF and multinational enterprises and analyses the interaction of each category with human rights in each case analysing the interaction of the different fields of law and seeking to identify a role for international human rights law Adam McBeth concludes that each of the selected international economic actors can and should be considered to operate within a holistic system of international law including human rights obligations but that changes in the operations and the accountability mechanisms for each actor are necessary for the practical implementation of that approach While written from a human rights perspective the underlying theme of the book is one of engagement and harmonisation rather than condemnation It provides valuable insight for those who approach this topic from a background of international trade law commercial law or general international law just as much as those who have a human rights background International Economic Actors and Human Rights will be of great interest to those studying or working in any field of international economic law as well as human rights scholars and practitioners

Mental Health and Human Rights Michael Dudley, Derrick Silove, Fran Gale, 2012-06-21 Mental disorders are ubiquitous profoundly disabling and people suffering from them frequently endure the worst conditions of life In recent decades both mental health and human rights have emerged as areas of practice inquiry national policy making and shared international concern Human rights monitoring and reporting are core features of public administration in most countries and human rights law has burgeoned Mental health also enjoys a new dignity in scholarship international discussions and programs mass media coverage and political debate Today's experts insist that it impacts on every aspect of health and human well being and so becomes essential to achieving human rights It is remarkable however that the struggle for human rights over the past two centuries largely bypassed the plight of those with mental disabilities Mental health is frequently absent from routine health and social policy making and research and from many global health initiatives for example the Millennium Development Goals Yet the impact of mental disorder is profound not least when combined with poverty mass trauma and social disruption as in many poorer countries Stigma is widespread and mental disorders frequently go unnoticed and untreated Even in settings where mental health has attracted attention and services have undergone reform resources are typically scarce inequitably distributed and inefficiently deployed Social inclusion of those with psychosocial disabilities languishes as a distant ideal In practice therefore the international community still tends to prioritise human rights while largely ignoring mental health which remains in the shadow of physical health programs Yet

not only do persons with mental disorders suffer deprivations of human rights but violations of human rights are now recognized as a major cause of mental disorder a pattern that indicates how inextricably linked are the two domains This volume offers the first attempt at a comprehensive survey of the key aspects of this interrelationship It examines the crucial relationships and histories of mental health and human rights and their interconnections with law culture ethnicity class economics neuro biology and stigma It investigates the responsibilities of states in securing the rights of those with mental disabilities the predicaments of vulnerable groups and the challenge of promoting and protecting mental health In this wide ranging analysis many themes recur for example the enormous mental health burdens caused by war and social conflicts the need to include mental health interventions in humanitarian programs in a manner that does not undermine traditional healing and recovery processes of indigenous peoples and the imperative to reduce gender based violence and inequities It particularly focuses on the first person narratives of mental health consumers their families and carers the collective voices that invite a major shift in vision and praxis The book will be valuable for mental health and helping professionals lawyers philosophers human rights workers and their organisations the UN and other international agencies social scientists representatives of government teachers religious professionals researchers and policy makers **Parliaments as**

Peacebuilders in Conflict-affected Countries Mitchell O'Brien, Rick Stapenhurst, Niall Johnston, 2008-01-01 The changing nature of conflict and the increase in intrastate conflict during the 1990s followed by its slow decline since the turn of the century have led to changing priorities in the field of conflict resolution No longer is the international community solely concerned with resolving existing conflicts it also is managing emerging conflicts to ensure that they do not flare into violent conflict This book outlines some of the strategies parliaments and parliamentarians can adopt to reduce the incidence of conflict and effectively manage conflict when it does emerge It is hoped that by *Asian Yearbook of International Law, Volume 16 (2010)* Kevin YL Tan, 2013-05-09 Launched in 1991 the Asian Yearbook of International Law is a major internationally refereed yearbook dedicated to international legal issues as seen primarily from an Asian perspective It is published under the auspices of the Foundation for the Development of International Law in Asia DILA in collaboration with DILA Korea the Secretariat of DILA in South Korea When it was launched the Yearbook was the first publication of its kind edited by a team of leading international law scholars from across Asia It provides a forum for the publication of articles in the field of international law and other Asian international legal topics The objectives of the Yearbook are two fold First to promote research study and writing in the field of international law in Asia and second to provide an intellectual platform for the discussion and dissemination of Asian views and practices on contemporary international legal issues Each volume of the Yearbook contains articles and shorter notes a section on Asian state practice an overview of the Asian states participation in multilateral treaties and succinct analysis of recent international legal developments in Asia a bibliography that provides information on books articles notes and other materials dealing with international law in Asia as well as book reviews This

publication is important for anyone working on international law and in Asian studies African Human Rights Yearbook / Annuaire africain des droits de l'homme 3 (2019), 2019-01-01 About the publication The African Charter on the Rights and Welfare of the Child African Children s Rights Charter is the continental instrument for protecting and promoting the rights and welfare of the Child The Children s Charter adopted in 1990 forms part of the salient features of the African human rights system complementing the parent human rights instrument the African Charter on Human and Peoples Rights African Charter To give meaning and effect to its provisions the African Children s Rights Charter in article 34 establishes an organ namely the African Committee of Experts on the Rights and Welfare of the Child African Children s Rights Committee or Committee to monitor implementation by member states to advocate for children s rights and to hold state parties accountable to their obligations as state parties Working collaboratively on the continent s human rights system the organs comprising the African human rights namely the African Commission on Human and Peoples Rights Commission the African Court on Human and Peoples Rights Court and the African Children s Rights Committee have undertaken to publish the African Human Rights Yearbook This is an instrumental platform to highlight the mandate of the organs to foster collaboration and to illustrate Africa s commitment to uphold human rights It is an important initiative that highlights various aspects of the norms and institutions relevant for human rights on the continent This is the third volume of the Yearbook It includes a focus on the 2019 theme of the African Union Refugees Returnees and Internally Displaced Persons Towards Durable Solutions to Forced Displacement in Africa The African Children s Committee has at the same time undertaken and published a study on Children on the Move 2019 focusing not only on refugees detainees and internally displaced persons but also drawing inspiration from the protective mandate of the African Children s Rights Charter to draw the continent s attention to the protection and promotion of the rights and welfare of children who are on the move The focus on themes of the African Union enables a critical analysis of the extent of their implementation and relevance to the human rights discourse in the continent Furthermore the special focus of the Yearbook on various groups of people in vulnerable situation such as children and women signals the need to enhance their protection and prioritise their plight The role of academic writing in advancement of human rights deserves due notice and appreciation by human rights implementing bodies Peer reviewed academic research provides credible and independent knowledge about human rights in a specific country or region as well as in various contexts and thematic areas Academia plays a major role in the development of a human rights resource base that enables sustainable enhancement of human rights protection and promotion The African Human Rights Yearbook is an excellent example of the important role played by academia in strengthening human rights protection and promotion in Africa The breadth of knowledge enveloped in the Yearbook is evidenced by the long list of highly established scholars that informed it By questioning and analysing the institutional architecture and the work of the three human rights bodies the Yearbook has an invaluable role of ameliorating their functioning as a collective system For this reason it is
