Protecting Women:

Protecting Women Ulla Wikander, Alice Kessler-Harris, Jane E. Lewis, 1995 Enacted in almost every industrial country a century ago protective legislation directed toward women provoked bitter controversy pitting men against women women against women and elected officials against political parties Strong conflicts arose over what constituted protection Does this kind of legislation help preserve women s capacities to mother or is it intended to preserve men s jobs Does protective legislation help achieve workplace equality Does it give the state the right to intrude into private family life and if so how far In this international collection thirteen historians explore the origin and array of protective labor legislation directed at women The authors analyze ideologies attitudes and effects of legislation across women s classes among employers and workers organizations and in both bourgeois and socialist feminist groups Their essays raise profoundly disturbing questions and provide startling insights as to why the debates that originated more than a hundred years ago are still unresolved The contributors are from Australia Austria Denmark Germany Great Britain Greece the Netherlands Norway Sweden Switzerland and the United States *Constituting Workers, Protecting Women* Julie Novkov, 2023-06-20 Constitutional considerations of protective laws for women were the analytical battlefield on which the legal community reworked the balance between private liberty and the state s authority to regulate Julie Novkov focuses on the importance of gender as an analytical category for the legal system During the Progressive Era and New Deal courts often invalidated generalized protective legislation but frequently upheld measures that limited women s terms and conditions of labor The book explores the reasoning in such cases that were decided between 1873 and 1937 By analyzing all reported opinion on the state and federal level as well as materials from the women s movement and briefs filed in the U S Supreme Court the study demonstrates that considerations of cases involving women s measures ultimately came to drive the development of doctrine The study combines historical institutionalism and feminism to address constitutional interpretation showing that an analysis of conflict over the meaning of legal categories provides a deeper understanding of constitutional development In doing so it rejects purely political interpretations of the so called Lochner era in which the courts invalidated many legislative efforts to ameliorate the worst effects of capitalism By addressing the dynamic interactions among interested laypersons attorneys and judges it demonstrates that no individuals or institutions have complete control over the generation of constitutional meaning Julie Novkov is Assistant Professor of Political Science University of Oregon *Domestic Violence Against Women & Role of Protection Officer* Dr. Shahnaz Akhtar, 2025-03-10 Domestic Violence Against Women Role of Protection Officer by Dr Shahnaz Akhtar is a compelling exploration of the legal social and psychological aspects of domestic violence The book delves into the crucial role of protection officers in safeguarding victims and ensuring justice With a foreword by Dr Amit Singh this insightful work sheds light on the challenges faced by women and the legal framework designed to protect them A must read for legal professionals social workers and anyone advocating for women s rights and

safety **Changing rural women's lives through gender transformative social protection** Gavrilovic, M., Petrics, H., Kangasniemi, M., 2023-10-10 Most rural women and girls experience multiple disadvantages in their lives because of systematic gender inequalities Structural drivers including discriminatory norms create and maintain gender gaps in development outcomes Gender transformative programmes seek to address the underlying structural causes of gender inequalities and transform unequal gender roles and relations This paper aims to orient the future policy research and programmatic work of national governments practitioners and development partners on the adoption of a gender transformative approach GTA to social protection to improve results on rural poverty reduction food security and nutrition Social protection interventions rarely explicitly address social and gender norms and power dynamics at household level and beyond but there is a growing demand to understand the potential of social protection policies and programmes to contribute to gender transformative outcomes This paper critically examines the scope for social protection to be gender transformative and discusses the available evidence on gender transformative impacts of social protection It also aims to identify how programmes can realistically become more transformative in their objectives design features and outcomes **Due Diligence and Its Application to Protect Women from Violence** Carin Benninger-Budel, 2008-10-02 Under international human rights law states are required to exercise due diligence to prevent investigate punish and provide redress for acts of violence against women Accordingly the due diligence standard presents a way to measure whether a state has fulfilled its obligations to prevent and respond to violence against women Despite its growing popularity as a tool for promoting greater state accountability for violence against women by non state actors the content and scope of due diligence obligations remain vague Against the backdrop of contemporary issues that pose threats to women s rights the contributors to this volume examine how the due diligence standard and other strategies can be applied as useful mechanisms to combat violence against women in various cultures worldwide [A Complete Blueprint for Women's Rights & Protection](#) A Ghosh, 2024-09-26 A Complete Blueprint for Women s Rights Protection is dedicated to safeguarding and promoting women s rights This comprehensive book explores the historical evolution of women s rights the current threats women face and the socio political challenges related to their protection It addresses critical issues such as workplace equality access to education reproductive rights and protection from violence The book examines the complexities of legal safeguards against discrimination and abuse serving as a step by step guide for overcoming systemic barriers What distinguishes this book is its emphasis on preventing violence rather than merely focusing on seeking justice after incidents occur such as rape gang rape murder and human trafficking **Women's Rights to Social Security and Social Protection** Beth Goldblatt, Lucie Lamarche, 2014-10-23 This collection examines the human rights to social security and social protection from a women s rights perspective The contributors stress the need to address women s poverty and exclusion within a human rights framework that takes account of gender The chapters unpack the rights to social security and protection and their

relationship to human rights principles such as gender equality participation and dignity Alongside conceptual insights across the field of women's social security rights the collection analyses recent developments in international law and in a range of national settings It considers the ILO's Social Protection Floors Recommendation and the work of UN treaty bodies It explores the different approaches to expansion of social protection in developing countries China Chile and Bolivia It also discusses conditionality in cash transfer programmes a central debate in social policy and development through a gender lens Contributors consider the position of poor women particularly single mothers in developed countries Australia Canada the United States Ireland and Spain facing the damaging consequences of welfare cuts The collection engages with shifts in global discourse on the role of social policy and the way in which ideas of crisis and austerity have been used to undermine rights with harsh impacts on women

Partnership for change: promoting and protecting women's, children's and adolescents' health in a fragmented world World Health Organization, 2025-07-17 Guided by the power of communities equity and universal human rights the PMNCH 2026-2030 strategy is a blueprint to promote acceleration amplify advocacy and strengthen accountability to advance women's children's and adolescents' health and well-being WCAHW through to 2030 while also laying the groundwork for robust commitments in the post-2030 development agenda The aim is to ensure sustainable delivery of unmet WCAHW policy financing and service delivery commitments improvements to the health and well-being of adolescents meaningfully engaging them as actors with rights to shape their own lives and the realization of SRHR With collaboration at its core PMNCH will enable and amplify its global community of courageous champions for a world where every woman child and adolescent can realize their right to health and well-being where no woman mother newborn child or adolescent dies of preventable causes and where universal access to SRHR is upheld

The Legal Protection of Women From Violence Rashida Manjoo, Jackie Jones, 2018-03-22 Violence against women remains one of the most pervasive human rights violations in the world today and it permeates every society at every level Such violence is considered a systemic widespread and pervasive human rights violation experienced largely by women because they are women Yet at the international level there is a gap in the legal protection of women from violence There is currently no binding international convention that explicitly prohibits such violence or calls for its elimination or mandates the criminalisation of all forms of violence against women This book critically analyses the treatment of violence against women in the United Nations system and in three regional human rights systems Each chapter explores the advantages and disadvantages coming from the legal instruments the work of the monitoring systems and the resulting findings and jurisprudence The book proposes that the gap needs to be addressed through a new United Nations Convention on the Elimination of All Forms of Violence against Women or alternatively an Optional Protocol to the Convention on the Elimination of all Forms of Discrimination against Women A new Convention or Optional Protocol would be part of the transformative agenda that is needed to normatively address the promotion of a life free of violence for women the

responsibility of states to act with due diligence in the elimination of all forms of violence against all women and the systemic challenges that are the causes and consequences of such violence *Hindu Women's Property Rights in Rural India* Reena Patel,2007 This volume addresses the issue of Hindu peasant women s ability to effectuate the statutory rights to succession and assert ownership of their share in family land The work combines a critical evaluation of law with economic analyses into allocation of resources within the family as a means of addressing gender relations and explaining resulting gender inequalities **New Perspectives on European Women's Legal History** Sara L. Kimble, Marion Röwekamp, 2016-07-01

This book integrates women s history and legal studies within the broader context of modern European history in the late nineteenth and twentieth centuries Sixteen contributions from fourteen countries explore the ways in which the law contributes to the social construction of gender They analyze questions of family law and international law and highlight the politics of gender in the legal professions in a variety of historical social and national settings including Eastern Southern Western Northern and Central Europe Focusing on different legal cultures they show us the similarities and differences in the ways the law has shaped the contours of women and men s lives in powerful ways They also show how women have used legal knowledge to struggle for their equal rights on the national and transnational level The chapters address the interconnectedness of the history of feminism legislative reforms and women s citizenship and build a foundation for a comparative vision of women s legal history in modern Europe

Women's rights, gender inequality, and intersectional vulnerabilities: Exploring substantive transformative equality in the African continental and regional human rights systems 20 years after the adoption of the Maputo Protocol Annika Rudman, Alejandro Fuentes, 2025-06-01 This book titled Women s Rights Gender Inequality and Intersectional Vulnerabilities Exploring substantive transformative equality in the African continental and regional human rights systems 20 years after the adoption of the Maputo Protocol addresses a wide range of issues related to women s rights gender based discrimination abuse exploitation and violence It shifts away from a formalist approach to equality instead adopting a transformative perspective on human rights law The objective is to assess the progress made by the African human rights system toward implementing substantive transformative equality for women and girls while also identifying necessary improvements to achieve this goal The chapters in this book originate from the Regional Africa Human Rights Academic Network Conference 2023 held from 13 15 September 2023 at Stellenbosch University South Africa Hosted by the Faculty of Law at Stellenbosch University the conference was organised by the Raoul Wallenberg Institute of Human Rights and Humanitarian Law RWI with financial support from the Swedish International Development Cooperation Agency Sida in collaboration with its academic partner institutions the Academic Network under the Regional Africa Programme 2019 2024 **Strengthening the protection of sexual and reproductive health and rights in the African region through human rights** Eunice Brookman-Amisah, Tinyade Kachika, Simangele Mavundla, Jaime Todd-Gher, Christina Zampas, Onyema

Women's Rights after the Arab Spring Laura Guercio,2019-09-12 When protests erupted across the Middle East and North Africa MENA in 2011 the general view was that these events would bring forward the regeneration of democracy They were also meant to represent the Spring of women s fight for freedom and equality As time passed it became clear that the process of social and political changes necessary to tackle female issues would be a long one The Thahiris and their equivalents did not prevail and in the absence or weakness of political institutions Islamic parties emerged The urgent issue then became how to reconcile the demands of women with the Islamic character of the new political establishments This book discusses this issue through the analysis of the socio political meanings of the constitutional reforms after the 2011 Arab Spring It is inspired by the testimony of local women from the MENA area who can be the makers of real social change

The Protection of Civilians in Peacekeeping Operations Tamer Morris,2024-09-09 While the Security Council has been mandating peacekeepers to protect civilians since 1999 there is still contention on its legal meaning Even though the concept of protection can seem self evident as the concept of protection is borrowed language each body of law will perceive protection through a different lens However as the mandate creates a legal obligation on UN peace missions a clear understanding of protection is fundamental to ensure performance and accountability *The Other Women's Movement*

Dorothy Sue Cobble,2005-08-21 American feminism has always been about more than the struggle for individual rights and equal treatment under the law In this book the author retrieves an alternative tradition of women s reform that sought answers to questions increasingly pressing today how to balance work and family and how to address growing economic inequalities This book trace s the history of American social justice feminism from the 1930s into the present and to link that continuous tradition with the leadership of labor women Back cover
