Don. R. Catherall

Protecting Young Children In Violent Environments Building Staff And Community Strengths:

Protecting Young Children in Violent Environments Joy D. Osofsky, Emily Schrag Fenichel, 2000 Children Exposed to Violence Margaret Mary Feerick, Gerald B. Silverman, 2006 This timely much needed resource identifies gaps in our understanding of the effects of exposure to violence on children and sets a direction for future research to support interventions and violence prevention

Early Intervention for Trauma and Traumatic Loss Brett T. Litz, 2004-01-01 This authoritative volume describes the state of the science of early intervention for trauma and traumatic loss across the lifespan and in a variety of contexts While few would dispute the importance of helping people cope with severe life stressors important questions remain about how to identify those at risk for chronic problems and which interventions actually facilitate recovery over time Following a review of current knowledge on the predictors and course of acute stress disorder PTSD and traumatic grief the volume presents a range of early intervention models designed for very young children older children and adults Authors examine the empirical literature and recommend evidence based clinical strategies whenever possible while delineating an extensive agenda for future research Also covered are the lessons learned from early intervention with specific populations 9 11 survivors combat veterans emergency services personnel survivors of sexual violence and others

Handbook of Stress, Trauma, and the Family Don. R. Catherall, 2013-01-11 The Handbook of Stress Trauma and the Family is broken down into three sections compiling research theory and practice The first section focuses on how traumatic stress affects intimate others what familial characteristics affect individual susceptibility to trauma as well as evaluation of the effectiveness of various interventions The section on theory explores concepts of stress and intrapsychic processes underlying the intergenerational transmission of trauma addressesing how families can buffer or enhance anxiety The final section entitled practice covers assessment presenting both the Circumplex Model and Bowenian family theory models treatment models and treatment formats for specific populations The major family treatment models applicable to stress and trauma are discussed including contextual object relations emotionally focused and critical interaction therapy

Children Who See Too Much Betsy Mcalister Groves, 2003-01-20 For the last ten years Betsy Groves has been working with children traumatized by witnessing violence In this book she shows how children understand respond to and are affected by violence especially domestic violence Groves makes the powerful case that traumatic events carried out by family members carry the most severe psychological risks for very young children She uses clinical case studies to show that being young does not protect against the lasting effects of witnessing violence and she offers ways adults can help

Zero to Three, 2001

Child Development for Child Care and Protection Workers Brigid Daniel, Sally Wassell, Robbie Gilligan, 2011-02-12 This is a classic text for students and practitioners in the child care and protection field which summarises important current thinking on child development and applies it directly to practice The book covers key issues such as resilience and vulnerability and the impact of protective or adverse environments

Handbook for Child Protection

Practice Howard Dubowitz, Diane DePanfilis, 1999-12-22 The timing of the publication with the revised Working Together guidelines could not be more advantageous This book is a unique and important contribution to child care literature No agency should be without Child Abuse Review Professionals concerned with the protection of children face many challenges This work demands knowledge from several disciplines a wide variety of skills and interdisciplinary collaboration The editors Howard Dubowitz a pediatrician and Diane DePanfilis a social worker together with over 70 experts in this field offer what is known about how best to work with maltreated children and their families in a very practical concise and user friendly way Structured to follow the life of a case from the time a report of child maltreatment is made through the various pathways in the child protection system this edited volume synthesizes the best practice principles for responding to reports of child abuse and neglect engaging children and other family members in intervention developing cross cultural practice competencies assessing risk evaluating safety and conducting family assessments defining outcomes and planning intervention evaluating risk reduction and making permanency decisions and discusses the unique legal medical ethical and other practice issues that work in the child protection field involves Professionals facing tough dilemmas in practice should find valuable guidance in these pages **ABA Child Law Practice** ,2001 **Wielding Nonviolence in the Midst of Violence** Ellen Furnari (editor), 2016-04-08 Unarmed civilian peacekeeping or protection UCP is a generic term that gives recognition to a wide range of activities by unarmed civilians to reduce violence and protect civilians in situations of violent conflict There are many non governmental as well as governmental organisations that engage in UCP using a variety of methods and approaches This study examines UCP in four conflict affected regions Colombia Mindanao Philippines Palestine Israel and South Sudan It focuses on what is emerging as good practice in these varied contexts and whether any commonalities can inform the expanded use of UCP **Building the Resilient School** Robert D. Barr, Emily L. Gibson, 2020-05-08 Overcome the effects of poverty in the 21st century by embracing an innovative new vision of public schooling With the guidance of this practical research driven resource you will discover a model for building resilient schools that helps students work through their emotional and mental health needs connect with caring adults and find purpose for their lives Use this resource to embrace the whole child and address students social emotional needs Study the widespread poverty that currently exists in the United States Understand the ways poverty traumatizes students impedes their mental development and damages and interferes with their ability to learn Become familiar with secondary trauma and the ways educators can be traumatized by the compassion fatigue of working in communities that experience high rates of poverty Learn how the effects of poverty can be mitigated through the development of resiliency in students which can lead to decreased absenteeism and increased learning Explore the four cornerstones of resilient schools Discover the importance of resilient schools in overcoming the effects of poverty and supporting students and students families who are experiencing poverty Contents Acknowledgments Table of Contents About the Authors Introduction Poverty Our Greatest Challenge Part I

Violence and Trauma in the Lives of Children Joy D. Osofsky, Betsy McAlister Groves, 2018-08-09 Explains the neurological emotional and behavioral impacts of violence and trauma experienced by newborns infants children and teenagers Traumatic events known as adverse childhood experiences ACEs can affect children physically mentally and emotionally sometimes with long term health and behavioral effects Abuse neglect exposure to community and domestic violence and household dysfunction all have the potential to alter brain development and behavior but few people are able to recognize or respond to trauma in children Given the prevalence of childhood exposure to violence with one in four children ages 5 to 15 living in households with only moderate levels of safety and nurturance and infants and children ages 0 to 3 comprising the highest percentage of those maltreated it is imperative that students and professionals alike be able to identify types and consequences of violence and trauma This book provides readers with the information they need in order to know how to detect and prevent ACEs and to help children who have lived through them *America's Babies* Cindy Oser, Julie Cohen, 2003 A unique reference book that presents information on the state of infants and toddlers up to 3 years of age in the United States Detailed statistics research and compelling data combine to help readers understand how biological environmental and family conditions interact to influence lifetime development Among the areas addressed are demographics quality of child health and well being in the U S family and economic factors state of early education and child care effects of violence and trauma and how the U S compares to other countries It includes more than 70 figures and tables **The Importance of Fathers in the Healthy Development of Children** Jeffrey Rosenberg, William Bradford Wilcox, 2006

Child Safety, Welfare and Well-being Sibnath Deb, 2022-03-21 This book provides a focused and comprehensive overview of the status of children across society with special reference to emerging features and measures of child safety welfare and overall well being The book is arranged into four parts covering various dimensions of child welfare and well being In this second edition highly experienced academics researchers child rights activities and policymakers from both developed and developing countries have contributed chapters on topics such as status of children living under institutional care sexual abuse of male children and tribal girl children issues and challenges faced by children living in conflict zones children living on the streets COVID 19 and its impact on the education of children The status of marginalized children gets special importance in the second edition The new chapters include field based experiences of researchers in protecting child rights

and preventing child abuse It also considers the promising strategies and promising future directions in enhancing effective prevention intervention and responses to child abuse and neglect This volume is essential for a wide range of professionals and researchers from the social sciences law medicine and behavioral sciences It is also beneficial for policymakers and law enforcement agencies working with children *CHILDREN IN THE URBAN ENVIRONMENT* Norma Kolko

Phillips,Shulamith Lala Ashenberg Straussner,2016-12-23 This updated and expanded third edition examines the significant changes impacting children in our society and is a significant revision of the second edition presented 10 years previous During that period there have been many important firsts in the United States the first African American president the first attempt at a health care system that includes everyone the first time for gay marriage sanctioned by the federal government numerous firsts in medical care a growing globalization and the ongoing technology revolution changing lives from day to day At the same time however there have been reactionary pulls that have halted progress in many critical areas such as income inequality racism poverty violence terrorist acts and critical flaws in the educational and criminal justice systems that continue to have disastrous consequences for children The chapters in the book discuss the cost in human terms of some of the missing opportunities for urban children and youth and illustrate the impact of social welfare policies on children their families and on the broader society To better prepare social workers to meet some of the pressing needs to children three completely new chapters have been added to this edition Beyond School and Community Violence Providing Environments Where Children Thrive Urban Lesbian Gay Bisexual and Transgender Children and Substance Use by Urban Children In addition to sections on Economic Social and Environmental Factors Impacting on Urban Children and Familial Factors Impacting on Urban Children a new section Behavioral and Physical Health and Urban Children has been introduced This new edition provides a significant resource for students and professionals in social work family counseling human services psychology and criminal justice Most importantly the various chapters in this text will help social workers and social work students recognize the nature of some of the current problems affecting children and come up with innovative solutions for the future **Machel Study 10-year Strategic Review** ,2009 The organisation of this report aims to heighten our

understanding of the myriad ways in which armed conflict affects children and how children regard their participation not only in war but in programmes aimed at preventing violence against them and in promoting their recovery and reintegration The central message of this 10 year strategic review is that war violates every right of the child The report thus frames its findings within three categories political and diplomatic actions and responsibilities system wide international policies standards and architectures and prevention and response *Child Protection and the Care Continuum* Elizabeth Fernandez,Paul Delfabbro,2020-11-25 This important new book critically examines the complex policy and practice issues surrounding child protection including the impact of theoretical orientations contemporary debates policy initiatives and research findings and maintains an emphasis on the ethics and values underpinning child welfare interventions The book

introduces policies that are central to understanding the position and needs of children and young people and how policy and practice have been influenced by developments including the children's rights agenda. It also explores the most significant issues in child welfare. These include the experience of maltreatment by children, the systems of child protection to safeguard them, the methods and challenges of risk assessment and the wide range of policy and therapeutic interventions to respond to children's needs. The book also examines family support to promote children's wellbeing before considering provision for children and young people who are looked after in out of home care. There is also a final section that focuses on best practice in communicating and working with children and young people drawing on participatory rights oriented and resilience based approaches and supporting foster and adoptive carers and biological parents. Contributing in a substantive and clear manner to a growing international conversation about the present function and future directions for child welfare in contemporary societies, this textbook will be of interest to undergraduate and postgraduate social work students and those from allied disciplines and professionals who are engaged in child welfare services.

Safe and Healthy School Environments Howard Frumkin, 2006 Publisher Description

The Routledge International Handbook of Social Work and Disaster Practice Carole Adamson, Margaret Alston, Bindi Bennett, Jennifer Boddy, Heather Boetto, Louise Harms, Raewyn Tudor, 2024-12-24 This handbook addresses the diversity and complexity of social work practice in the context of disasters. Drawing on international perspectives with the inclusion of case studies, this handbook provides a resource for students, practitioners, educators and researchers seeking to prepare the social work profession for contemporary challenges associated with disasters. Divided into five parts, it explores the following subject areas: 1. Conceptual aspects concerning social work's relationship with disasters 2. Social work's role in preventing and preparing for disasters and response and recovery 3. Social work practice with specific populations 4. Social work education and training in disasters 5. Implications for social work organisations and policy. Leading ideas, debates and approaches from international authors will provide Global North and South perspectives. A critical examination of research and theories for practice, including concepts of human vulnerability and community resilience, will provide the foundation for detailing the practical contributions that social workers can make at the micro, meso and macro levels of practice. Social work's underpinning value base of social justice and human rights will also be explored in the context of the complex and dynamic nature of socio-cultural, political and economic dimensions pertaining to disasters. It will therefore be of interest to all social work students, academics and professionals as well as those working in allied disciplines, policy and emergency management roles.
