The Slave in the Swamp William Tynes Cowa, 2013-09-13 First Published in 2005. In 19th century plantation literature, the runaway slave in the swamp was a recurring bogey man whose presence challenged myths of the plantation system. By escaping to the swamps with its wild and threatening connotations, the runaway gained an invisibility that was more threatening to the institution than open rebellion. In part, the proslavery plantation novel served to transform that image of the free slave in the swamp from its untouchable abstract state to a form that could be possessed, understood and controlled. Essentially, writers defending the institution would conjure forth the rebellious image in order to dispel it safely.

The book seeks to examine changes in the U.S. literary aesthetic and social as represented in novels set in an environment where the gamut of ethnicities and their often differing views of literature and culture that make up the U.S. are more generally found, using the theories and concepts of Mikhail Bakhtin, particularly his concept of the chronotope or spacetime.

The Imperial Quest and Modern Memory from Conrad to Greene Julia Rawa, 2013-11-05. *The Imperial Quest and Modern Memory* explores relationships between narrative and imperium in the context of Western Modernism by examining the Quest as a vexed trope in *Heart of Darkness*, *Passage to India*, *The Sheltering Sky* and *The Quiet American*. The book takes stock of twentieth century theory regarding the Quest as archetype, trope and construct, considers the dominant expression and the imperial organization of this trope in Western culture and iconography from the Dark Ages to the Age of Empire, explores the ways in which this trope both lingers and changes in the context of Western Modernism and finally gauges its permutations in Modern discourse. *The Imperial Quest and Modern Memory*'s central claim is that the Modern novel simultaneously reinscribes and subverts Western and imperial manifestations of the Quest. *Heart of Darkness*, *Passage to India*, *The Sheltering Sky* and *The Quiet American* are remarkably Modern and subversive narratives. They participate in the revolutionary projects of early and high Modernism and are often in marked opposition to imperial praxis. Yet they are also profoundly influenced by the deep ideological and metaphoric structures of Western culture. Thus the Quest trope specifically in its Western and imperial manifestations lingers in Modern

Memory and certainly in the Modern novel This expansive study emphasizes intriguing intersections between past and present culture and archetype norm and narrative memory and contemporaneity **The Ethics of Exile** Timothy Strode, 2013-11-05 The book investigates the problem of how narrative normally conceived of temporally encodes its relation to space especially the territorial space that is the subject of colonial possession and dispossession The book approaches this problem by first providing a theoretical framework derived from the work of Martin Heidegger and Emmanuel Levinas on the ethical and political implications of human dwelling and second by using this framework to examine cultural forms in two historical periods colonial America and postcolonial South Africa the primary interest being the works of Charles Brockden Brown and J M Coetzee This book is unique in its elaboration of a spatial or more exactly territorial conception of narrative form *Alternative Spaces, Identity and Language in Afrofuturist Writing* Tugba Akman Kaplan, 2024-01-09 Where does the journey of wanting to become an android begin Going beyond the state of being a human is the only chance that some of the Afrofuturists believe they have This is the result of struggling for equality for so many years yet not achieving much Is this a new phenomenon that has its roots the modern age though This book argues that it is not Even though Afrofuturism is a newly formed term the ideas related to it have roots that go back more than a hundred years The book will not only help readers to trace back to Afrofuturism s roots but also help them to compare and contrast some proto Afrofuturistic authors such as Zora N Hurston and Ralph Ellison with the Afrofuturist writer Octavia Butler Surviving the Crossing Jessica Rabin, 2005-12-20 Chapter 1 Introduction A Sense of Selves chapter 2 The Peculiar Combination of Elements Long Familiar Willa Cather chapter 3 Fiction Was Another Way of Telling the Truth Gertrude Stein chapter 4 The Mixedness of Things Nella Larsen chapter 5 Conclusion Other Countries Other Romances *Narrative Mutations* Rudyard Alcocer, 2005-08-16 Given the welcomed shift throughout the academy away from essentialist and biologically fixed understandings of race and the body it is a curiosity worth exploring that so many sophisticated and even radical narratives retain physical and behavioral heredity as a guiding trope The persistence of this concept in Caribbean literature informs not only discourses on race ethnicity and sexuality but also conceptions of personal and regional identity in a postcolonial societies once dominated by slavery and the plantation In this book Rudyard Alcocer offers a theory of Caribbean narrative accounting for the complex interactions between scientific and literary discourses while expanding the horizons of narrative studies in general Covering works from Jean Rhys s *Wide Sargasso Sea* through contemporary fiction from the Hispanic Caribbean *Narrative Mutations* analyzes the processes and concepts associated with heredity in exploring what it means to be Caribbean **Reading the Text That Isn't There** Mike Davis, 2005-02-10 Through a careful examination of the work of the canonical nineteenth century novelists Mike Davis traces conspiracies and conspiratorial fantasy from one narrative site to another *The End of the Mind* DeSales Harrison, 2005-02-10 This book seeks to include among accounts of modern lyric poetry a theory of the poem s relation to the unintelligible DeSales Harrison draws a distinction between sites of unintelligibility and sights of

difficulty while much has been said about modernist difficulty little has been said about the attention that poets give to phenomena that by definition arrest impede obscure damage or destroy the capacity for intelligible representation

Postmodern Counternarratives Christopher Donovan, 2005-02-10 This book provides a wide ranging discussion of realism postmodernism literary theory and popular fiction before focusing on the careers of four prominent novelists Despite wildly contrasting ambitions and agendas all four grow progressively more sympathetic to the expectations of a mainstream literary audience noting the increasingly neglected yet archetypal need for strong explanatory narrative even while remaining wary of its limitations presumptions and potential abuses Exploring novels that manage to bridge the gap between accessible storytelling and literary theory this book shows how contemporary authors reconcile values of postmodern literary experimentation and traditional realism
