Protestant And Roman Catholic Ethics

Protestant And Roman Catholic Ethics:

Protestant and Roman Catholic Ethics James M. Gustafson, 1978 If Catholic and Protestant ethicists were asked to name a single theologian who was qualified to write a comprehensive overview of the historical divergences of Catholic and Protestant positions on ethical questions the bases for those divergences in fundamentally different philosophical and theological perspectives and the possibilities for future convergences of the traditions my guess is that James Gustafson would be the one This brilliant and tightly argued book will be the most important book on moral theology to appear this year John Coleman National Catholic Reporter **Protestant and Roman Catholic Ethics** James Moody Gustafson, 1978

Christian Ethics in the Protestant Tradition Waldo Beach, 1988-01-01 With Christian Ethics in the Protestant Tradition Waldo Beach provides a basic introductory text on Christian ethics He has designed a challenging work that grapples with the ethical questions surrounding modern day problems from the perspective of Protestant theology and tradition His two part format is especially helpful for study *Catholic Ethics and Protestant Ethics* Roger Mehl, 1971 Series of talks comparing and contrasting moral codes of two facets of christianity **Tradition and Church Reform** Curran, Charles E., 2016-02-09 *Ethics of Catholicism and the Consecration of the Intellectual* Andre J. Bélanger, 1997-01-06 Using France as the most representative case of a Catholic context B langer argues that as French society became more secularized intellectuals replaced the clergy as arbitrators of justice and enlightenment Catholic morality was consolidated by the scholastic tradition and confirmed by the Counter Reformation providing the foundation that allowed the establishment of a lay elite B langer describes the progressive takeover of positions of influence by the new elite in Catholic society and examines arguments used by thinkers from the seventeenth to the twentieth century to legitimize their positions In contrast the Anglo Saxon Protestant tradition due to its emphasis on the priesthood of all believers led to recognition of the individual s conscience as the sole judge of her or his deeds and failed to provide intellectuals with the basis for any claim to serve as moral leaders in political affairs Straddling a variety of disciplines this study will be interest to students of political science sociology philosophy and history *The Ethics of Our Climate* William R. O'Neill, 1994 The three parts of the book treat the eclipse of the classical Aristotelian conception of practical reason the Kantian heritage in the modern moral theories of John Rawls and R M Hare and the hermeneutical retrieval of a moral interpretation of the world Evangelical Dictionary of Theology Walter A. Elwell, 2001-05 This thoroughly updated edition of a standard reference tool covers systematic historical and philosophical theology as well as theological ethics Encyclopedia of American Religion and Politics Paul A. Djupe, Laura R. Olson, 2014-07 Presents an encyclopedia of religion and politics in America including short biographies of important political and religious figures like Ralph Abernathy civil rights leader and Ralph Waldo Emerson writer and synopses of religious entities like the Branch Davidians and the Episcopal church as well as important court cases of relevancy like Epperson et al v Arkansas having to do with evolution **The Process of Buddhist-Christian Dialogue**

Paul O Ingram, 2011-09-29 While process philosophers and theologians have written numerous essays on Buddhist Christian dialogue few have sought to expand the current Buddhist Christian dialogue into a trilogue by bringing the natural sciences into the discussion as a third partner This was the topic of Paul O Ingram's previous book *Buddhist Christian Dialogue in an Age of Science* The thesis of the present work is that Buddhist Christian dialogue in all three of its forms conceptual social engagement and interior are interdependent processes of creative transformation Ingram appropriates the categories of Whitehead's process metaphysics as a means of clarifying how dialogue is now mutually and creatively transforming both Buddhism and Christianity Drawing also on the work of theologian John Hicks and philosopher of science Imre Lakatos Ingram develops an understanding of Buddhist Christian dialogue in the context of a religious pluralism that is both open and dynamic and methodologically rigorous Wide ranging and full of insight *The Process of Buddhist Christian Dialogue* will be invaluable to scholars and students of comparative religion *Catholic Moral Theology in the United States* Charles E. Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of *Humanae vitae* Pope Paul VI's encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran's perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States **The Christian Moral Life** Timothy F. Wilderness Wanderings Stanley Hauerwas, 2018-05-15 Wilderness Wanderings slashes through the tangled undergrowth that Christianity in America has become to clear a space for those for whom theology still matters Writing to a generation of Christians that finds itself at once comfortably at home yet oddly fettered and irrelevant in America Stanley Hauerwas challenges contemporary Christians to reimagine what it might mean to break back into Christianity in a world that is at best semi-Christian While the myth that America is a Christian nation has long been debunked a more urgent constructive task remains namely discerning what it may mean for Christians approaching the threshold of the twenty-first century to be courageous in their convictions Ironically reclaiming the church's identity and mission may require relinquishing its purported gains which often amount to little more than a sense of comfort the seduction of feeling at ease in Zion to take up again the risk and adventure of life on the way Accordingly this book gives no comfort to the religious right or left which continues to think Christianity can be made compatible with the sentimentalities of democratic liberalism Such a re-visioned church will not establish itself through conquest or in a reconstituted Christendom but rather must develop within its own life the patient attentive skills of a wayfaring people At least a church seasoned by a peripatetic life stands a better chance of noticing the changing directions of God's leading The wilderness therefore ought not to appear to contemporary Christians in America as a foreboding and frightening possibility but as an opportunity to rediscover the excitement and spirit but also the rigorous discipline of faithful itinerancy At such a crucial time as this Hauerwas challenges Christians to eschew the insidious dangers that attend too permanent a habitation in a place called America and to assume instead the holy risks and hazards characteristic of people called out set apart and led by God Wilderness Wanderings is a clarion call for Christians to relinquish the impermanent citizenship of a home that can never be the church's final resting place and confidently take up a course of life the horizons of which are as wide and expansive as the God who promises to lead The book engages often quite critically with major theological and philosophical figures such as Reinhold Niebuhr Martha Nussbaum Jeff Stout Tristram Engelhardt Iris Murdoch John Milbank and Martin Luther King Jr These interrogations illumine why theology must reclaim its own politics and ethics Intent on avoiding abstraction Hauerwas intervenes in current

debates around medicine the culture wars and race

Historical Development of Fundamental Moral Theology in the United States, The Charles E. Curran, Richard A. McCormick, SJ, 1999 Sketches the development of fundamental moral theology in the U S and then uses original sources to document the significant changes that have occurred in the discipline as well as the primary issues in Catholic moral theology today
