Williams, 2005-06-01 The past few years have seen a growing interest among evangelical leaders in the thought and life of the early Christian church There is a desire to rediscover historical roots in the face of today s postmodern and increasingly post denominational world *Evangelicals and Tradition* is the first in a valuable new series of books edited by D H Williams The series seeks to help today s church leaders recover the early church fathers ancient understandings of Christian belief and practice for application to ministry in the twenty first century This first book traces the development and role of tradition in the early church what kind of authority should be ascribed to tradition and tradition s interaction with the Protestant hallmarks of Scripture alone and by faith alone

The Survivor's Guide to Theology M. James Sawyer, 2016-04-11 Men and women embarking on the study of systematic theology quickly find themselves awash in a sea of unfamiliar theological terms historical names and philosophical isms The

Survivor's Guide to Theology is both a life preserver to help stay afloat and a compass to help navigate these often unfamiliar waters. While many books on systematic theology provide introductory material, still the reader is often forced to dive right into actual theology without adequate framework for understanding. Resources for building this framework are available but scattered. This unique book brings them together in one place. The Survivor's Guide to Theology is ideal for both introduction and review reference. The first part deals with the question, "What is Theology?" It addresses issues, categories, theory of knowledge, and more. The second part surveys nine major theological systems. For each, the author provides history and background, overview of content, and theological distinctive, and a critique. The final part provides the reader with biographical sketches of significant theologians, a brief dictionary of common theological terms, and an annotated bibliography of major theological works.

Christian Theology Peter Crafts Hodgson, Robert Harlen King, 1994-01-01. This highly acclaimed and widely used volume, now in its third edition, is a collaborative presentation of the chief Christian doctrines in light of their traditional theological formulations, their historical development, and contemporary challenges. Joined by David Tracy, Langdon Gilkey, Edward Farley, Sallie McFague, and many others, Hodgson and King explore the task of theology: method, scripture, and traditions; God, revelation, creation, human being, sin, and evil; Christ and salvation; church, sacraments, the Spirit, and Christian life; the reign of God; other religions; and the Christian paradigm. Each chapter sets forth the primary shape and substance of a doctrine, its historical development, how that tradition has been challenged and transformed under the pressures of modern thought, and new and persistent issues that set the agenda for future theological work. Written with intelligence and verve, and newly updated, **Christian Theology** has proven a superlative introduction to Christianity's classical heritage and its future theological horizons. Companion volumes include **Readings in Christian Theology** and **Reconstructing Christian Theology**.

The Many Faces of God Jaap Durand,2007-03-01 Since the Enlightenment of the eighteenth century theologians and philosophers have brought about profound changes in the discourse about God The orthodox image of God developed in the previous seventeen centuries in Roman Catholicism as well as within Protestantism has come under great pressure but it would be wrong to think that this image is no longer relevant and that only a few conservative Christians hold on to it

Evangelicals and Liberation Revisited João B. Chaves,2013-03-18 Despite the fact that the theological gains of Latin American Liberation Theology LALT have been incorporated into several theologies around the world many North Atlantic evangelicals still consider LALT a heresy The underlying reason for the lack of positive engagement between North Atlantic Evangelical Theology in general and American Evangelical Theology in particular and LALT is the mistaken perception that LALT and evangelical theology are necessarily contradictory In Evangelicals and Liberation Revisited Joao Chaves analyzes instances of the evangelical liberationist interaction and examines the generally suspicious responses given to LALT by North Atlantic Evangelicals Evangelicals who think of LALT as a heresy have failed to look not only into the diversity that exists among liberationists but also into the different theological expressions within their own movement Joao Chaves argues convincingly that if evangelicals think about both liberation theology and their own theological commitments critically then they will be able to recognize that LALT can be an indispensable ally in their commitment to following God

Athanasios Scott Tonk, 2016-02-05 We human beings have messed up so badly We have atomized the Body of Christ so that only a miracle can heal the wounds of the Body again But God is already acting to heal the Body of His Son as you will see in part 1 of the book This book does not deal in generalities when it comes to Christians It views the Body of Christ as one big family complete with a mother our heavenly Father His Son who is the head of the Body and children kissin cousins aunts uncles and so forth Oh yes we have had our fights but they have all been family fights Now this book issues a challenge to all of the members of the family Appreciate one another s heritage and bring it to the table of the Lord This book is also a call to greater evangelism and mission but it by and large recognizes that the churches are going all out to bring the world to Christ Its Gods Time Its Kingdom Time Its the Fullness of Time Its Gods Opportunity
