*Protestants in Russia* J. A. Hebly, 1976      **The Russian Protestants** Steve Durasoff, 1969      **God in Russia** Sharon Linzey, Ken Kaisch, 1999

God in Russia is an extraordinary collection of articles written by Protestant and Orthodox writers academics and clergy The book provides an in depth look at the attitudes values and issues that divide Orthodoxy and Protestantism as they both seek to carry out Christian mission in what is generally considered to be Orthodox lands While western Protestants often lack the understanding and cultural sensitivity necessary to operate effectively in Eastern Europe many Orthodox leaders misinterpret the intentions of western Protestants because of their limited exposure to western missions The articles in this book are aimed at clarifying the perspectives of the two groups so that they can understand each other's position and effectively work toward their common goal

**Protestantism and Politics in Eastern Europe and Russia** Sabrina P. Ramet, 1992

Coming at a time of enormous transformations in the one time Communist bloc this volume provides a much needed perspective on the significance of church state relations in the renaissance of civil society in the region The essays collected here accentuate the peculiarly political character of Protestantism within Communist systems With few identifiable leaders a multiplicity of denominations and a tendency away from hierarchical structures the Protestant churches presents a remarkably diverse pattern of church state relations Consequently the longtime coexistence of Protestantism and Communism in Eastern Europe and the former Soviet Union affords numerous examples of political accommodation and theological adaption that both reflect and foreshadow the dramatic changes of the 1990s Based on extensive field research including interviews with notable figures in the Protestant churches in the region the essays in this volume address broad topics such as the church's involvement in environmentalism pacifism and other dissident movements as well as issues particular to Russia Poland Czechoslovakia East Germany 1949 1989 Hungary Yugoslavia 1945 1991 Bulgaria and Romania The final volume in the three volume work Christianity Under Stress Protestantism and Politics in Eastern Europe and Russia will prove invaluable to anyone hoping to understand not only the workings of religion under Communism but the historical and contemporary interactions of church and state in general Contributors Paul Bock Lawrence Klippenstein Paul Mojzes Earl A Pope Joseph Pungur Sabrina Petra Ramet Walter Sawatsky N Gerald Shenk Gerd Stricker Sape A Zylstra

**The Russian Protestants** Steve Durasoff, 1969      **Proselytism and Orthodoxy in Russia** John Witte, Michael Bourdeaux, 2009-05-01

Few of the struggles Russia has undergone since the fall of Communism have been fiercer than that being fought between the long repressed Russian Orthodox Church and a host of groups seeking to evangelize the Russian people This volume assesses the legitimacy of the Orthodox attempt to reclaim the spiritual and moral heart of the Russian people and to retain their adherence in a new pluralistic world where many Christians and followers of other traditions seek the right to establish themselves Proselytism and Orthodoxy in Russia also brings together the latest scholarship on the new Russian laws regarding religion as well as suggesting guidelines for foreign missionaries in Russia

*Russian Baptist Mission Theology in Historical and Contemporary Perspective* Andrey Kravtsev, 2019-10-31 Since the disintegration of the USSR many Russian Baptists have actively engaged in evangelism church planting and acts of social service This book is a response to the need to critically evaluate the effectiveness of past mission efforts and their undergirding theology In this detailed study Dr Andrey Kravtsev combines historical and qualitative studies to outline the understanding of mission developed by Russian Baptists during the Soviet era when they were almost completely isolated from global missiological developments First Kravtsev identifies four key missiological concepts and uses them to analyze the history of mission theology in global evangelical mission movements and the Russian Baptists He then interviewed thirty leaders from the Russian Union of Evangelical Christian Baptists to find their view of these concepts and their convictions of the need to reconsider traditional missiological views From his findings Dr Kravtsev suggests five themes for facilitating the transition of Russian Baptist mission theology from the late Soviet model of eschatological escapism to a holistic missional evangelicalism This book places evangelical mission in contemporary Russian socio political and ideological contexts and provides an important contribution for leading churches to a renewed missionary encounter with culture

Russian Baptists and Orthodoxy, 1960-1990 Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together

such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture

Popular Religion in Russia Stella Rock,2007-09-10 This book dispels the widely held view that paganism survived in Russia alongside Orthodox Christianity demonstrating that double belief dvoeverie is in fact an academic myth Scholars citing the medieval origins of the term have often portrayed Russian Christianity as uniquely muddled by paganism with double believing Christians consciously or unconsciously preserving pagan traditions even into the twentieth century This volume shows how the concept of dvoeverie arose with nineteenth century scholars obsessed with the Russian folk and was perpetuated as a propaganda tool in the Soviet period colouring our perception of both popular faith in Russian and medieval Russian culture for over a century It surveys the wide variety of uses of the term from the eleventh to the seventeenth century and contrasts them to its use in modern historiography concluding that our modern interpretation of dvoeverie would not have been recognized by medieval clerics and that double belief is a modern academic construct Furthermore it offers a brief foray into medieval Orthodoxy via the mind of the believer through the language and literature of the period
