Protests And Visions Peace Politics In 20th Century Britain

Donald Sassoon

Protests And Visions Peace Politics In 20th Century Britain:

Gendering Peace in Europe c. 1880-2000 Julie V. Gottlieb, Gaynor Johnson, 2022-04-27 This book examines the connection between notions of gender diplomacy society and peacemaking in the period c 1880 to the mid to late twentieth century The chapters in this volume place gender history at the interface with international history and international relations They explore a wide variety of themes and issues within the British and European context especially notions of gender identity the politics and culture of women s suffrage in the early part of the twentieth century and the role gender played in the formulation and execution of British foreign policy The book also breaks new ground by attempting to gender diplomacy Further it revisits the popular view that women were connected with the peace movements that grew up after the First World War because the notion of peace was associated with stereotypical female traits such as the rejection of violence and the nurturing rather than destruction of humankind The chapters in this book were originally published as a special issue of the journal *Diplomacy and Statecraft*

Peace Movements: International Protest and World Politics Since 1945 April Carter, 2014-09-11 There is a long tradition of opposition to war and organized peace campaigns date from 1815 Since 1945 however modern weapons technology has threatened world wide destruction and has stimulated widespread protests This book sketches in the background of thinking about peace and resistance to war before 1945 and then examines how public opposition to nuclear weapons and testing grew in the 1950s and early 1960s Later chapters cover the major resurgence of nuclear disarmament campaigns in the 1980s The book also looks at how peace protest has spread from its origins in North America and North West Europe to embrace many parts of the world opposition to nuclear testing has indeed been particularly strong in Japan Australia New Zealand and the Pacific islands The period 1945 to 1990 was dominated by the Cold War between the USA and USSR and the role of the Soviet sponsored World Peace Council caused difficulties for indeptendent peace groups in the West During the 1980s the emergence of autonomous peace activity in a number of East European countries and even on a very small scale in the USSR itself transformed the possibilities for East West co operation between citizens to urge disarmament and political change A chapter examines these developments Opposition to all forms of militarism has spread in the last 30 years This book charts the struggles to extend the right to conscientious objection to military service and draft resistance to particular wars for example in Southern Africa and Israel It also looks in some detail at the growing opposition to the war in the Vietnam The recent protests against the Gulf War are surveyed briefly in an epilogue

Protests and Visions James Hinton, 1989 *The British Peace Movement 1870-1914* Paul Laity, 2002-01-03 This is the first detailed scholarly study of the late Victorian and Edwardian peace movement the campaigns of which made a significant impact on political debate especially during the Franco Prussian War 1870 1 the Bulgarian Atrocities campaign 1876 8 Britain s conflict in Egypt 1882 the South African War 1899 1902 and the intensifying international crisis before 1914 The movement s activists included Richard Cobden Herbert Spencer Keir Hardie J A Hobson and Norman Angell Among the

first to benefit from the opening of the Peace Society Archive the book focuses on the specialized associations at the heart of the peace movement Paul Laity identifies the existence of different programmes for the achievement of a just permanent peace and offers a new interpretation of the reaction of peace campaigners to war in 1914 At the same time his book makes an important and original contribution to the history of popular politics and political ideas in Britain

Women's Activism in Twentieth-Century Britain Paula Bartley, 2022-04-01 This book serves as an introduction to the extraordinary diversity of women's activism Paula Bartley's original research is supported by a range of writing to provide a powerful impression of the actions taken by groups of women from across the social and political spectrum making the book invaluable to both students and interested readers These women set out to make a difference to their locality their country and sometimes the world The story of women's activism embodies stimulating accounts of progress and reversals of commitment and uncertainty of competing rights and challenging wrongs The story of women's activism is not tidy or well ordered It is messy and unorthodox And full of surprises

Peace and Power in Cold War Britain Christopher R. Hill, 2018-08-09 Peace and Power in Cold War Britain explores the ban the bomb and anti Vietnam War movements from the perspective of media history focusing in particular on the relationship between radicalism and the rise of television In doing so it addresses two questions both of which seem to recur with each major breakthrough in communications technology what do advances in communications media mean for democratic participation in politics and how do distinctive types of media condition the very nature of that participation itself In answering these the book views the ban the bomb and anti Vietnam War movements in relation to communication power and media discourse It highlights how these movements intersected with parts of public life that were being transformed by television themselves shaping struggles for social change among activists and public intellectuals on the streets in the Labour Party and in the law courts The significance of this relationship between media and movements was complex and wide ranging Christopher R Hill demonstrates that it contributed to the enrichment of democracy in Cold War Britain with radicals serving to innovate and pioneer creative forms of political expression from both in and outside of media organisations However the movements increasingly succumbed to news coverage and values that revolved around human interest and violence feeding into the revolutionary spectacle of 1968 and the turn towards identity politics

One Hundred Years of Socialism Donald Sassoon, 2010-07-30 On 14 July 1889 the centenary of the French Revolution socialist parties from all corners of Europe met in Paris On the same day in the same city the Exposition Universelle was launched to mark the achievements of capitalist production The two events symbolized the beginning of the epic struggle between socialism and capitalism in Europe In this comprehensive study of a century of socialism the author traces the fortunes of the political parties of the Left in Western Europe From the rise of the Bolsheviks to the fall of the Berlin wall from the Second International through two world wars to the Cold War and the birth of the welfare state from the working class militancy and student uprisings of the 1960s through the revival of feminism and the arrival of green politics to

the reluctant embrace of market economics en route to the millennium Donald Sassoon charts the course of socialism across 14 countries He shows that throughout their history the fortunes of socialism and capitalism have been inextricably linked They have grown up side by side each one challenging and seeking to destroy yet nourishing and shaping the other **The British Empire and the First World War** Ashley Jackson, 2017-06-26 The British Empire played a crucial part in the First World War supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions In turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops This collection offers a comprehensive selection of essays illuminating the extent of the Empire's war contribution and experience and the richness of scholarly research on the subject Whether supporting British military operations aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the Empire the war had a profound impact on the colonies and their people The chapters in this volume were originally published in Australian Historical Studies The Journal of Imperial and Commonwealth History First World War Studies or The Round Table The Commonwealth Journal of International Affairs

The History of Social Movements in Global Perspective Stefan Berger, Holger Nehring, 2017-01-12 Social movements have shaped and are shaping modern societies around the globe this is evident when we look at examples such as the Arab Spring Spain's Indignados and the wider Occupy movement In this volume experts analyse the classic and new social movements from a uniquely global perspective and offer insights in current theoretical discussions on social mobilisation Chapters are devoted both to the study of continental developments of social movements going back to the nineteenth century and ranging to the present day and to an emphasis on the transnational dimension of these movements Interdisciplinary and truly international this book is an essential text on social movements for historians political scientists sociologists philosophers and social scientists

Island Stories Raphael Samuel, 1999-07 Island Stories looks at the multiplicity of myths that issue from the 4 nations that make up Great Britain His perspective brings new meaning to the idea of history revealing how nations use their past to give meaning to their present and future

Socialist Women June Hannam, Karen Hunt, 2012-11-12 This fascinating new study examines the experiences of women involved in the socialist movement during its formative years in Britain and the active role they played in campaigning for the vote By giving full attention to this much neglected group of women Socialist Women examines and challenges the orthodox views of labour and suffrage history Torn between competing loyalties of gender class and politics socialist women did not have a fixed identity but a number of contested identities June Hannam and Karen Hunt probe issues that created divisions between these women as well as giving them the opportunity to act together In three fascinating case studies they explore women's suffrage women and internationalism the politics of consumption Believing above all that being a woman was vital to their politics these individuals sought to develop a woman focused theory of socialism and to put this new politics into practice

Anarchism, 1914-18 Ruth Kinna, Matthew S.

Adams,2017-06-08 *Anarchism 1914* 18 is the first systematic analysis of anarchist responses to the First World War It examines the interventionist debate between Peter Kropotkin and Errico Malatesta which split the anarchist movement in 1914 and provides a historical and conceptual analysis of debates conducted in European and American movements about class nationalism internationalism militarism pacifism and cultural resistance Contributions discuss the justness of war non violence and pacifism anti colonialism pro feminist perspectives on war and the potency of myths about the war and revolution for the reframing of radical politics in the 1920s and beyond Divisions about the war and the experience of being caught on the wrong side of the Bolshevik Revolution encouraged anarchists to reaffirm their deeply held rejection of vanguard socialism and develop new strategies that drew on a plethora of anti war activities **Forging Democracy** Geoff Eley,2002-04-11 Democracy in Europe has been a recent phenomenon Only in the wake of World War II were democratic frameworks secured and even then it was decades before democracy truly blanketed the continent Neither given nor granted democracy requires conflict often violent confrontations and challenges to the established political order In Europe Geoff Eley convincingly shows democracy did not evolve organically out of a natural consensus the achievement of prosperity or the negative cement of the Cold War Rather it was painstakingly crafted continually expanded and doggedly defended by varying constellations of socialist feminist Communist and other radical movements that originally blossomed in the later nineteenth century Parties of the Left championed democracy in the revolutionary crisis after World War I salvaged it against the threat of fascism and renewed its growth after 1945 They organized civil societies rooted in egalitarian ideals which came to form the very fiber of Europe s current democratic traditions The trajectories of European democracy and the history of the European Left are thus inextricably bound together Geoff Eley has given us the first truly comprehensive history of the European Left its successes and failures its high watermarks and its low tides its accomplishments insufficiencies and excesses and most importantly its formative lasting influence on the European political landscape At a time when the Left s influence and legitimacy are frequently called into question *Forging Democracy* passionately upholds its vital contribution **War Plays by Women** Claire M. Tylee,Elaine Turner,Agnes Cardinal,1999 This anthology consists of ten plays from countries involved in the First World War It explores the historical development of theatrical conventions and genres and the historical context of social and gender issues *War Plays by Women* Agnes Cardinal,Elaine Turner,Claire M. Tylee,2013-10-11 This anthology consists of ten plays from countries involved in the First World War including plays from Germany and France never before available in translation Representing a range of dramatic forms from radio play to street epic from comic sketch to musical this anthology includes plays from Gertrude Stein Muriel Box Marion Wentworth Craig Dorothy Hewett Berta Lask Marie Leneru Wendy Lill Alice Dunbar Nelson and Christina Reid Highly successful in their day these plays demonstrate how women have attempted to use theatre to achieve social change The collection explores the historical development of theatrical conventions and genres and the historical context of social and gender issues *Animal*

Rights Hilda Kean,1998-08 In recent years Parliamentary debates protests against fox hunting and television shows have all focused on the way in which the British treat animals This book examines the cultural and social role of animals in Britain from 1800 to the present God and War Tom Lawson,2016-04-22 Despite narratives of secularization it appears that the British public persistently pay attention to clerical opinion and continually resort to popular expressions of religious faith not least in time of war From the throngs of men who gathered to hear the Bishop of London preach recruiting sermons during the First World War to the attention paid to Archbishop Williams words of conscience on Iraq clerical rhetoric remains resonant For the countless numbers who attended National Days of Prayer during the Second World War and for the many who continue to find the Remembrance Day service a meaningful ritual civil religious events provide a source of meaningful ceremony and a focus of national unity War and religion have been linked throughout the twentieth century and this book explores these links taking the perspective of the home front rather than the battlefield Exploring the views and accounts of Anglican clerics on the issue of warfare and international conflict across the century the authors explore the church's stance on the causes morality and conduct of warfare issues of pacifism obliteration bombing nuclear possession and deterrence retribution forgiveness and reconciliation and the spiritual opportunities presented by conflict This book offers invaluable insights into how far the Church influenced public appraisal of war whilst illuminating the changing role of the Church across the twentieth century **The Silence of Memory** Adrian Gregory,2014-03-04 This book examines how the British people came to terms with the massive trauma of the First World War Although the literary memory of the war has often been discussed little has been written on the public ceremonies on and around 11 November which dominated the public memory of the war in the inter war years This book aims to remedy the deficiency by showing the pre eminence of Armistice Day both in reflecting what people felt about the war and in shaping their memories of it It shows that this memory was complex rather than simple and that it was continually contested Finally it seeks to examine the impact of the Second World War on the memory of the First and to show how difficult it is to recapture the idealistic assumptions of a world that believed it had experienced the war to end all wars *War Poetry* Simon Featherstone,1995 A major anthology combined with substantial introductory material *Thatcher's Secret War* Clive Bloom,2021-08-02 Scary but enlightening Christopher Stone Margaret Thatcher remains one of the United Kingdom's most polarising prime ministers This provocative investigation sheds light on the secret internal cold war that she waged against the enemy within everyone she could not see eye to eye with It was a campaign fuelled by paranoia on both the left and right of the political spectrum and fought with corruption black propaganda dirty tricks and even murder Expertly juxtaposing notable events with today's political arena this new and updated edition of Thatcher's Secret War surmises that although Thatcher's ideals seem to have vanished one remains the power and importance of the extra parliamentary state and its surveillance methods and hidden powers in a new age of terrorism

Adopting the Song of Phrase: An Mental Symphony within **Protests And Visions Peace Politics In 20th Century Britain**

In a global eaten by monitors and the ceaseless chatter of instant connection, the melodic splendor and emotional symphony developed by the prepared term usually fade into the background, eclipsed by the persistent sound and interruptions that permeate our lives. However, located within the pages of **Protests And Visions Peace Politics In 20th Century Britain** a wonderful fictional treasure brimming with organic emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this interesting masterpiece conducts visitors on a psychological trip, well unraveling the concealed melodies and profound influence resonating within each cautiously constructed phrase. Within the depths of this touching assessment, we shall discover the book is main harmonies, analyze their enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
