**Proust's Self-reader** Phillip Bailey,1997      Proust's Deadline Christine M. Cano,2010-10-01 Marcel Proust's multivolume masterpiece *la recherche du temps perdu* began to appear in 1913 Over the next fifty years it gained a reputation as one of the greatest literary works of the twentieth century But the novel's classic image as a completed work was later shattered by the discovery of unpublished drafts and the war of the Prousts has kept scholars arguing over its definitive form ever since Christine M Cano's *Proust's Deadline* presents a concise history of the publishing and reception of *la recherche du temps perdu* and sorts out the most important issues that have arisen from the ensuing debates about the text She ultimately shows how this quintessential book about time tells another story about time's passage the story of Proust's mortal confrontation with the temporality of writing publishing and reading      *Proust and Venice* Peter Collier,1989-10-26 This study of Proust's famous novel *A la recherche du temps perdu* *Remembrance of Things Past* focuses on Venice one of the hero's central obsessions and shows how a whole network of allusions to art from Titian to Turner from Byzantine mosaic to Fortuny dresses ties in with the hero's quest for self knowledge and self fulfilment      **Marcel Proust and Spanish**

**America** Herbert E. Craig,2002 Craig begins by attributing the early introduction of the *Recherche* to the intimate friendship between Proust and the pianist composer Reynaldo Hahn who was born in Caracas He then shows in chapter 1 how literary critics of the principal newspapers and literary magazines of such countries as Venezuela Argentina and Chile examined this French text which we know today as one of the fundamental works of modernism Shortly thereafter interest in the *Recherche* spread to Cuba Mexico Uruguay and Colombia Eventually it would be read in all parts of the New World Over the years Spanish Americans have continued to write about the *Recherche* and have published several noteworthy books on it which are included in the comprehensive bibliography which serves as an appendix **BOOK JACKET      The Cambridge**

**Companion to the French Novel** Timothy Unwin,1997-10-28 This volume offers a unique and valuable insight into the novel in French over the past two centuries In a series of essays acknowledged experts discuss a variety of topics including nineteenth century realism women and fiction popular fiction experiment and innovation war and the Holocaust the Francophone novel and postmodern fiction They offer a challenging reassessment of major figures while deliberately reading traditional views of literary history against the grain Theoretical discussion is combined with close reading of texts and exploration of context comparison with other genres and other literatures and reference to novels from earlier periods This companionable introduction includes a chronology and guide to further reading From it emerges a strong sense of the vitality and energy of the modern French novel and of the debates surrounding it      **The Proustian Quest** William Carter,Jeffrey

Lange,1994-02 An ambitious study the fruit of sustained work over many years Professor Carter s book deploys a stunning knowledge of Proust and places Carter among the first line of Proust scholars in the country Roger Shattuck Boston University The Proustian Quest is the first full length study that explores the influence of social change on Proust s vision In Remembrance of Things Past Proust describes how the machines of transportation and communication transformed fashion social mores time space perception and the understanding of the laws of nature Concentrating on the motif of speed Carter establishes the centrality of the modern world to the novel s main themes and produces a far reaching synthesis that demonstrates the work s profound structural unity      *The Proustian Mind* Anna Elsner,Thomas Stern,2022-12-30 When Marcel Proust started to work on In Search of Lost Time in 1908 he wrote this question in his notebook Should I make it a novel a philosophical study am I a novelist Throughout his famous multi volume work Proust directly engages several philosophers and few novels are as thoroughly saturated with philosophical themes and concepts as In Search of Lost Time The Proustian Mind is an outstanding reference source to the rich philosophical range of Proust s work and the first major volume of its kind Including 31 chapters by an international team of contributors the volume is divided into seven clear parts Proust s life and works metaphysics and epistemology mind and language aesthetics ethics gender and sexuality predecessors contemporaries and successors Within these sections key Proustian themes are explored from a philosophical standpoint including time the self memory imagination jealousy beauty love subjectivity and desire The final section considers Proust in relation to important philosophers such as Schopenhauer Nietzsche Bergson Merleau Ponty Sartre de Beauvoir and Deleuze The Proustian Mind is essential reading for those studying aesthetics philosophy of literature phenomenology and ethics and will also be of interest to those in literature studying modernism French literature and the relationship between literature and philosophy      *Sensual Reading* Michael Syrotinski,Ian Maclachlan,2001 Sensual Reading is a collection of essays that attempts to rearticulate the relationship between reading and the different senses as a way of moving beyond increasingly homogenized discourses of the body and the subject Contributions engage with the individual senses with the themes of sensory richness and sensory deprivation and with the notion of telesensuality      Opera and the Novel Michael Halliwell,2005 Opera and the Novel The Case of Henry James offers the first full length study of the theory and practice of the adaptation of fiction into opera the transference of a work from one medium to another metaphrasis is its point of departure Starting with a survey of the current thinking regarding the nexus between words and music with specific reference to operatic adaptation of existing literary works it traces the four hundred year history of opera demonstrating that the novel has become increasingly attractive to librettists and composers as an operatic source As the resources of modern music theatre have increased in sophistication so too have the possibilities for an expanded engagement with complex fictional works The intricate relationship between fictional and musical narrative is examined the proposition that the orchestra assumes much of the function of the narrator in fiction is explored The second section is a detailed

examination of eight operatic works based on Henry James's fiction. It is opera's unique capability to present the intense emotional and psychological situations central to James's fiction as well as the ability to engage with his synthesis of melodrama and psychological ambiguity which makes James's work peculiarly amenable to operatic adaptation. Composers who have used James as a source include Douglas Moore, Benjamin Britten, Thomas Pasatieri, Donald Hollier, Thea Musgrave, Philip Hagemann, and Dominick Argento. The operas discussed represent a contemporary critical and often self-conscious engagement with the art form itself as well as illustrating current adaptive strategies and suggest ways in which new operatic paths may be forged. This volume is of relevance to students and scholars of English literature and opera as well as readers who take an interest in intermedial research and the question of adaptation in general. **Proust's Duchess**

Caroline Weber, 2019-11-26 PULITZER PRIZE FINALIST. A brilliant look at turn of the century Paris through the first in-depth study of the three women Proust used to create his supreme fictional character, the Duchesse de Guermantes. Weber has done a remarkable job of bringing to life a world of culture, glamour, and privilege. The Wall Street Journal. Geneviève Halévy, Bizet, Strauss, Laure de Sade, Comtesse de Adhémar de Chevalign, and Lisabeth de Riquet de Caraman, Chimay, the Comtesse Greffulhe: these were the three superstars of fin de siècle Parisian high society who, as Caroline Weber says, transformed themselves and were transformed by those around them into living legends, paragons of elegance, nobility, and style. All well but unhappily married, these women sought freedom and fulfillment by reinventing themselves between the 1870s and 1890s as icons. At their fabled salons, they inspired the creativity of several generations of writers, visual artists, composers, designers, and journalists. Against a rich historical backdrop, Weber takes the reader into these women's daily lives of masked balls, hunts, dinners, court visits, nights at the opera or theater. But we see as well the loneliness, rigid social rules, and loveless arranged marriages that constricted these women's lives. Proust, as a twenty-year-old law student in 1892, would worship them from afar and later meet them and create his celebrated composite character for *The Remembrance of Things Past*. **Love,**

**Desire and Transcendence in French Literature** Paul Gifford, 2016-12-05. European literature and theory of the twentieth century have been intensely preoccupied with questions of Desire, whereas love has increasingly represented a fractured and strange, if not actually suspect, proposal. This is a prime symptom of an age of deep cultural mutation and uncertainty. Paul Gifford's book allows this considerable contemporary phenomenon to be observed steadily and whole with strategic understanding of its origins, nature, and meaning. Gifford paints a clear and coherent picture of the evolution of erotic ideas and their imaginary and formal expressions in modern French writing. He first retraces the formative matrix of French tradition by engaging with five classic sources: Plato's *Symposium*, the *Song of Songs*, the myth of Genesis, the tension between Greek Eros and Christian Agape, and the repercussions of Nietzsche's declaration of the death of God. Modern variations on these perennial problematics are then pursued in ten chapters devoted to Proust, Valéry, Claudel, Breton, Bataille, Duras, Barthes, Irigaray, Emmanuel, Kristeva. Literary and theoretical perspectives are perfectly blended in his study of these

attempts at deciphering Eros The book will appeal not only to students of French literature but to all those interested in the cultural upheavals of the twentieth century      *The City as Catalyst* Diana Festa-McCormick,1979 A series of ten chapters on cities as pictured and explored by as many novelists In these ten separate yet connected chapters the city is not merely a setting for the events but a moving force and the catalyst for action      *The Orient of Style* Beryl Schlossman,1991 In this study of modernist aesthetics Beryl Schlossman reveals how for such writers as Marcel Proust Gustave Flaubert and Charles Baudelaire the Orient came to symbolize the highest aspirations of literary representation She demonstrates that through allegory modernism became a style itself a style that married the ancient and the modern and that emerged as both a cause and an effect both an ideal construct and an textual materiality all symbolized by the Orient land of style place of plurality and site of the coexistence of holy lands Toward the end of Remembrance of Things Past the narrator describes the act of creating a work of art as a conversion of sensation into a spiritual equivalent By means of such allegories of conversion Schlossman shows the modernist artist disappeared within the work of art and left behind the trace of his sublime vocation a vocation in which he was transformed in Schlossman s words into a kind of priest kneeling at the altar of beauty before the masked divinity of representation The author shows how allegory the representation of the symbolic as something real was adapted by modernist writers to reflect subjectivity while masking an authorial origin She reveals how modernist allegory arose as Walter Benjamin suggests at the crossroads of history sociology economics urban architecture and art providing a kind of map of capitalism and was produced through the eyes of a melancholic gazing at a monument of absence      Passion for Place Book II Anna-Teresa Tymieniecka,2013-06-29 Among the multiple subliminal passions that inspire our life in innumerable ways literature shows us one that seems to play a particularly penetrating role in human concerns This passion which Tymieniecka calls an esoteric passion finds its projection and crystallization in space it is the esoteric passion for space This subliminal passion investigated through literature allows the philosopher to reach beneath the fallacious separations of nature humanness and the cultural world restoring the wholeness of experience that has become lost in the artificial one sidedness of contemporary approaches confined to language as they are The elemental passion for place is investigated here in the literary fruits of creative imagination Unravelled from the very depths of the primogenital onto poietic unfolding of life the passion for place is revealed as projecting into the flux of life it is a station of life significance This collection presents papers from two conferences of the International Society of Phenomenology and Literature held in Cambridge MA in 1993 4

**The Variety of Worlds / Die Vielheit der Welten / La Pluralité des Mondes** Adolf Portmann,Rudolf

Ritsema,2023-11-13      **Proust's Cup of Tea** Emily Eells,2017-03-02 Proust s Cup of Tea analyzes Proust s reading of various Victorian authors and shows how they contributed to A la recherche du temps perdu This book proves that British literature and art played a fundamental role in Proust s writing process by citing from the manuscript versions of his novel as well as from his correspondence essays and the lengthy critical apparatus accompanying his translations of Ruskin Eells

reflects here on why Proust was attracted to Victorian culture and how he incorporated it into his novel *The Works of the British Novelists* he was most interested in Thomas Hardy and George Eliot address questions of gender which Proust develops in his own work *He builds Sodome et Gomorrhe I* the section of his novel focusing on homosexuality on a series of explicit citations and guarded allusions to Shakespeare Darwin Walter Scott Oscar Wilde and Robert Louis Stevenson Eells explores how Proust followed in the pioneering footsteps of those British writers who had ventured beyond the boundaries of conventional sexuality though he took pains to erase their traces in the definitive version of his work This study also highlights how Proust made his fictitious painter Elstir into a master of ambiguity by modeling his art on Turner the Pre Raphaelites and Whistler Eells shows that Proust drew on Victorian culture in his depiction of sexual ambiguity arguing that he confounded eroticism and aestheticism in the way he inextricably linked the man woman figure with British art and literature As Proust aestheticized male and female homosexuality using references to British art and letters Eells coins the term *Anglosexuality* to refer to his characters of the third sex She defines *Anglosexuality* as an intersexuality represented through intertextuality as an artistic sensitivity an aesthetic stance and a new way of seeing Proust's *Cup of Tea* thus demonstrates that Victorian culture and homoeroticism form one of the cornerstones of Proust's monumental work
