Provençal Summer:

The Provençal Summer Suzanne Ebel, 1980 An American Provence Thomas P. Huber, 2011-12-01 I have talked about luscious wines and succulent fruit and exquisite dinners But there may be no more evocative experience of the two valleys than the smell of new mown hay in the fields at dusk If a person were to close their eyes they could not tell if they were in Provence or the North Fork Valley That sweet earthy odor is part of the beauty of these places From An American Provence In this poetic personal narrative Thomas P Huber reflects on two seemingly unrelated places the North Fork Valley in western Colorado and the Coulon River Valley in Provence France and finds a shared landscape and sense of place What began as a simple comparison of two like places in distant locations turned into a more complex interesting and personal task Much is similar the light the valleys the climate the agriculture And much is less so the history the geology the physical makeup of villages Using a geographer s eye and passion for the land and people Huber examines the regions similarities and differences to explore the common emotional impact of each region Part intimate travelogue and part case study of geography in the real world An American Provence illuminates the importance sense of place plays in who we are **The Killing Fields of Provence** James Bourhill, 2020-02-19 A history of the German occupation of France during World War II the French resistance and ultimately the nation s liberation In the south of France the most memorable event of World War II was the sea and airborne invasion of August 15 1944 Perhaps because it went relatively smoothly this Second D Day was soon relegated to the back pages of history Operation Dragoon and the liberation are however only a small part of the story The arrival of the Allies was preceded by years of suffering and sacrifice under Hitl ro Vichyssois oppression Proven ale people still struggle to come to terms with the painful past of split allegiances and empty stomachs that epitomize les ann es noirs the dark years Deportations requisitions forced labor and hunger provoked resistance by a courageous minority Many actively colluded with the enemy but most just waited for better days By sea and air Allied agents and special forces were infiltrated to fan the flames but wherever the Resistance arose prematurely the reprisals from the Nazis and their auxiliaries were ferocious In every corner of Provence one can find words chipped into stone Passant souviens toi passer by remember It is hard to imagine such cruelty could have existed here less than one generation ago These memories here tell a story of duplicity defiance and ultimately deliverance Whether the stuff of legends or the experiences of everyday humans humanity is used to explain the Franco American experience of wartime Provence as seen through an Anglo Saxon prism A complete and well researched study of the French Resistance groups Allied agents and Special Forces operating against the Germans in the South of France Firetrench Mediterranean Harvest Martha Rose Shulman, 2010-06-08 Intensely flavorful and inherently healthy Mediterranean food is one of the world s most appealing cuisines Mediterranean cooks know how to make eating a pleasure They do it simply with olive oil and garlic with herbs and spices with tomatoes and eggplants peppers and squash figs and peaches and other seasonal produce And of course there is crusty bread and local cheese the freshest yogurt
