Proverbs And Parables:

Proverbs & Parables ,1998 **The Great Sayings of Jesus** John William Drane,1999 Psalms, Proverbs, and Parables Andrew S. Weeks,2001-10 The Bible s greatest value is its doctrinal and prophetic message the Old Testament s foretelling of a coming Messiah and the New Testament s fulfillment of Old Testament prophecy the literal coming of Christ the Son of God and what bearing His life s work has upon the human race We must not overlook the Bible s peculiar doctrinal stance in world history and we should thank the Jews for that Book of books which is the Bible But where does the Bible stand in literary terms Surely we must not overlook the Bible s peculiar literary stance in world history The Bible with its prophetic imagery poetic praises and parabolic analogy is one of the world s greatest literary works Perhaps none of its writings show this more than does the Psalms Proverbs and parables From the Introduction With an insightful introduction on the literary gems of the Psalms Proverbs and parables this compilation is a fine contribution to any religious or inspirational library sure to inspire a more careful and serious reading of one of the world s greatest texts the Holy Bible

From Proverbs to Parables Carole J.

Lambert, 2021-01-28 The goal of this book is to suggest that Jesus as a creative artist was heavily influenced by the Hebrew Bible's Book of Proverbs. It posits that he created some of his short parables from specific verses found in Proverbs, suggesting that he expanded some basic sapient themes present in this book when composing his parables and shows him reacting negatively to the commonly held belief that this Book's overall concept of wisdom is that the wise are rewarded and the fools are punished by God through their own self-destructive choices and subsequent actions. Thus, this text points to Jesus as an inventive artist, a concept not usually associated with him, and it complicates simplistic ways of defining biblical wisdom. Part I demonstrates how Jesus might have created his tales from specific proverbs found in the Book of Proverbs. The overarching theme for these parables is wisdom. Jesus as wisdom. I Cor 1:24 speaking wisdom in new ways. Part II discusses Jesus as a self-actualized artist who creatively designed these tales. It examines what shaped Jesus' artistry, what might have been the sources of his literacy, why he might have chosen to expand individual proverbs imaginatively in order to create his moral tales, and how his wisdom enhanced conventional attitudes toward wisdom as the former included and clarified his new kingdom of God concepts. This book could be used in courses treating Literature and the Bible, Biblical Art, The Humanity of Jesus, and Wisdom Literature Common to Christians and Jews.

A Conservative's Book of Proverbs, Parables, and Prophecies Gregory Graham, 2016-01-14 To liberals, A Conservative's Book of Proverbs, Parables, and Prophecies is a book filled with hundreds of micro-aggressions. What a liberal calls a micro-aggression, a conservative calls good old-fashioned horse sense. The author will use this horse sense to answer many of the unanswerable questions that have plagued the great philosophers of liberal history. Questions like: What is the meaning of life and what is the purpose for living? Is there life after death? Does God exist? If so, why would a God of love create death? Is God political? If so, is he a liberal or a conservative? What is the Kingdom of God? Is it a paradise on earth or is it in Heaven? What is the mark of God, the mark of man, and the mark of the beast? Will there ever be peace on earth? If so, how will it come? If the Gospel is good news, why is so much Bible prophecy bad news? These and other deep questions will be answered in this book. But the main purpose of this book is to give conservatives a hope in a bright future and a faith to weather the liberal storm that will come before that bright future comes. A Conservative's Book of Proverbs, Parables, and Prophecies will give the average Joe some insights on how to take on the liberal propaganda machine. If that average Joe can take on the demonizing liberal propaganda machine, then maybe the leadership of the Republican Party will have the courage to do the same. America needs the leadership of conservative average Joes to lead us out of our liberal funk. If America will repent of its liberal sins, then God will bless America again.
