The Works of Matthew Arnold Matthew Arnold, 1904 Foundations of Wisdom , **How the Bible Actually Works** Peter Enns, 2019-02-19 Controversial evangelical Bible scholar popular blogger and podcast host of The Bible for Normal People and author of The Bible Tells Me So and The Sin of Certainty explains that the Bible is not an instruction manual or rule book but a powerful learning tool that nurtures our spiritual growth by refusing to provide us with easy answers but instead forces us to acquire wisdom For many Christians the Bible is a how to manual filled with literal truths about belief that must be strictly followed But the Bible is not static Peter Enns argues It does not hold easy answers to the perplexing questions and issues that confront us in our daily lives Rather the Bible is a dynamic instrument for study that not only offers an abundance of insights but provokes us to find our own answers to spiritual questions cultivating God s wisdom within us The Bible becomes a confusing mess when we expect it to function as a rulebook for faith But when we allow the Bible to determine our expectations we see that Wisdom not answers is the Bible s true subject matter writes Enns This distinction he points out is important because when we come to the Bible expecting it to be a textbook intended by God to give us unwavering certainty about our faith we are actually

creating problems for ourselves The Bible in other words really isn't the problem having the wrong expectation is what interferes with our reading Rather than considering the Bible as an ancient book weighed down with problems flaws and contradictions that must be defended by modern readers Enns offers a vision of the holy scriptures as an inspired and empowering resource to help us better understand how to live as a person of faith today How the Bible Actually Works makes clear that there is no one right way to read the Bible Moving us beyond the damaging idea that being right is the most important measure of faith Enns's freeing approach to Bible study helps us to instead focus on pursuing enlightenment and building our relationship with God which is exactly what the Bible was designed to do An Introduction to Israel's Wisdom Traditions John L. McLaughlin, 2018-05-22 It can be a challenge to understand the Hebrew Bible's wisdom literature and how it relates to biblical history and theology but John L. McLaughlin makes this complicated genre straightforward and accessible This introductory level textbook begins by explaining the meaning of wisdom to the Israelites and surrounding cultures before moving into the conventions of the genre and its poetic forms The heart of the book examines Proverbs Job Qoheleth Ecclesiastes and the deuterocanonical Ben Sira and Wisdom of Solomon McLaughlin also explores the influence of wisdom throughout the Old Testament and in the New Testament Designed especially for beginning students and based on twenty five years of teaching Israel's wisdom literature to university students McLaughlin's Introduction to Israel's Wisdom Traditions provides an informed panoramic view of wisdom literature's place in the biblical canon
