**Telling it Slant** Mark Wallace, Steven Marks, 2002 This collection demonstrates the breadth and openness of the field of avant garde poetry by introducing a wide range of work in poetics theory and criticism from emerging writers Examining the directions innovative poetry has taken since the emergence and success of the Language movement the essays discuss new forms and the reorientation of older forms of poetry in order to embody present and ongoing involvements The essays center around four themes the relation between poetics and contemporary cultural issues new directions for avant garde practices in depth explorations of current poets and their predecessors and innovative approaches to the essay form or individual poetics Diverging from the traditional linear argumentative style of academic criticism many of the essays in this collection instead find critical forms more subtly related to poetry Viewed as a whole the essays return to a number of shared issues namely poetic form and the production of present day poetry While focusing on North American poetry the collection does reference the larger world of contemporary poetics including potential biases and omissions based on race and ethnicity

**The Lost Universe** Gene Weltfish,1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village Customs ceremonies beliefs and hard work become apparent as the author leads one through the intricacies of the activities Although it presents a great deal of detailed anthropological material the manner of presentation turns the book into a readable account The book is based on years of first hand study as well as scholarly research and is recommended as an in depth study of Plains Indian life Reprint Bulletin Book Reviews Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind* She is also the author of *The Origins of Art* and other books Talisman ,2001 *Situation* , **The Western Cree (Pakisimotan Wi Iniwak) - Warfare on the Northwest Plains** Joachim Fromhold,2010-08-01 A look at Indian warfare on the Northern Plains since 1600 and the role of the Cree and Assiniboiné Indians Descriptions of the little known Cree Assiniboiné Warrior Societies and regalia A comprehensive documenting of battles and casualties for the northern plains tribes 180pages numerous photos and illustrations *The American Humanities Index* Stephen H.
