Edward Santana

Psyches Sisters Re Imagining The Meaning Of Sisterhood:

Psyche's Sisters Christine Downing,1988 Provides through the metaphor of sisterhood a much needed framework for a theory of women to women relationships jacket Sequel to her book *The Goddess* a study of mythic archetypes Misha Schutt

Psyche's Sisters Christine Downing,1990 *Tracking the Wild Woman Archetype* Stacey Shelby,2018-01-22 James Merrill, Postmodern Magus Evans Lansing Smith,2008-09 One of the unique voices in our century James Merrill was known for his mastery of prosody his ability to write books that were not just collected poems but unified works in which each individual poem contributed to the whole and his astonishing evolution from the formalist lyric tradition that influenced his early work to the spiritual epics of his later career Merrill s accomplishments were recognized with a Pulitzer Prize in 1977 for *Divine Comedies* and a National Book Critics Circle Award in 1983 for *The Changing Light at Sandover* In this meticulously researched carefully argued work Evans Lansing Smith argues that the nekya the circular Homeric narrative describing the descent into the underworld and reemergence in the same or similar place confers shape and significance upon the entirety of James Merrill s poetry Smith illustrates how pervasive this myth is in Merrill s work not just in *The Changing Light at Sandover* where it naturally serves as the central premise of the entire trilogy but in all of the poet s books before and after that central text By focusing on the details of versification and prosody Smith demonstrates the ingenious fusion of form and content that distinguishes Merrill as a poet Moving beyond purely literary interpretations of the poetry Smith illuminates the numerous allusions to music art theology philosophy religion and mythology found throughout Merrill s work Feminist Views from Somewhere Leslie Gardner,Frances Gray,2016-12-08 *Feminist Views from Somewhere* Post Jungian Themes in Feminist Theory explores what and how Jungian thought contributes to feminist thinking Broadly speaking feminist thinking or thinking by and about women as autonomous intelligent and independent agents has opened up scholarship through insightful reflective critique and practice This is the starting point of this collection from a range of theorists interested in the multiple concerns of Jungian and analytical psychology The contributors take a unique approach to Jungian thinking Rather than focusing on its mythological aspects the authors develop alternative feminist approaches that enhance the appreciation of the possibilities for Jungian and post Jungian studies With a primarily theoretical orientation the rigorous critical approaches in the collection highlight the possibilities of imaginative Jungian theory Divided into three parts Viewing Earth Clinical Perspectives and Literary Landscapes the chapters cover themes including embodiment intersubjectivity individuation and narrative The contributors vividly reflect the range and diversity of opinions amongst women influenced by Jungian thought *Feminist Views from Somewhere* is essential reading for academics and students of Jungian and post Jungian studies women s studies and gender studies as well as analytical psychologists in practice and in training **Post-feminist Impasses in Popular Heroine Television** Alison Horbury,2015-07-28 Alison Horbury investigates the reprisal of the myth of Persephone a mother daughter plot of separation and initiation in post feminist

television cultures where she argues it functions as a symptom expressing a complex around the question of sexual difference what Lacan calls sexuation where this question has been otherwise foreclosed

Accidental Bond Susan Scarf Merrell, 2011-01-05 A fascinating and informative read The Boston Globe A RICH SOURCE OF FASCINATING MATERIAL about the complex realities of siblinghood and a valuable commentary on the impact that these little studied relationships have upon our lives The New Republic Many books have attempted to tackle the complex theme of sibling connection But rather than look at the minutiae of these relationships journalist Susan Scarf Merrell examines the big issues that all siblings wrestle with in their own unique ways in particular the Three Cs Competition Cooperation and Comparison What she discovered was that no matter what kind of relationship we now have with our siblings close or distant loving or hostile our histories with them exert a profound effect on our current relationship with lovers friends coworkers and our own children Drawing on the most current research the work of psychologists psychiatrists and family experts and stories from brothers and sisters themselves Merrell illustrates that through siblings we come to know both the worst and the very best that lurks within each of us Susan Merrell brilliantly illuminates how the peculiar mix of biology history and intimacy makes our attachments to siblings so essential to knowing ourselves Mary Kay Blakely Author of American Mom *Jung and Sex* Edward Santana, 2016-10-04 C G Jung despite not being widely known for his views on sexuality or the treatment of sexual issues made extensive contributions to understanding the complexities of this field throughout his life In Jung and Sex Edward Santana makes the case that reclaiming this knowledge can address substantial problems with current treatments and support many who struggle with sexual issues This thorough exploration of Jung's approach to sexual issues presents a wide ranging new look at his work and adds contemporary perspectives for helping those suffering with sexual difficulties The book calls for an important bridging of clinical perspectives to address the contemporary challenges of complex sexual issues and brings attention to a large body of Jung's work on human sexuality ranging from pioneering thoughts on sexual expressions of the soul to understanding ways to treat sexual symptoms Jung and Sex provides a comprehensive analysis of Jung's views on and clinical approaches to sexual issues and treatments using this knowledge in order to help those with sexual problems and the professionals who support them It is an essential text for understanding critical dimensions of human sexuality Jung and Sex is an important contribution that closes a gap in the literature of Jungian psychology It offers unique insights into the subject for Jungian psychotherapists analytical psychologists sex therapists and relationship counselors The book also supports the work of academics and those interested in contemporary applications of Jungian and post Jungian studies

Woman's Inhumanity to Woman Phyllis Chesler, 2009-05-01 Man's inhumanity to man the phrase is all too familiar But until Phyllis Chesler's now classic book a profound silence prevailed about woman's inhumanity to woman Women's aggression may not take the same form as men's but girls and women are indeed aggressive often indirectly and mainly toward one another They judge harshly hold grudges gossip exclude and disconnect from other women Like men

women are exposed to the messages of misogyny and sexism that permeate cultures worldwide Like men women unconsciously buy into negative images that can trigger abuse and mistreatment of other women But like other social victims many do not realize stereotyping affects members within the victimized group as well as those outside the group They do not realize their behavior reflects society's biases How women view and treat other women matters Are women oppressed Yes Do oppressed people internalize their oppressors attitudes Without a doubt Prejudice must first be acknowledged before it can be resisted or overcome More than men women depend upon one another for emotional intimacy and bonding and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth Continuing the pioneering work begun in *Women and Madness* Chesler's bestselling book that broke the story on double standards in psychology *Woman's Inhumanity to Woman* draws on important studies revolutionary theories literature and hundreds of original interviews Chesler urges us to look within to treat other women realistically ethically and kindly and to forge bold and compassionate alliances This is a necessary next step for women without which they will never be liberated

Feasts of Light Normandi Ellis,1999-03-01 Provides information on the Egyptian goddesses and their festivals including Isis and Hathor Neith the cobra and Bast the cat and includes information on astrology sacred plants aromatics and birth and mourning rituals *The Diversity of Human Relationships* Ann Elisabeth Auhagen,Maria von Salisch,1996-10-13 The

Diversity of Human Relationships surveys the various types of interpersonal relationships **Women and Relationships in Contemporary Irish Women's Short Stories** □□□,2021-07-01 This book examines archetypal motifs related to aspects of human relationships in contemporary Irish women's short stories from the late 1960s to the present These relationships examined embrace not only relationships between men and women as married couples and lovers but also women to women relationships as mothers daughters sisters or lovers This book has uncovered certain recurrent motifs which may be construed as archetypal and are employed as a narrative device to express a certain level of feminist awareness by Irish female writers in their stories against the backdrop of Irish feminism emerged in the late 1960s This feminist aspect of Irish women's stories appears to address the paradoxes of patriarchal ideology underlying male domination in male female courtship and marriages the conflict between patriarchally loyal mothers and rebellious daughters powerless but rival female siblings and peers competing for limited resources and male attention under the Father's law Motifs of resistance and subversion serve in these stories as metaphors unveiling female protests against an ideology which defines and confines women in the Irish patriarchal context This book demonstrates a process of transition during which Irish female writers progress from the depiction of women who struggle and fight against unfairness and distortion within an androcentric culture to a new direction in which such writers describe a situation where women recognise the internalisation of the false consciousness of patriarchy and out of this recognition may be eventually able to develop further their sense of self and individuality The archetypal motifs in Irish women's stories also illustrate a kind of continuity of an ancient female archetype

of female rebellious powers which in female literary imagination never ceases to resurface in the face of patriarchal suppression **Bodied Mindfulness** Winnie Tomm, 2010-10-30 I see spirituality and social change to be integrally related to each other I believe that liberation efforts that are supported by spiritual experiences of integration promote human dignity as well as social equality Bodied Mindfulness combines spiritual social and analytical perspectives to explore topics central to women's development spirituality women's bodies cultural constructions of women's sexuality in language sexual ethics the sexual contract in politics and at work and the relation between nature and culture It is Tomm's deeply held conviction that women need to bring a vital spirituality to feminist social criticism in order to resolve these issues and increase their power to promote social justice and ecological balance Tomm embraces a vast store of knowledge from diverse sources including Buddhist shamanist and feminist resources In a move away from abstract theorizing she explicitly connects theory with realities lived by women Grounding theory in personal experience her own and others Tomm delivers a powerful and empowering account of women's spirituality The resulting ontological transformation allows women to live deeply in the body while strengthening their relation to human and non human matter and energy Bodied Mindfulness will be of great interest to feminist scholars in all disciplines but most particularly to those in Women's Studies and Religious Studies

Handbook of Aging and the Family Rosemary Blieszner, Victoria Hilkevitch Bedford, 1996-07-30 No other reference provides such a comprehensive and timely overview of theory and research on family relationships the contexts of family life and major turning points in late life families It includes many suggestions for theoretical and practical applications for future research on a score of important topics This multidisciplinary survey is an invaluable library reference and teaching resource intended for upper level undergraduate and graduate students teachers and practitioners for gerontologists family scholars psychologists sociologists historians social workers health care providers and policy makers *Erotic Mentoring* Janice Hocker Rushing, 2016-06-16 They're everywhere in the academy young bright women mentored by older scholars usually men who attempt to mold them into their own masculine ideals Janice Hocker Rushing's study of over 200 women and their life transformations is the subject of this eloquent book Using the tropes of mythology and Jungian psychology the author characterizes the many paths these women's academic lives take as Muse for a faltering older scholar as Mistress or wife as the dutiful academic daughter Their resistance to this power differential also takes many forms as a Veiled Woman silent in public but active in private or the Siren using her sexuality to beat the system Ultimately Rushing arrives at the myth of Eros and Psyche where women's self understanding and personal development turns her erotic mentoring into an autonomous whole and free life unfettered by any man These women's stories and Rushing's literary and literate framing of their lives will ring true to many in the university *Advancing Sisterhood?* Sharon Monteith, 2000 Though black and white women have long been associated with the heart of southern culture their relationships with each other in the context of contemporary southern fiction have been largely glossed over until now In *Advancing Sisterhood* Sharon Monteith offers an enlightening

map of this new literary ground Beginning with an overview of the theory and literary incarnations of friendship *Advancing Sisterhood* examines how prevalent specific relationships between black and white women have become in the works of Ellen Douglas Kaye Gibbons Connie Mae Fowler Lane von Herzen Ellen Gilchrist Carol Dawson and others Monteith explains that interracial friendships have become an alluring topic for white women writers She also examines these friendships in relation to the ways black women writers and critics have pictured black and white girls and women in the South *Advancing Sisterhood* explores childhood female relationships in such works as *Ellen Foster* and *Before Women Had Wings* and considers recent ecocriticism and its role in charting the female southern landscape Monteith also provides an in depth examination of the archetypal friendship between white housewives and their black servants Through these discussions *Advancing Sisterhood* demonstrates how contemporary white women writers have broadened their work to include friendships between women of diverse backgrounds and to influence literary expression

The Suppressed Sister Amy K. Levin, 1992 Contentious behavior among biological sisters frequently contradicts ideals of sisterhood in novels by women Additionally feminist criticism focusing on almost every imaginable relationship involving women has all but ignored sisters Amy K Levin's *The Suppressed Sister* studies these circumstances their causes and consequences How and why is the sister bond suppressed in favor of sisterhood Answers to this question may be found in female psychology social expectations and patriarchal myths and stories The tales of Cinderella and Psyche are paradigmatic providing models of female competition and inscribing a conclusion that replaces sisterly closeness with heterosexual romance Jane Austen's sister plot is based on these models Her characters divide into pairs and adopt complementary personalities but polarization does not erase competition instead marriage erects social and economic barriers which enforce role divisions In *Wives and Daughters* Cranford and *The Life of Charlotte Bronte* Elizabeth Gaskell shows the danger of too close an attachment to the paternal home She too emphasizes differences revealing how they ultimately lead siblings to seek a sisterhood outside the family In *Mill on the Floss* *Middlemarch* and *Daniel Deronda* George Eliot paints increasingly negative portraits of sisters indicating that female siblings create differences where few or none exist These denials of similarity heighten the heroines isolation Twentieth century novelists including Barbara Pym Elizabeth Jane Howard and Margaret Drabble revise their predecessors texts drafting a plot after the father's They reject rules governing female behavior and question the expectation that women must get along with one another Finally Emma Tennant's *Bad Sister* together with several recent American novels abandons the conventions of the realistic novel challenging the very concept of character Tennant undermines all distinctions including those that treat sisters as separate individuals and those that classify certain behaviors as good or bad These novels show a progression that has been ignored or suppressed by feminist critics many of whom long for an idyll of sisterhood inherited from nineteenth century portraits of the angel in the house In denying anger or antagonism women cut off a part of themselves just as Cinderella's stepsisters amputate their toes to fit in her brittle glass slipper Levin's book questions the

rationale behind such self destruction

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Soul Sisters Pythia Peay, 2002-05-27 A unique workbook to help women cultivate their full potential through the lives and lessons of the heroines of world spiritual traditions Filled with exercises anecdotes quotes and inspiration Pythia Peay's *Soul Sisters* is designed to help women foster the traits that can be found in the great spiritual traditions of the world and that are most needed in contemporary life Each chapter shows how to cultivate the five divine qualities Courage Faith Beauty Love and Magic *Soul Sisters* offers an abundance of examples of different female figures from the spiritual past and present who have embodied these characteristics in a distinctly feminine way Through the road they have walked readers can learn to discover their own individual heart path to these strengths Both an immensely practical workbook and an education in spiritual ideas *Soul Sisters* is a companion for a lifetime

Cheating on the Sisterhood Lauren Rosewarne, 2009-05-14 Drawing on the author's own experience as the other woman in an affair with an otherwise committed man this contemporary feminist study is the first to label the role of the two timing male as sexual terrorist *Cheating on the Sisterhood* Infidelity and Feminism is a feminist analysis of the imbroglio of sexual politics brute sociobiology and pop mediated passion that is conjured up when a married man cheats on his wife with a younger single woman Drawing frankly on her own experience as the other woman Lauren Rosewarne scrutinizes the alternate readings of the politics of cheating in terms of feminism's program of gender equality Arguing that contemporary feminism does not automatically endorse or reject any particular choices she shows what happens when all three parties to the classic triangle happen to be feminists each trotting out a different set of feminist arguments to justify vilify and rationalize his or her actions Is the other woman this book asks just a tool of the cheating man's assertion of gender dominance over both his mate and his mistress and a willy nilly a traitor to the sisterhood

Sister Death Beatrice Marovich, 2023-02-07 Winner 2024 Bela Kornitzer Alumni Award Drew University Life and death are commonly seen as representing the starkest of binaries Death is the ultimate adversary of all that lives Beatrice Marovich argues that such understandings of mortality have been deeply influenced by a strain of Christian political theology that has left its mark on both religious and secular narratives Adapting the figure of Sister Death from Saint Francis of Assisi she calls for recognizing that life and death are family Drawing on a wide range of sources from Toni Morrison to Jacques Derrida psychoanalysis to grassroots death positive movements Marovich critiques a racialized political theology that pits life and death against each other in a state of endless war In a time of extinctions it is necessary to disrupt this dominant story in order to apprehend death as a collective multispecies event *Sister Death* proposes an alternative view in which life and death are not mortal enemies destined for mutual destruction Instead they are engaged in a contested tense and sometimes mutually empowering form of connection a sisterhood Eloquent and approachable this book deftly integrates the insights of a number of disciplines to provide a profound reconsideration of the relations between life and death *Sister Death* also features a series of original works by the artist Krista Dragomer that

stage an ongoing conceptual conversation with the text
