Paranormal States D. E. Osto,2024-09-10 A number of converts to Buddhism report paranormal experiences Their accounts describe psychic abilities like clairvoyance and precognition out of body experiences near death experiences and encounters with other beings such as ghosts and deities and they often interpret these events through a specifically Buddhist lens This book is a groundbreaking exploration of these phenomena and their implications for both humanistic and scientific study of the paranormal D E Osto examines accounts of paranormal phenomena experienced by convert Buddhists from around the world collected through an online survey and interviews placing them in the context of Indian Buddhist sources and recent scientific research They focus in detail on the life stories of two interviewees and the important role the paranormal has played in their lives These contemporary first person narratives demonstrate the continued importance of the psychic and paranormal within the Buddhist tradition and they can be interpreted as a living Buddhist folklore Osto considers the limitations of both traditional religious views and Western scientific studies of the

paranormal and proposes instead a new Buddhist phenomenological approach Ultimately Paranormal States contends these deeply mysterious and extraordinary experiences exceed current understandings and they can help bridge the gap between religious and scientific worldviews *Extraordinary Powers in Humans* Pane Andov, 2007-06 Extraordinary Powers in Humans stretches from the ancient Yoga systems to the advanced and modern UFO phenomenon It is an extremely powerful manual for development of hidden psychic abilities **Your Psychic Powers and Immortality** John Alan Appleman, 1968 There has been a great deal of controversy in connection with psychic powers but I also know John Appleman In my opinion he is probably one of the most clear thinking hard headed individuals I have ever encountered He would no more be connected with the irrational or the so called lunatic fringe than he would in his capacity as a lawyer be connected with anything shabby or shoddy John has published over 50 books and over 100 articles He is a contributor to the Encyclopedia Britannica and World Book Encyclopedia and has held high office in various bar societies such as dean of International Society of Trial Lawyers and president of The Federation of Insurance Counsel among others This book has been many years in preparation and in writing Since Mr Appleman regards the writers of many psychical and metaphysical books as kooks much of this present work is debunking in nature in order to get to basic truths Here for the first time perhaps we find assembled a physiological view of living man explaining the manner in which the brain and neural pathways evolved their functions the relationship of the conscious and subconscious existence of the soul and proof of immortality As John has so often told me he realizes that any man who has the guts to discuss any psychic subject lays his reputation on the line However since as he says there is no subject of greater importance to mankind than life after death he is willing to accept the lifted eyebrows of the skeptics and as an intensive trial lawyer to be perhaps the most critical of all investigators The evidence contained in this book has been cross examined checked and repeatedly supported by witnesses of unquestioned integrity and since these incidents are presented through the eyes of a lawyer of John Alan Appleman s impeccable integrity they cannot be brushed lightly aside front and back flaps Psychic Empowerment for Everyone Carl Llewellyn Weschcke, Joe H.
