Pirogov* Helena Petrovna Blavatsky,2019-05-30 Metaphysical mystical and philosophical excerpts from Dr N I Pirogov Problems of Life The Diary of an Old Physician Selected and translated from the Russian by H P Blavatsky with extensive annotations and commentary The thoughts of the false I or personality are mere shadows of the true Individuality and Higher Ego The records of past events and passing thoughts even the most trifling ones are impressed on the imperishable waves of Astral Light not in the brain alone Intuition is divine but faith is human and the misapplication of inner intuition Personality being the illusion of separateness is the root cause of all selfishness and evil It has to be conquered and crushed before the lower is united with its higher counterpart Loss of mind is due to the paralysis of the higher functions in Kama Manas the physical mind and in cases of incurable insanity to the severance of the lower self from the Higher Self during a person's lifetime thus preventing the reunion of the two When one falls into a love of self and love of the world with its pleasures losing the divine love of God and of the neighbour he falls from the illusionary life and fear of death to real death The higher principles which constitute the essential elements of his humanity perish and he lives only on the natural plane of his

faculties The atoms of Science are not of this earth but belong to quite a different plane And the atomic theory is on a par only with the undulatory theory of light The Ether of Space is considerably different from the medium of Science The chasm between mind and matter is impassable No theory of evolution or heredity will ever cover or explain the mystery The incessantly rolling and waving Ocean of Life of Dr Pirogov is the triply manifested Deity of the Occultists two opposing forces of spirituality and animalism eternally reacting upon each other Universal Mind and Eternal Atom The immortal Higher Ego Nous is man's true Individuality that keeps reincarnating in a new personality at every birth Dr Pirogov's purely natural idealism is a spiritual perception of eternal truths that no scientific sophistry could destroy or even blunt He esteems Truth higher than Science Physical Science calls atoms that which the Occultists regard as particles or molecules The real Atoms are the inner principles and the intelligent spiritual guides of the cells and particles they inform Man is produced in the image of God or Divine Nature Every cell in the human organism corresponds with a like cell in the divine organism or the manifested universe The I of man or Microcosm and the Universe or Macrocosm are illusions inseparable and interdependent but illusion nevertheless The human mind or lower manas is a direct ray or reflection of a Higher Principle the Noetic Mind The latter is the reincarnating Ego which old Aryan philosophers call Manasaputras the Sons of Mind or Mahat the Universal Cosmic Mind Dr Pirogov can hardly be taken to task and declared unscientific in accepting the existence of a seven dimensional space in co ordination with the seven states of consciousness In the course of natural evolution our brain mind will be replaced by a finer and more spiritually receptive organism helped by the sixth and the seventh senses A Higher Principle may be independent of the matter it rules but only when outside of space and time God is the centre the Intellectual Principle an unmoving circle Soul a circle in motion As our mind is but the product of Universal Mind so is the latter but a differentiated ray of the Absolute Mind or No Mind a state of Perfect Unconsciousness Atom is not the smallest constituent unit of matter not even a mathematical point it is an immutable Entity a reality within an appearance the molecule being in Occult Philosophy but a figment of maya illusion It may be described as a compact or crystallized point of divine Energy and Ideation Occultism affirms that there is no such thing as inert dead or even inorganic matter Time is abstract motion in space i e force acting in space and transforming itself by this very action into substance In philosophy the term empirical is the product of experience and observation plus Science The sensing principle in us is an entity capable of acting outside as inside its material body and it is certainly independent of any organ in particular in its actions although during its incarnation it manifests itself through its physical organs Our Higher Ego is a ray of the Universal Mind individualized for the span of a cosmic life cycle during which time it gets experience through almost numberless reincarnations or rebirths before returning to its Parent Source There are two minds in man two aspects of the same divine principle the higher or true Individuality and the lower or Personality It is these two that during our lifetime are in incessant struggle the one trying to gravitate heavenward the other dragged down by its animal nature to the earth earthy Nothing that takes place no manifestation

however rapid or weak can ever be lost from the skandhic records of a man's life The Universal Memory preserves every motion the slightest wave and feeling that ripples the waves of differentiated nature whether of man or of Universe The metaphysician and the theosophist will applaud almost every word Dr Pirogov says regretting only that men of such profoundly intuitional nature should be so rare among the men of science **Higher Self and Higher Ego** Helena Petrovna Blavatsky, William Quan Judge, 2018-02-11 Higher Ego is the sole bearer of all its alter Egos on earth and their sole representative in the subjectivity of Devachan Higher Ego or Nous is our true Individuality that keeps reincarnating and clothing itself in a new personality at every new birth Yet that noble and lofty Noetic Entity that allows us to think and enjoy the boon of self consciousness is not ours It belongs to Divine Entities from higher and earlier worlds and planets whose Karma had not been exhausted when their world went into Pralaya By quickening the human mind they purify themselves in the fire of suffering and individual experience in order to re become the One Essence And so can we Their terrestrial reflection if by purity of thought and deed we rise to Their plane and partake of Their divine essence Philosophically Higher Ego is the apex of a triangle He is crucified between two Opposing Forces the personal ray dragged down by impure selfish desires on the left side and the uplifting purity of thought and deed on the right Higher Ego is Chrishna Christos the true Christ of the churches our personal god On the plane of matter Chr stos is Christos lower but aspiring counterpart an uninitiated adept or higher chela about to be admitted into Gupta Vidya i e Occultism's Greater Mysteries Therefore there are two Christs one above and one below Why Because the Higher needs the Lower as much as the Lower needs the Higher for gods feed on men Some Theosophists got into the habit of using Self and Ego as synonymous of associating Self with only man's higher individual or even personal self or ego whereas Self ought never to be applied except to the One Universal Self Even those pledged to their Higher Self by solemn vows and who were personally instructed by H P Blavatsky did not seem to understand the indissoluble link connecting their Higher Egos with the One Universal Self When their knowledge was examined most could not explain the difference between the Higher and the Lower Self and scarcely any avoided a confusion between Higher Self and Higher Ego Theosophy ,1898 **Studies in Occultism** Helena Petrovna Blavatsky,1910

The One Ray strides through 7 Regions in 3 Steps Helena Petrovna Blavatsky, William Quan Judge, 2020-08-30 The Solitary Ray shooting like a falling star through the planes of Non being into the First World of Being the Noumenal World of Truth gives birth to the Ideal Triangle before withdrawing whence it had come The Solitary Ray is the Pythagorean Monad It strides through the Seven Regions of the Universe in three steps First Logos The One Second Logos The One made Three concreting into Third Logos where the Three live within The One thus making up the Perfect Square in heaven and a Cube on earth Terrestrial number 2 is useless and unlucky Twin serpents conceal the One from the many The Seven Rays of Logos 3 4 are Three Principles Four Vehicles on the material plane They vivify Seven Worlds of Being symbolised by the Ladder as follows Absolute Archetypal Spiritual Manasic Psychic Astral and Elemental The Earth is no World **Thinking And**

Destiny Harold W. Percival, 2002-04 In *Thinking and Destiny* something new although older than time is now made known to the world about Consciousness The information is largely about the makeup of the human where man comes from what becomes of him it explains what thinking is it tells how a thought is created and how thoughts are exteriorized into acts objects and events and how they make his destiny Destiny is thus shown to be self determined by thinking and the process of re existence and the after death states are told in detail A single reading of any one chapter of *Thinking and Destiny* brings rich rewards in new understanding of life s puzzling mysteries To read the entire book is to come nearer to knowledge of one s destiny and how to shape it than is possible through study of anything previously written in the English language Both the casually curious glancer at books and the most avid seeker for knowledge will be intrigued by the index which lists more than 400 subjects in *Thinking and Destiny* and by the fifteen chapter headings in the Table of Contents which identify the 156 sections The Foreword contains the only pages in which Mr Percival uses the first personal pronoun Here he relates some of the amazing experiences through which he was able to grasp the knowledge he transmits and to acquire the ability to do so
