Rubias Economic Transformation In The 1990s:

Africa at the Beginning of the Twenty-first Century P. Godfrey Okoth, 2000 In an attempt to take stock of African affairs this collection of essays addresses the most critical themes and pressing issues facing the continent at the outset of the new century The perspective is broad the approach generally interdisciplinary and the subjects wide ranging and controversial The work is broadly structured into three sections socio cultural transformation governance and democratisation and the global dimension With the focus firmly on the future amongst questions raised are post industrialism and knowledge production the recreation of Africa through language the economic and cultural impact of AIDS prospects for conflict resolution Africa's place in the world dialogue in the new century and the potential role of the mass media

Although Kenya is often considered an African success story its political climate became increasingly repressive under its second president Daniel arap Moi Widner charts the transformation of the Kenya African National Union KANU from a weak loosely organized political party under Jomo Kenyatta into an arm of the president's office with watchdog youth wings and strong surveillance and control functions under Moi She suggests that single party systems have an inherent tendency to become party states or single party regimes in which the head of state uses the party as a means of control The speed and extent of these changes depend on the countervailing power of independent interest groups such as business associations farmers or professionals Widner's study offers important insights into the dynamics of party systems in Africa Although Kenya is often considered an African success story its political climate became increasingly repressive under its second president Daniel arap Moi Widner charts the transformation of the Kenya African National Union KANU from a weak loosely

Business Strategies for Economies in Transition Petr G. Chadraba, Reiner Springer, 2020-10-27 The book of readings Business Strategies for Economies in Transition is a collection of papers describing various business issues as they occurred during the economic transitions in Central and Eastern European countries The book's sections are organized along the typical academic business disciplines Marketing Management Advertising Finance and Banking and Human Resource Management This organization allows professors from various disciplines to focus on articles within the area of their specific interest The Maculan case is a multifaceted exercise The scope is very broad covering topics such as management multi cultural environment changing regulations and corporate growth to name a few The accompanying Teaching Note gives some classroom guidance on how to approach this case However educators may find other issues in this case worth discussing with students While the readings are from CEE countries we feel that much of the material can and should be

used when looking at other economies be they in transition or in the process of economic development There are many countries that are in one of these two stages Many of the problems addressed in this book are relevant to developing economies Any major change in the economic system be that transition or development impacts people As such the response of the population will directly influence the chance of a successful transformation **From Protest to Parties** Adrienne LeBas,2013-05-23

From Protest to Parties provides a unique window into the politics of mobilization and protest in closed political regimes and sheds light on how the choices of political elites affect organizational development The book draws upon an in depth analysis of 3 countries in Anglophone Africa Zimbabwe Zambia and Kenya **Role of Plant Tissue**

Nepstad,2011-07-28 In the spring of 1989 Chinese workers and students captured global attention as they occupied

Tiananmen Square demanded political change and were tragically suppressed by the Chinese army Months later East German civilians rose up nonviolently brought down the Berlin Wall and dismantled their regime Although both movements used tactics of civil resistance their outcomes were different Why In Nonviolent Revolutions Sharon Erickson Nepstad examines these and other uprisings in Panama Chile Kenya and the Philippines Taking a comparative approach that includes both successful and failed cases of nonviolent resistance Nepstad analyzes the effects of movements strategies along with the counter strategies regimes developed to retain power She shows that a significant influence on revolutionary outcomes is security force defections and explores the reasons why soldiers defect or remain loyal and the conditions that increase the likelihood of mutiny She then examines the impact of international sanctions finding that they can at times harm movements by generating new allies for authoritarian leaders or by shifting the locus of power from local civil resisters to international actors Nonviolent Revolutions offers essential insights into the challenges that civil resisters face and elucidates why some of these movements failed With a recent surge of popular uprisings across the Middle East this book provides a valuable new understanding of the dynamics and potency of civil resistance and nonviolent revolt Kenya Elections 1997 International Commission of Jurists (1952-).
