

Статьи данного сборника объединяет проблематичность двух уровней существования современного человека: индивидуального, в котором отсутствует внутренняя гармония, и коллективного, которое никак не удается упорядочить удовлетворительным образом. Исторически, целостность мира, с пронизывающей его единой идеей предназначения человека и смысла его существования, характерная для традиционного общества, сменялась предпринимательскими и модернистскими идеями, основанными на «искусственности человека». Постепенно, изменения, происходящие во всех сферах жизни, привели к тому, что человечность перестала быть мерой всех вещей, а окружающий мир перестал быть стабильным и предсказуемым. Но взаимозависимость условий жизненного мира и качества личности человека прослеживается во все времена. Автор актуализирует идеи философов, относящихся к экзистенциальным целям человека срабшно, и вытекающих специфическую динамику системы человек – власть – общество. основополагающим является при этом исходный тезис экзистенциальной философии об укоренённости имеющихся проблем в мышлении и деятельности человека.
