## **Rudolf Steiner Autobiography:**

**Rudolf Steiner** Johannes Hemleben, 2013-05-01 Rudolf Steiner's legacy is remarkable. Around the world, thousands of initiatives have been built up around his inspiration and thought, including Steiner Waldorf schools, special education establishments, medical clinics, biodynamic farms, cultural centres, and much more. At the core of this outer work stands the scientific and spiritual path which Steiner called anthroposophy, a philosophy and method which he expounded and developed throughout his life. Hemleben's concise yet informative biography throws a clear light on Steiner's life and his numerous struggles and achievements. Beginning with Steiner's childhood, Hemleben guides us through his youthful years as a respected Goethean scholar and philosopher in Weimar, his work in the Theosophical Society, and the later establishing of the Anthroposophical Society, the development of anthroposophy as a spiritual science, the creation of spiritual initiatives in art, the social sciences, education, medicine, agriculture, religion, and architecture, the important Christmas Foundation Conference, and his eventual death in 1925. Hemleben's biography, seen by many as the finest account of Steiner's life and work, includes a chronology, personal tributes, an extensive section for further reading, as well as an index. It is also profusely illustrated with 69 pictures and photographs.

**Biography: Freedom and Destiny** Rudolf Steiner, 2013-04-03 The path of an individual human life, our biography, is something of a mystery. Despite the abundance of published biographies and autobiographies of celebrities and historical figures, the scientific study of human biography remains in its infancy, with little understanding of the inherent laws in the path of an individual's life. Yet, as Rudolf Steiner shows here, every biography, regardless of the individual's fame, perceived importance, or outer success, is ruled by archetypal influences, patterns, and laws. This broad-ranging anthology addresses some critical and as yet unanswered questions: What effects do education and, in particular, contrasting education methods have on later life? How do the various periods of life relate to each other? Do the effects of events on the individual become evident immediately, or is their true impact delayed, perhaps by decades? To what extent can an individual shape the stages of his or her biography? How much freedom of choice do we have, and how much of life is predetermined? Out of the higher knowledge Rudolf Steiner acquired from his spiritual research, he described the human individuality as a being with a continuing existence before birth and beyond death. This eternal being experiences many varied conditions and situations, the effects of which are observable in our biography. This book addresses these and other issues, such as freedom and destiny, the effects of heredity, illness, and the impact of education, offering answers based on a profound knowledge of the human being.

**Autobiography** Rudolf Steiner, Rita Stebbing, 2005-08-31 Because I entered this world with defined soul predispositions, and because the course of my life, as expressed in my biography, is determined by those predispositions, as a spiritual human being, I must have existed before my birth. As a being of spirit, I must be the repetition of someone through whose biography mine can be explained. In each life, the human spirit appears as a repetition of itself, with the fruits of experiences during previous lives. Rudolf Steiner. Rudolf Steiner seldom spoke of himself in a

personal way but in his Autobiography we are offered a rare glimpse into some of the most intimate aspects of his inner life his personal relationships and significant events that helped to shape the philosopher seer and teacher he became This edition restores the original format of seventy chapters just as they were written for the Goetheanum weekly newsletter This autobiography is not merely a narrative of Rudolf Steiner s successes and failures but the story of a soul possessed of a precise probing scientific mind and a natural clairvoyant ability to see into the spiritual world Although naturally clairvoyant Steiner always recognized the integrity and importance of modern scientific methods and thus he developed a modern discipline he named Anthroposophy or spiritual science During the century that followed the events recorded in this autobiography Rudolf Steiner s insights have touched and enriched numerous areas of life in ways that continue to transform people s lives in the twenty first century This illustrated revised updated and expanded edition was the first volume to be released in The Collected Works of Rudolf Steiner This series will eventually collect all of the English translations of Rudolf Steiner s works including many never before in English into an attractive and uniform set of his written and spoken words

**From the Course of My Life** Rudolf Steiner, 2013-09-10 Rudolf Steiner found the spiritual science of anthroposophy and the many practical disciplines that arose from it Eventually he would write his Autobiography although its composition would be interrupted by his unexpected death This volume is an essential complement to Steiner s unfinished autobiography It gathers a wealth of personal testimonies lectures r sum s notebook entries a questionnaire and biographical notes written for douard Schur much of which has not been previously published in English

**Rudolf Steiner, Fragment of a Spiritual Biography** Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff s life s work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner s incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner s evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner s connection with the being of Jesus of Nazareth and an exploration of Steiner s relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will

welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples     *Rudolf Steiner, an autobiography 2nd ed* Rudolf Steiner, 1980     Autobiography Rudolf Steiner, 2006-05 4 lectures Dornach June 28 July 18 1923 CW 350 Truth and striving for truth must taste good to you and lies once you are conscious of them must taste bitter and poisonous You must not only know that human judgments have color but also that printer's ink nowadays is mostly deadly nightshade juice You must be able to experience this in all honesty and rectitude and once you can do so you will be in a state of spiritual transformation Rudolf Steiner What is the relationship between coming to see the secrets of the universe and one's own view of the world How far must one go before finding the higher worlds on the path of natural science Do cosmic forces influence all of humanity What connection do plants have with the human being and the human body In answering these questions Steiner covers a wide range of topics from the development of independent thinking and the ability to think backward to the uses of what seems boring and the reversal of thinking between the physical and spiritual worlds and from the physiology of dreams to living into nature and the spiritual dimension of various foods we eat As always in his lectures to the workers Steiner's style is clear direct and accessible This volume is a translation from German of four lectures from *Rhythmen im Kosmos und im Menschenwesen Wie kommt man zum Schauen der geistigen Welt* GA 350

**The Life and Work of Rudolf Steiner** Guenther Wachsmuth, 1995-06 Zanon first published in 1842 was inspired by a dream Sir Edward a Rosicrucian wrote this engaging well researched novel about the eternal conflict between head and heart between wisdom and love played out by the Rosicrucians before the dramatic background of the French Revolution He described his book Zanon as a truth for those who can comprehend it and an extravagance for those who cannot Following his introduction the novel is divided into seven parts whose titles indicate the sevenfold path of spiritual development The fourth section *The Dweller of the Threshold* is the book's centerpiece revealing significant esoteric facts and experiences A novelist a dramatist a scholar an editor and an active member of Parliament Sir Edward was an extremely successful author whose writings were widely read throughout England and Europe He poured into this esoteric work all of the ancient esoteric wisdom that he felt he could reveal to the public during an age buried deeply in materialism This work remains one of the great pioneering landmarks of esoteric writing     *Rudolf Steiner* Christoph Lindenberg, 2017-09-15 This biography should contribute to a greater understanding of Rudolf Steiner Whoever follows his life will get the impression that from a certain point on his constant attempt was to awake in numerous ways an active working understanding for Anthroposophy Steiner used creative imagination to treat particular themes and tasks ever anew and in many forms If we observe the variations of those presentations we see in them the intentions that guided his whole life A biography that shows Steiner's intentions and efforts in the context of the times and his life circumstances will not only relate what happened but also why His work does not as in many modern biographies disappear behind the life story A student of Rudolf Steiner during the late 1890s observed I never again had a teacher like him He was gaunt shabbily dressed He always wore an old coat his trousers

looked like corkscrews much too short and worn out At first he sported a van Dyke then a mustache then he was clean shaven Everyone loved him dearly and I would have as would most of the others gone through fire for him He was loving and concerned in a way that I have never again discovered in another person Funny I often asked my fianc e whether he was really as poor as he seemed to be during breaks he always took a dry roll out of his pocket and ate it with visible enjoyment But if you think that they left him in peace during the break you are way off base The whole group gathered around him and the questions were endless This is the most comprehensive biography of Rudolf Steiner available tracing his life and development through an in depth look at his life and work which encompassed numerous areas including his Goethean research philosophy esoteric work pedagogy medicine sociology agriculture architecture painting movement arts and poetry This biography which tracks his divergent activities shows how Rudolf Steiner was most concerned with bringing a new approach to knowledge through Spiritual Science and to revitalizing the most important areas of human culture and society

**Rudolf Steiner, Life and Work** Peter Selg, 2017-07-31 Try to become one with the world that will be the best and most important program It is something that cannot be contained in statutes but needs to burn in our hearts as a flame Rudolf Steiner Following the widespread destruction of World War I Europe in 1918 was faced with political economic and social chaos especially in Germany In volume 5 of his seven volume biography of Rudolf Steiner Peter Selg focuses on the three years following the Great War and Steiner s efforts to help restructure society in a way that might avoid a recurrence of such a terrible calamity in the future He saw the root sociopolitical and spiritual causes of the devastation and sought to change the flawed worldviews and impulses that led to the hubris behind the World War Rudolf Steiner thus began to concentrate on various means to renew and invigorate society both through immediate measures especially in his plan for a threefold social order and through the new form of pedagogy that came to fruition with the Waldorf education movement Steiner saw that a renewed form of education was necessary to the development of peaceful and healthy social conditions in the future This education was intended to help children grow into responsible free and imaginative adults This was a time of intense work for Rudolf Steiner including a full schedule of travel and lectures reaching out to political leaders training teachers for the new schools and working with theologians and ministers toward religious renewal At the end of World War I with the German revolution in progress Rudolf Steiner was in Dornach working on the building and giving countless lectures in particular on contemporary issues It was important he pointed out to observe the forces of the time and to come to a real understanding of what had happened over the last four years in Central Europe in other words to gain deeper insights into the recent past in preparation for taking the necessary steps in future But few enough people are interested in even attaining an objective judgment on what has actually happened What actually happened remained for Rudolf Steiner not only a modern tragedy but also the greatest calamity in the history of the world which by the way is far from being over Peter Selg from the beginning chapter

**Rudolf Steiner** Gary Lachman, 2007-02-01 The first truly popular biography of the influential twentieth century

mystic and educator who while widely known for founding the Waldorf schools and other educational and humanitarian movements remains a mystery to many who benefit from his ideas People everywhere have heard of Waldorf schools Biodynamic farming Camphill Villages and other innovations of the Austrian philosopher Rudolf Steiner 1861 1925 Indeed Steiner as an architect artist teacher and agriculturalist ranks among the most creative and prolific figures of the early twentieth century pioneering work in alternative education holistic health and environmental research While his accomplishments are felt all over the world few people understand this unusual figure Steiner s own writings and lectures fill several bookcases intimidating those who would like to know more Works on Steiner are often dense and insider in tone further deterring the curious No popular biography written by a sympathetic but critical outsider has been available Gary Lachman s *Rudolf Steiner* provides this missing introduction Along with telling Steiner s story and placing Steiner in his historical context Lachman s book presents Steiner s key ideas in a readable accessible manner In particular Lachman considers the spread of Steiner s most popular projects which include Waldorf schools one of the leading forms of alternative education and Biodynamic farming a popular precursor to organic farming He also traces Steiner s beginnings as a young intellectual in the ferment of fin de si cle culture to his rise as a thought leader within the influential occult movement of Theosophy to the founding of his own metaphysical teaching called Anthroposophy Finally the book illustrates how Steiner s methods are put into practice today and relates Steiner s insights into cosmology to the work of current thinkers

Rudolf Steiner is a full bodied portrait of one of the most original philosophical and spiritual luminaries of the last two centuries and gives those interested in the history of ideas the opportunity to discover one of the most underappreciated figures of the twentieth century

[An Autobiography](#) Rudolf Steiner, 1977-01-01      *Milestones* T. H. Meyer, 2015-10-26

Why was the act of arson that destroyed the first Goetheanum so devastatingly successful in its malicious intent What was the nature of the poisoning that Rudolf Steiner suffered in 1923 What was the significance of Steiner s encounter with an unknown Master in 1879 and his later meeting with Friedrich Nietzsche on his sickbed Rather than presenting an accumulation of data Meyer takes a symptomatological approach to the evolution of Rudolf Steiner s thinking pinpointing specific moments in his biography whilst making numerous links to contemporary issues Seemingly unimportant details are significant such as Steiner s boyhood habit of smashing dishes or the droplet of water that adorned Steiner s forehead at his funeral The often overlooked language of such images is evaluated within the scope and grandeur of Rudolf Steiner s life s work An incisive theme running through *Milestones* is the dual nature of time involution and evolution and how it affects the Anthroposophical Society and movement Following Steiner s death a one sided involution process has been evident in the overemphasis on the Christmas Foundation Meeting as well as Steiner s supposedly indissoluble connection with the Society This is coupled with distorted evolution processes as seen in the urge to enter the public domain by jettisoning anthroposophy altogether Such disharmonies can only be healed says Meyer by seeing the reality This book serves as an essential guide to understanding the

task of anthroposophy in the modern world      **Rudolf Steiner, Master of the White Lodge** Judith von Halle, 2025-09-25

Today the spirit of the earth lives with the Masters and this spirit of the earth will become the physical garment of the next planet The smallest thing we do will have an effect on the smallest atom of the next planet Only this feeling gives us a full connection with the Lodge of the Masters Rudolf Steiner 21 October 1905 Who was Rudolf Steiner Judith von Halle begins her exploration by addressing the controversy surrounding the dates of Steiner's birth and christening an entry point that leads into a profound study of an individuality whose higher spiritual nature remains largely unrecognized today Along the way we encounter previously unexplored facets hidden treasures of Steiner's occult biography including his deep inner connection to the archetypes of the two Jesus children Rudolf Steiner frequently emphasized the urgent need to understand the mission of the Masters of the White Lodge Drawing on her own spiritual research Judith von Halle offers striking insights into Steiner's true spiritual identity and his relationship with the White Lodge The book also includes a previously unpublished document by Edith Maryon shedding light on Steiner's role within the Lodge and his connection to the Masters of the East

**Rudolf Steiner, Life and Work (vol. 7)** Peter Selg, 2019-03 In this final volume of his comprehensive biography of Rudolf Steiner Peter Selg describes Steiner's final months on Earth Although his health was beginning to decline 1924 might have been his most productive and fruitful years It saw a new beginning for the Anthroposophical Society and the beginning of the Esoteric School and the School for Spiritual Science The year began with the Christmas Conference during which the Anthroposophical Society was reborn That year also witnessed Rudolf Steiner's Karmic Relationships lectures as well as the serialized Leading Thoughts summarized Anthroposophy in a series of aphoristic guidelines for meditation supplemented by essays on the Michaelic nature of Anthroposophy Also serialized in the Goetheanum newsletter were autobiographical chapters in Rudolf Steiner's life up to 1907 He also defined his important spiritual relationships with Ita Wegman Marie Steiner and Lili Kolisko as well as their significant connection to the Society and his spiritual legacy New initiatives were also planted in the world during this time including anthroposophically extended medicine and biodynamic agriculture From his sickbed in the Goetheanum carpentry shop Steiner also formed plans and a model for the new Goetheanum in Dornach Switzerland Also included in this volume is a lecture by Rudolf Steiner on June 4 1924 The Festival of Pentecost Book jacket

**Rudolf Steiner, Life and Work** Peter Selg, 2014-08-26 To acknowledge and understand Rudolf Steiner's unique achievement and life's work one must be able to accept that the founder and spiritual researcher of Anthroposophy was a citizen of two worlds the spiritual and the physical Anthroposophy teaches that this duality rather than being a quality reserved for special individualities is inherent to human nature According to Rudolf Steiner it is a central aspect of being human even in times when the suprasensory aspect of humanity is eclipsed for ordinary day consciousness and almost eliminated by certain civilizations The interest in Rudolf Steiner's person and essence in his attitude toward life and work will continue to grow in the decades and centuries that lie ahead both within and outside the anthroposophical

movement It will take hold of entirely different groups of people including those who come with spiritual questions or discover them in times of need Rudolf Steiner's work grew to be one unique effort of bringing courage to human beings Michael Bauer This is the first of seven comprehensive volumes on Rudolf Steiner's being intentions and journey It presents Rudolf Steiner from childhood and youth through his doctorate degree and up to the time of his work for the Goethe Archives as editor of Goethe's scientific writings By considering his formative years in depth we come to understand better the roots and development of Rudolf Steiner's later spiritual research and teachings This volume is a translation from German of the first three chapters of Rudolf Steiner 1861 1925 *Lebens und Werkgeschichte Band 1 1861 1914* Ita Wegman Institut 2012

*Rudolf Steiner, Life and Work* Peter Selg, Rudolf Steiner, 2019 All this must be accepted as destiny karma It would be sentimental to enlarge on how much it pains me to be separated physically from the Goetheanum and its activities I hope only that all this will not inhibit but temper and enhance our dear friends' forces Rudolf Steiner Dec 24 1924 In the final volume of his comprehensive biography of Rudolf Steiner Peter Selg describes Steiner's last months on Earth Although his health was beginning to decline 1924 might have been his most productive and fruitful year It saw a new beginning for the Anthroposophical Society and the beginning of the Esoteric School and the School for Spiritual Science The year began with the Christmas Conference during which the Anthroposophical Society was reborn That year also witnessed Rudolf Steiner's Karmic Relationships lectures as well as the serialized *Leading Thoughts* summarizing Anthroposophy in a series of aphoristic guidelines for meditation supplemented by essays on the Michaelic nature of Anthroposophy Also serialized in the Goetheanum newsletter were autobiographical chapters in Rudolf Steiner's life up to 1907 He also defined his important spiritual relationships with Ita Wegman Marie Steiner and Lili Kolisko as well as their significant connection to the Society and his spiritual legacy New initiatives were also planted in the world during that time including anthroposophically extended medicine and biodynamic agriculture From his sickbed in the Goetheanum carpentry shop Steiner also formed plans and a model for the new Goetheanum in Dornach Switzerland Also included in this volume is a lecture by Rudolf Steiner on June 4 1924 *The Festival of Pentecost* Rudolf Steiner *Life and Work Seven Volumes* Vol 1 1861 1890 *Childhood Youth and Study Years* ISBN 9781621480822 Pbk ISBN 9781621480839 Hbk Vol 2 1890 1900 *Weimar and Berlin* ISBN 9781621480853 Pbk ISBN 9781621480860 Hbk Vol 3 1900 1914 *Spiritual Science and Spiritual Community* ISBN 9781621480884 Pbk ISBN 9781621480891 Hbk Vol 4 1914 1918 *The Years of World War I* ISBN 9781621481577 Pbk ISBN 9781621481584 Hbk Vol 5 1919 1922 *Social Threefolding and the Waldorf School* ISBN 9781621481935 Pbk ISBN 9781621481942 Hbk Vol 6 1923 *The Burning of the Goetheanum* ISBN 9781621482192 Pbk ISBN 9781621482208 Hbk Vol 7 1924 1925 *The Anthroposophical Society and the School for Spiritual Science* ISBN 9781621482321 Pbk ISBN 9781621482338 Hbk *Memories of Rudolf Steiner* Anna Samweber, 1991 Anna Samweber was an active coworker in Berlin with Rudolf Steiner and Marie Steiner von Sivers for several years This lively homely and often moving collection of
