## **Rudyard Kipling The Man His Work And His World:**

*Rudyard Kipling* John Gross,1972      **Philip Larkin: The Man and his Work** Dale Salwak,1989-06-18 A collection of essays celebrating the talents of Philip Larkin poet critic and fiction writer who died in 1985 They range from Kingsley Amis and Anthony Curtis fine memoirs of Larkin s life at Oxford to William H Pritchard s examination of some of the qualities in his poetry      **The Man Who Would Be Kipling** A. Hagioannu,2003-11-04 This study places Kipling s fiction in its original cultural intellectual and historical contexts exploring the impact of India America South Africa and Edwardian England on his imperialist narratives Drawing on manuscripts journalism and unpublished writings Hagioannu uncovers the historical significance and hidden meanings of a broad range of Kipling s stories extending the discussion from the best known works to a number of less familiar tales Through a combination of close textual analysis and lively historical coverage The Man Who Would Be Kipling suggests that Kipling s political ideas and narrative modes are more subtly connected with lived experience and issues of cultural environment than critics have formerly recognized      **The Cambridge Companion to Rudyard Kipling** Howard J. Booth,2011-09 An overview of Kipling s work his career and postcolonial views on his often controversial position on imperialism      **Man and Mason-Rudyard Kipling** Richard Jaffa,2011-06-02 Rudyard Kipling remains one of the most intriguing and elusive personalities in English literature He was a Nobel laureate prolific writer political figure and one of the outstanding men of his era There are many dimensions to his work but no one has previously examined in depth his interest in Freemasonry and its impact on his literary output This book looks at the life of both the young Kipling and the old one and shows how at two major stages of his life he turned to Freemasonry not only for dramatic impact but also as a source of spiritual comfort after the horrors of the First World War      *Rudyard Kipling* Andrew Lycett,2015-11-12 Paragon of English virtues or racist imperialist Andrew Lycett acclaimed biographer of Ian Fleming has returned to primary sources to tell the intricate story of a misunderstood genius who became Britain s most famous and highest earning author Among the many new sources Lycett has discovered previously unpublished letters that illuminate Kipling s crucial years in India his first girlfriend the model for Mrs Hauksbee of Plain Tales from the Hills his parents decision to send him back to England to boarding school and in his adult life his use of opium his frustrating times in London and the brief peace he found in America before the devastating loss of both his young daughter and in the First World War his son Lycett also uncovers the extraordinary story of Kipling s great love for Flo Garrard daughter of the crown jeweller and unravels the complicated yet enthralling saga of the American family the Balestiers and of Carrie Balestier who became Kipling s wife This biography is full of new material on Kipling s financial dealings with Lord Beaverbrook his friendships with T E Lawrence the painter Edward Burne Jones and the Prime Minister Stanley Baldwin who was his cousin      *The Day's Work* John D. Coates,1997 Although Kipling has never lost his hold on a large and admiring public recent years have witnessed an increasing critical interest in his work This book approaches Kipling as a writer who from the outset of his career sensed a potential or actual

horror at the heart of things It examines Kipling s search for meaning a research pursued on the political moral and religious planes through original and highly sophisticated explorations of history and myth It presents Kipling as a person who knew and understood his own suffering and used it in his search for strategies to deal with the temptations of pessimism that he had known and also the prevailing temptations in a political and intellectual crisis he felt obliged to address Rudyard Kipling W. Dillingham,2016-01-01 VictorianStudies on theWebCritics Choice Rudyard Kipling Hell and Heroism is an exploration of two fundamental yet greatly neglected aspects of the author s life and writings his deep seated pessimism and his complex creed of heroism The method of the book is both biographical and critical Biographically it traces the roots of Kipling s dark worldview and his search for something to believe in a way of thinking and acting in defiance of life s hellishness There matters were more basic to him than any of his social or political opinions but this the first full length study devoted to them Critically the book takes a fresh and close look at some of Kipling s most important works The result challenges long established assumptions and amounts to a major reconsideration of novels like Kim and stories like Mary Postgate and The Gardener Central in these discussions of individual writings is Kipling s concern with the heroic life but of equal importance is the analysis and evaluation of them as works of art Avoiding the tangled and special language of some recent literary theory this will appeal to a wide audience of those interested in Kipling s mind and art Kim Rudyard Kipling,2005-06-02 Kim tells the story of Kimball O Hara an orphaned Irish boy growing up in late nineteenth century India and his quest for identity as he strives to reconcile his Western inheritance with the Indian life he has always known This edition sets the novel in the context of the historical period and addresses Kipling s ambivalent relationship with India the Empire s treatment of the other classes and races who worked to maintain the British presence in India and the place of Kim in Kipling s career as a writer Appendices include contemporary reviews of the novel and historical documents on Britain s and Russia s struggle for control of Asia Indian colonization and the writing of Kim *Brief Encounters* Susannah Fullerton,2009-06-01 Throughout the 19th and early 20th centuries countless distinguished writers made the long and arduous voyage across the seas to Australia They came to give lecture tours and make money to sort out difficult children sent here to be out of the way for health for science to escape demanding spouses back home or simply to satisfy a sense of adventure In 1890 for example Robert Louis Stevenson and his wife Fanny arrived at Circular Quay after a dramatic sea voyage only to be refused entry at the Victoria one of Sydney s most elegant hotels Stevenson threw a tantrum but was forced to go to a cheaper less fussy establishment Next day the Victoria s manager recognising the famous author from a picture in the paper rushed to find Stevenson and beg him to return He did not In *Brief Encounters* renowned author and speaker Susannah Fullerton examines a diverse array of writers including Charles Darwin Rudyard Kipling Stevenson Anthony Trollope Mark Twain Arthur Conan Doyle DH Lawrence Joseph Conrad HG Wells Agatha Christie and Jack London to discover what they did when they got here what their opinion was of Australia and Australians how the public and media

reacted to them and how their future works were shaped or influenced by this country

**Minor Mythologies as Popular Literature** Richard Pine, 2018-10-01 This is the first single author study of the genres and roots of popular literature in its relation to film and television exploring the effects of academic snobbery on the teaching of popular literature Designed for classroom use by students of literature and film and their teachers it offers case studies in quest literature detective fiction the status of the outlaw and outsider and the interdependence of self other and the uncanny It challenges perceived notions of and prejudices against popular literature and affirms its connection with the deepest human experiences

**The Founder** Robert I. Rotberg, 1990-10-25 The definitive biography of one of the most controversial figures of the 19th century captures a life that was complex and fascinating evil and good Illustrated

**Rudyard Kipling** Harold Bloom, 2009 Examination of Kipling's short stories include *Lispeth Mrs Bathurst* *The Church That Was at Antioch* and *Without Benefit of Clergy*

**Constructions of 'the Jew' in English Literature and Society** Bryan Cheyette, 1995-10-26 Combining cultural theory discourse analysis and new historicism with readings of the works of major contemporary authors this study concludes that the Jew is characterized unstereotypically as the embodiment of uncertainty within English literature and society

*Kipling's Children's Literature* Sue Walsh, 2016-04-22 Despite Kipling's popularity as an author and his standing as a politically controversial figure much of his work has remained relatively unexamined due to its characterization as children's literature Sue Walsh challenges the apparently clear division between children's and adult literature and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general For example why are some of Kipling's books viewed as children's literature and what critical assumptions does this label produce Why is it that *Kim* is viewed by critics as transcending attempts at categorization Using Kipling as a case study Walsh discusses texts such as *Kim* *The Jungle Books* the *Just So Stories* *Puck of Pook's Hill* and *Rewards and Fairies* re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works In the process she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings

**Just So Stories for Little Children** Rudyard Kipling, 2009-01-29 How did the camel get his hump Why won't cats do as they are told Who invented reading and writing How did an inquisitive little elephant change the lives of elephants everywhere Kipling's imagined answers to such questions draw on the beast fables he heard as a child in India as well as on folk traditions he later collected all over the world He plays games with language exploring the relationships between thought speech and written word He also celebrates his own joy in fatherhood The tales were told to his own and his friends children over many years before he wrote them down adding poems and his own illustrations They invite older and younger readers to share a magical experience each contributing to the other's pleasure but each can also enjoy them alone as more jokes subtexts and exotic references emerge with every reading This fully illustrated edition includes two extra stories and Kipling's own explanation of the title

ABOUT THE SERIES For over 100

years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

**Projecting Empire** James Chapman, Nicholas J. Cull, 2009-06-17 Popular cinema is saturated with images and narratives of empire. With *Projecting Empire*, Chapman and Cull have written the first major study of imperialism and cinema for over thirty years. This welcome text maps the history of empire cinema in both Hollywood and Britain through a series of case studies of popular films including biopics, adventures, literary adaptations, melodramas, comedies, and documentaries from the 1930s and *The Four Feathers* to the present with *Indiana Jones* and *Three Kings*. The authors consider industry-wide trends and place the films in their wider cultural and historical contexts. Using primary sources that include private papers, they look at the presence of particular auteurs in the cinema of Imperialism, including Korda, Lean, Huston, and Attenborough, as well as the actors who brought the stories to life, such as Elizabeth Taylor and George Clooney. At a time when imperialism has a new significance in the world, this book will fulfil the needs of students and interested filmgoers alike.

**Postcolonial Studies** Benita Parry, 2004-07-31 This powerful selection of essays proposes practices of reading and criticism to make the field of postcolonial studies more fully attentive to historical circumstances and socio-material conditions. Benita Parry points to directions and dead ends in the discipline she has helped to shape with a first series of essays vigorously challenging colonial discourse theory and postcolonialism as we have known them. She then turns to literature with a series of detailed readings that not only demonstrate her theoretical position at work but also give new dimensions to widely studied texts by Rudyard Kipling, Joseph Conrad, H. G. Wells, and E. M. Forster. Parry argues throughout that the material impulses of colonialism—its appropriation of physical resources, exploitation of human labour, and institutional repression—have too long been allowed to recede from view.

**Reading Fin de Siècle Fictions** Lyn Pykett, 2014-07-21 The fin de siècle, the period 1880–1914 long associated with decadence and with the literary movements of aestheticism and symbolism, has received renewed critical interest recently. The essays in this volume form a valuable introduction to fin de siècle cultural studies and provide a commentary on important aspects of current critical debate and the place of culture in society.

**Multicultural Writers from Antiquity to 1945** Alba Amoia, Bettina L. Knapp, 2001-10-30 The final decades of the 20th century have seen an explosion of interest in multiculturalism. But multiculturalism is more than an awareness of the different cultures comprising contemporary societies. For centuries, people from around the world have come in contact with cultures other than their own, and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization. The effects of multiculturalism are especially apparent in literature, since writers tend to be particularly aware of their environments and record their experiences. This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by

cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer s critical reception and primary and secondary bibliographies By illuminating the shaping influence of multiculturalism on these writers the volume points to the lasting value of multiculturalism in the contemporary world
